Area School Groups

(Continued from page 1)

really learned a good deal.

A question of incidents arising during recess or at non-hours was raised, and the Board suggested that the individual take the problem to the principal. If nothing is done, then take it to the board. The principals have been found most co-operative.

Area Benefits

One advantage that the formation of the School Area has produced has been money. Operation costs of anything less than three rooms becomes quite high compared to 4, 5, and 6 roomed schools. Langstaff and Richvale needed more accommodations. As the community grows and becomes larger, the Area Board can develop a much greater proficiency in the provision of facilities for the buildings. The Board is comprised of a member from each old school section and knowing each other's problems in those sections has helped in better planning for the different sections that form the Area.

Take the old Thornlea Section. Before the formation of the Area, it was not possible to build a new school, because of lack of funds. Now a new school can be built, and is being planned for, in a location which will suit the increased population which has come there. Thornlea is going to stand the bulk of the increase in the mill rate, but against that they are going to come up with a new school for the larger portion of the section. An application is now in for an interview with Markham Council to talk

about the road to the new school and the water supply.

When a child has a hobby there is not much delinquency. The education which the child is receiving today is aimed at making him a better citizen tomorrow. The great advantage of Home and School Associations lies in the fuller understanding of education in both the home and the school which is the direct result of these organizations. It was suggested that one or two members of Ratepayer's Associations be invited to the next meeting and be sure to have meetings thoroughly covered by The Liberal.

That there was room for more physical instruction was felt by some present for while baseball and hockey are fine there are many who do not get in the games. The Board promised to discuss the situation.

The Vice-President of the North Aea for York County Home and School Council, Mrs. H. LeMasurier, spoke and remarked that there were more and more men on the executive committees. There is a training school in the fall which has always been held in the daytime. If arrangements could be made for the use of one of the schools in our Area for one evening it would be much better. Permission was granted, and it is expected to be some time in October.

The different members of the Home and School Association were most appreciative of the opportunity of meeting with the Board and hoped that there would be other similar occasions.

Dedicate Rectory

(Continued from page 1)

a local parishioner.

The low cost of this fine modern Rectory has been made possible by the generosity of members and friends of the church who have given such materials as stone sills, kitchen cabinets, wash-room fixtures, bath-room tile, insurance, shrubs, legal and professional services and other gifts, and by the co-operation of the Contractor and Architect.

The church organizations have been solidly behind this first unit of local church extension, and the excellent spirit of unity and generosity on the part of members of the church and so many other friends have gladdened the hearts of those upon whom rested the responsibility of carrying through to a successful conclusion this important project. The new Rectory is a credit to the church, the Architect and the Contractor, and is a fine addition to our Village at the south entrance.

All who have in any way contributed to the success of this undertaking are asked to accept this invitation to be present on Sunday morning next for the official opening, or to call at any other hour of the day. The Rector and Mrs. Wrixon expect to move to their new home on May 29 and are looking forward to having their many members and other friends visit them there.

"Dear Mr. Editor"

The Editor
Richmond Hill Liberal.

Dear Sir:

I beg space in your valued paper in reply to certain suggestions re the location of the sewage disposal plant, which appeared in a recent issue.

We like the supreme gall of Mr. Sayers in insisting that the plant be located in Harding Park. Without benefit of any engineering information he is able to say exactly where it should be located. Also without even consulting the owner, he would put it on our private property, in an area where I have provided a park and where a number of valuable houses are being built.

We have no sewage problem in Harding Park, with our large lots and good drainage. If the Elmwood Ratepayers feel they require sewers we suggest that there are suitable spots for the plant in their own area where it would be more in keeping with the surroundings.

We note the proposed change in the name of the Elmwood Park Ratepayers Association to include Harding Park. Our subdivision is only in the formative stage at the present time, having only about twelve families. But with sixteen houses started in the last three weeks and at least twenty more to follow, we will have a larger population and they may feel they need an association, and will choose their own. Until such time, I deny the right of Elmwood to speak for us, and would advise them to leave the name as is. Since Markham township has not yet assumed responsibility for our roads or water system, we are still operating on our own.

In view of the above circumstances, we alone have the right to speak for this subdivision. Being free of debt for water or roads or other improvements, we are not delegating the authority to any association to demand works for others to pay for.

We have managed very well on our own so far and trust we will be able to continue to struggle through.

New Officers Elected By Thornlea Home & School

Officers elected for Thornlea Home and School for 1951 at the regular May meeting were:

President, Mrs. Geo. Jackson; vice-presidents, Mr. T. Covell, Mr. Cramer; recording secretary, Mrs. N. Gage; treasurer, Mr. N. Gage; corresponding secretary, Mrs. Kent; executive members, Mrs. Hutchinson, Mrs. Tanner, Mrs. Richan, Mr. Richan.

They were installed in office with Mrs. LeMasurier in charge of repeating the Home and School oath for service.

The meeting was one of the outstanding for the year. Parents and students of the graduating classes under Miss M. Marshall filled the school to capacity. Mr. T. Covell presided over the meeting and gave a hearty welcome to the visitors.

Annual reports were read by Mrs. Gage, Mr. Fraser, Mr. Ross, Mrs. Richan, Mrs. Taylor for Mrs. Curtis, Mrs. Fraser and Mrs. Gribble. All showed a good degree of a working unity for a steady advancement.

Guidance was the theme and Mr. Gage showed a film on "Parent, Teacher and Child Co-operation." Mr. Fraser introduced Mr. Eison, principal of Richmond Hill High School, whose talk on "Guidance" was inspiring.

Guidance is "fundamental in our way of living," he said, "it helps one find the best way to live in a social, industrial and religious community." Robert Caesar, a grade 8 pupil took over the next part of the meeting as Master of Ceremonies. Miss Marshall was presented with a lovely corsage by Mrs. Caesar on behalf of this year's graduating class.

George Bellamy introduced David Hogg of Richmond Hill who gave a vivid account of his trip to New York and the United Nations which was of interest to all.

Fred Higgs introduced an older graduate of a few years past, Miss Ada Mizen, soprano, who gave two very delightful solos "The Sweetest Story Ever Told" and "The Song of the Hour." She was accompanied on the piano by Mrs. Bell of Langstaff.

Myle Rogers introduced Marion Fraser, a graduate of four years ago, whose speech on "Mexico" was enhanced by the costume worn. Marion was one of Thornlea's orators having represented the school several times in county competitions.

George Morrison introduced Catherine Fraser, last year's graduate, who, dressed as a Scottish lassie, gave a wonderful performance of Sword Dancing, accompanied by Mrs. Fraser at the piano.

Larry Leuschner then introduced Harold Gribble, a graduate of four years ago who had brought honors to Thornlea school with his oratory at the C.N.E. Harold gave "Lochinvar" and a humorous selection "The Flu," which described all the ways of sneezing.

After the National Anthem and benediction by Rev. S. A. R. Wood a fellowship with a cup of tea was enjoyed by all thanks to Mrs. Curtis and helpers.

Way Back When

FIFTY YEARS AGO

October 17, 1901

Between 5 and 6 thousand people attended the funeral of the late Hon. N. C. Wallace, M. P. for West York, last week.

A charge was made by Wm. Jackson, Maple, at Vaughan Township council meeting against the township, stating that his property is being damaged by a flow of water coming off the public highway, and asked council to make an investigation.

Capt. Samuel Hill of Victoria Harbour, who visited his brothers here last week, had \$60. taken from his pockets while in Toronto last Thursday, when in a crowd congregated to see the Duke and Duchess.

Mr. T. H. Trench, District Chief Ranger, and five other members of Court Richmond A. O.F., drove to Kleinburg Saturday and assisted in forming a new court in that village.

The Princeville Telephone records the death of Mr. Graham Clinck, who was an uncle of Mrs. Jesse Grant and Mrs. Amos Wright of this village and who formerly lived in Richmond Hill. The funeral was conducted by Rev. Chas. Ayling, nephew of the deceased.

Jury Advises

(Continued from page 1)

Mr. Sider was the first to reach the car which was thrown 12 feet from the railway right-of-way and identified the body for Provincial Constable A. Houldsworth of Whitchurch township. Death was apparently instantaneous and main blood vessels to the heart were ruptured according to Dr. William Cowan of Richmond Hill who conducted an autopsy.

Thomas E. Ritchie, engineer of the train which was hauling 49 cars said he saw the car slowly approaching the crossing when he was about 50 feet away and he immediately applied his emergency brake but was unable to stop the heavy train in time to avoid the impact. The car was dragged 56 feet beyond the crossing and was completely wrecked. Other members of the crew in the cab were Donald Johnston, fireman and Jimmy Johnson, brakeman.

Crown Attorney Arlin Armstrong of Newmarket questioned the witnesses. Members of the jury were Ken Tomlin, foreman; James Grainger, Harold Mills, Fred Leitch, Lauder Glass.

EDNA JAUQUES IS SPEAKER

The Ladies Auxiliary for Scouts and Cubs ended a busy season with a well attended dinner at the Summit Drive-In. The well-known poetess, Miss Edna Jaques, was the guest speaker and enlivened the evening with her wit and dry humor.

Introduced by the President, Mrs. Gardiner, Miss Jaques held the interest of her audience with stories of her early life in the West, the highlight of her speaking tours and the many places she visits. Miss Jaques recited some of her poems and told stories of how she came to compose them. Anyone who has heard Miss Jaques would understand the laughter emanating from the banquet hall.

Mrs. Jack Rice thanked Miss Jaques for her delightful contribution to the evening's success, followed by Mrs. E. Butlin who presented Mrs. Gardiner with a cup and saucer from the auxiliary in appreciation of her work as president.

CONSERVATION MEETING

A. A. Outhman, chairman of the Don Valley Conservation Agency will tell how and why the group was formed at a meeting of the North York Central Community Council to be held in North York Memorial Hall, Stop 1, on Tuesday night next. Mr. Walter Creswick of Lansing will give an illustrated talk on the Don.
