Her mother and father, leaving an IRO camp with Dace for their new home, stand with her in front of the sign. **Fine Church Choir**

Mrs. Harry Edwards has been a member of All Saints Choir, King City, for 38 years. Mr. Edwards joined the choir almost 35 years ago. The Hatley family have been members for a long time. Mr. George Hatley first singing there 29 years ago, and Mrs. Hatley joining five years later. Their three children, George Jr., Joyce and Carol are in their places beside them nearly every Sunday.

Another family well represented in the choir are the children of Mr. and Mrs. D. Rawlings. Their son Donald is organist and his brothers and sister Ross, Roger and Shirley sing lustily at every morning service.

A month ago, Miss Sandra Harding of Snowball, was invited by Rev. D. C. H. Michell to train the choir, and she held the first practice a week ago. Miss Harding will conduct choir practice each Thursday evening from now on, and she wishes to get started on anthems soon. She says she has some very talented young people in the choir, and we know that there are not many young groups that can produce two organists like Miss Sandra Dent and Don Rawlings.

Miss Harding is an Englishwoman who has lived at Snowball for three years and teaches singing at Snowball, Kettleby and Kettleby 12 schools, as well as her pupils in violin, piano and vocal instruction.

**Keep Census Schedule**

In common with the rest of the 730,000 farmers of Canada, the farmers of this district during the last two or three weeks have received through the mails copies of the agricultural questionnaire that is being used in the 1951 Census of Canada. If there are any whom it has not reached, they may obtain a copy at their nearest post office.

The farm schedule was sent out by the Dominion Bureau of Statistics in advance in order to enable farmers to prepare their answers to the questions at their convenience and thus save time when the census enumerator calls some time in June.

The farm schedule was sent out by the Dominion Bureau of Statistics in advance in order to enable farmers to prepare their answers to the questions at their convenience and thus save time when the census enumerator calls some time in June.

An accompanying letter asked the farmers to complete the schedule so far as they could and have it on hand in readiness for the visit by the enumerator. They were particularly requested not to mail it to the Bureau of Statistics.

In spite of this request, several thousand farmers from all parts of Canada have completed their schedules and sent them to Ottawa. In consequence, the Bureau has sent out a special request to all the weekly newspapers of Canada asking them to remind their farm readers to keep the schedule until the census taker arrives to complete the details and to pick it up. Forms that are mailed to Ottawa will just be mailed back to the sender, since they require completion on the spot by the enumerator to ensure complete census coverage.
