BE FREE FROM HELP PROBLEMS Mechanize with Massey-Harris Machines

Manpower is not too plentiful—in fact good, experienced farm help is downright scarce even at the present high wage rates. Industry needs manpower for armament production and making of civilian goods and the armed forces are recruiting to bring their units up to strength in the new program. Yet food production must be maintained in these busy and critical times in spite of the shortage and high cost of farm help. Mechanization is helping more and more farmers to get work done when it should be done—farmers are proving easy-operating, fast-working machinery to be their most dependable help. From the complete line of Massey-Harris equipment you can select machines that will help you master the help problem.

Her nose-gay was dish cloths, dust cloths, with streamers of needles, thread and pins. The handsome groom was dressed in a red and black checked shirt, blue trousers, straw hat and carried a cane. After a few laughs the bride and groom presented Miss Audrey MacNaughton, a bride-to-be with a wedding cake filled with many useful and lovely gifts.

Grandma would have
blown a fuse!

if she could have shopped at a modern store

Nobody had much of an answer for the age-old question "What will we have for dinner?" in Granny's time. She was tied by seasonal products and to the basic ingredients with which she roasted, fried and baked.

Canadian manufacturers have done much towards relieving kitchen drudgery. Better cooking methods, better tools, canned and frozen goods, semi-prepared foods — all have helped to provide the demand of the harassed housewife — LEISURE TIME.

Advertising has made a vital contribution to making prices within reach of all, because advertising makes for mass production and this means lower cost to produce — to sell.

Advertising too, provides innumerable answers to "What will we have for dinner?" New recipes, new foods, new menus, new ways to save time and effort.

This newspaper would be quite a different thing without the new ideas, where to buy and for how much, provided by the advertising.
