Municipal Board Requests Public Meeting On Sewers

The village of Richmond Hill has one more river to cross — and it isn't the river of Jordan — before it can finally go ahead with the sewage system for the municipality.

Following a conference in the Toronto Parliament Buildings with the Ontario Municipal Board last Friday, it was decided that a public hearing on the project will be held in the Masonic Building in Richmond Hill on Friday afternoon, June 22, at 4 p.m.

Specific reason for the hearing is a bounce in the cost of the project from \$300,000 to a possible \$350,000. The latter amount is not an arbitrary figure but was suggested as a tentative one to meet all contingencies.

On December 4, 1950, ratepayers of the village voted by an overwhelming majority to install a sewage system at a cost of approximately \$300,000 and tentative approval was given the plan by the Municipal Board.

Contracts for construction of the system have been let to the Marino Construction Co. of Toronto and work will start just as soon as the Municipal Board gives its approval.

Members of the council went to Toronto on Friday for the hearing before the board. In the party were Reeve Neal, Clerk Russell Lynett and Councillors Ken Tomlin and Floyd Perkins.

It is not anticipated there will be any serious opposition to the project when the hearing is held next Friday. Higher cost can be ascribed to the general rise in production expense since the time the vote was taken.

Langstaff Seeking Lower Phone Tolls

Langstaff Ratepayers Association at their regular meeting on Monday night passed a resolution asking the Bell Telephone Co. to investigate the possibility of a cheaper service to Toronto or a step-up in the time for the minimum toll charge from three to five minutes. It was pointed out that free toll service to Toronto would be preferable to the present free service to Richmond Hill and Maple inasmuch as so many former Toronto residents have moved to the village.

Mr. Haines and Mr. Vernon of the phone company were present at the meeting to explain the changeover to dial service that is planned for the Thornhill exchange. Jackson Taylor was present on behalf of the board of School Area No. 1 of Vaughan and Markham Townships and announced that bus service will again be available this year to the youngsters to Thornhill swimming pool. Last year this service plus free swimming lessons proved invaluable to the smaller fry.

Mel Roy presided at the meeting.

Richmond Hill And Thornhill Big Women's Institute Branches To Function In School Area 1

"Achievement" seems the word best descriptive of the past year's work as revealed by the District Conveners in their summary of the reports submitted to them by the Branch Conveners at the Annual Meeting of York East District Women's Institute held in Washington Church, at Scarborough on June 6, 1951. The meeting was conducted by the retiring District President, Mrs. C. Hicks, of Bethesda, who was concluding three fruitful years in that office. Mrs. F. Taylor, president of Scarborough Junction Branch extended a warm welcome from her own and Lakeview branch who were joint hostesses to the other groups in the district.

Miss Helen Atkinson, District Secretary-Treasurer, read the minutes of the previous annual meeting at which the 50th Anniversary had been celebrated, and summarized the three district meetings held during the year. She reported that there were now 17 branches, one Junior W.I. at Langstaff, 596 members and 79 Life Members. She welcomed the newest branch, Markham which was organized as an Institute at Langstaff in April of this year. Other interesting statistics she gave were that Richmond Hill and Thornhill were the two largest branches, each with a membership of 62; that Buttonville, Stouffville, Richmond Hill and Thornhill were the millionaire branches with over \$1,000.00 in the funds and that Langstaff Juniors had four members married during the past year.

Thanks Members

JUNE GRADUATE: An attractive graduate of the University of Toronto last Friday was Barbara Jane Scott of King who successfully concluded her courses in Philosophy and English. Miss Scott is engaged to Leslie Graham of Peterborough who graduated as a mining engineer last week.

A new club has been formed in Thornhill called the Thornhill Athletic Association, the aim being to sponsor organized sports in the village. Officers of the club are: President Bernard Hirst, Vice-President Bud Leahy; Secretary Jas. Spring; Treasurer Harry Redman. Membership is open to all interested parents at a fee of \$2 per year.

Anyone wishing to join may do so by contacting any of the above officers. The association is now sponsoring an intermediate C softball team entered in the Markham Township Softball League. Teams in the league are Buttonville, Clarendon, Markham, Peaches, Unionville, Thornhill.

PLAN GARDEN PARTY

The second annual North York Garden Party is scheduled to be held at the Sharon Temple Grounds on Saturday, June 23. This year's proceeds will be donated to the York County Women's Aid to be used for the purchase of some specific and much-needed equipment for the York County Hospital in Newmarket. The Garden Party which features supper at 5 o'clock and a dance at 9 o'clock will also have a varied entertainment program and the officers are extending an invitation to anyone wishing to appear in the program to apply to Dorothy Bowman, entertainment convener, 66 Main St., Newmarket.

Art Teacher Is To Function In School Area 1

The School Area Board No. 1 of Markham and Vaughan have passed a resolution to the effect that the School Area will have an Art Supervisor for the teaching of Art Appreciation.

The subject of Art Appreciation and all that it entails has been under discussion for many months by the Board. The Board requested the School Inspector, Mr. Charles Howitt, to invite Mr. Gaitskiu of the Department of Education, and the Board invited the school principals, Messrs. Dunning, Learn, Martindale and D. Smith, to attend the regular Board meeting so that the Board could come to a decision. Mr. Gaitskiu is recognized as one of the foremost men on Art Appreciation on the continent and he very ably presented his subject.

The purpose of Art Appreciation is to allow the children to express their feelings on the various subjects taught in the schools and their experience in their play, and to allow them to demonstrate their knowledge. As the child usually lacks the words to express himself fully Art Appreciation will be a practical way of broadening his or her views on many subjects.

For Grades 1, 2, and 3, this new course will be a great help, as art influences their studies considerably. In Grades 6, 7, and 8, new techniques and methods will prove very interesting to the pupils.

Art Appreciation is not new. In Britain it has been in use about 15 years, in the United States about 10 years and in Ontario about six years. The Department of Education (Continued on page 3)

Blame School Delay On Arbitration Board

At a meeting of the board of S. S. No. 13 Whitechurch, Monday night at the home of the chairman A. E. Patchell, Wilcox Lake, the following resolution was passed unanimously:

This school board refuses to take any responsibility for the delay in building a school in this section, placing the blame entirely on the shoulders of the arbitration board. All papers for the expropriation of the Green property were signed three months ago and as yet no results obtained. Therefore, as this board has only three months to get a school ready by September 1st, we request that another site be obtained immediately, in order that the board can proceed with their plans and have a school ready by September 1.

Signed by the secretary, S. S. No. 13,
Mrs. C. L. Stephenson

Man & Woman Killed Trying To Cross Yonge St.

A retired TTC yardman and a woman he was escorting across Yonge Street, through heavy traffic Sunday night, were killed instantly when struck by a southbound car near Stop 24B, a half-mile south of Richmond Hill.

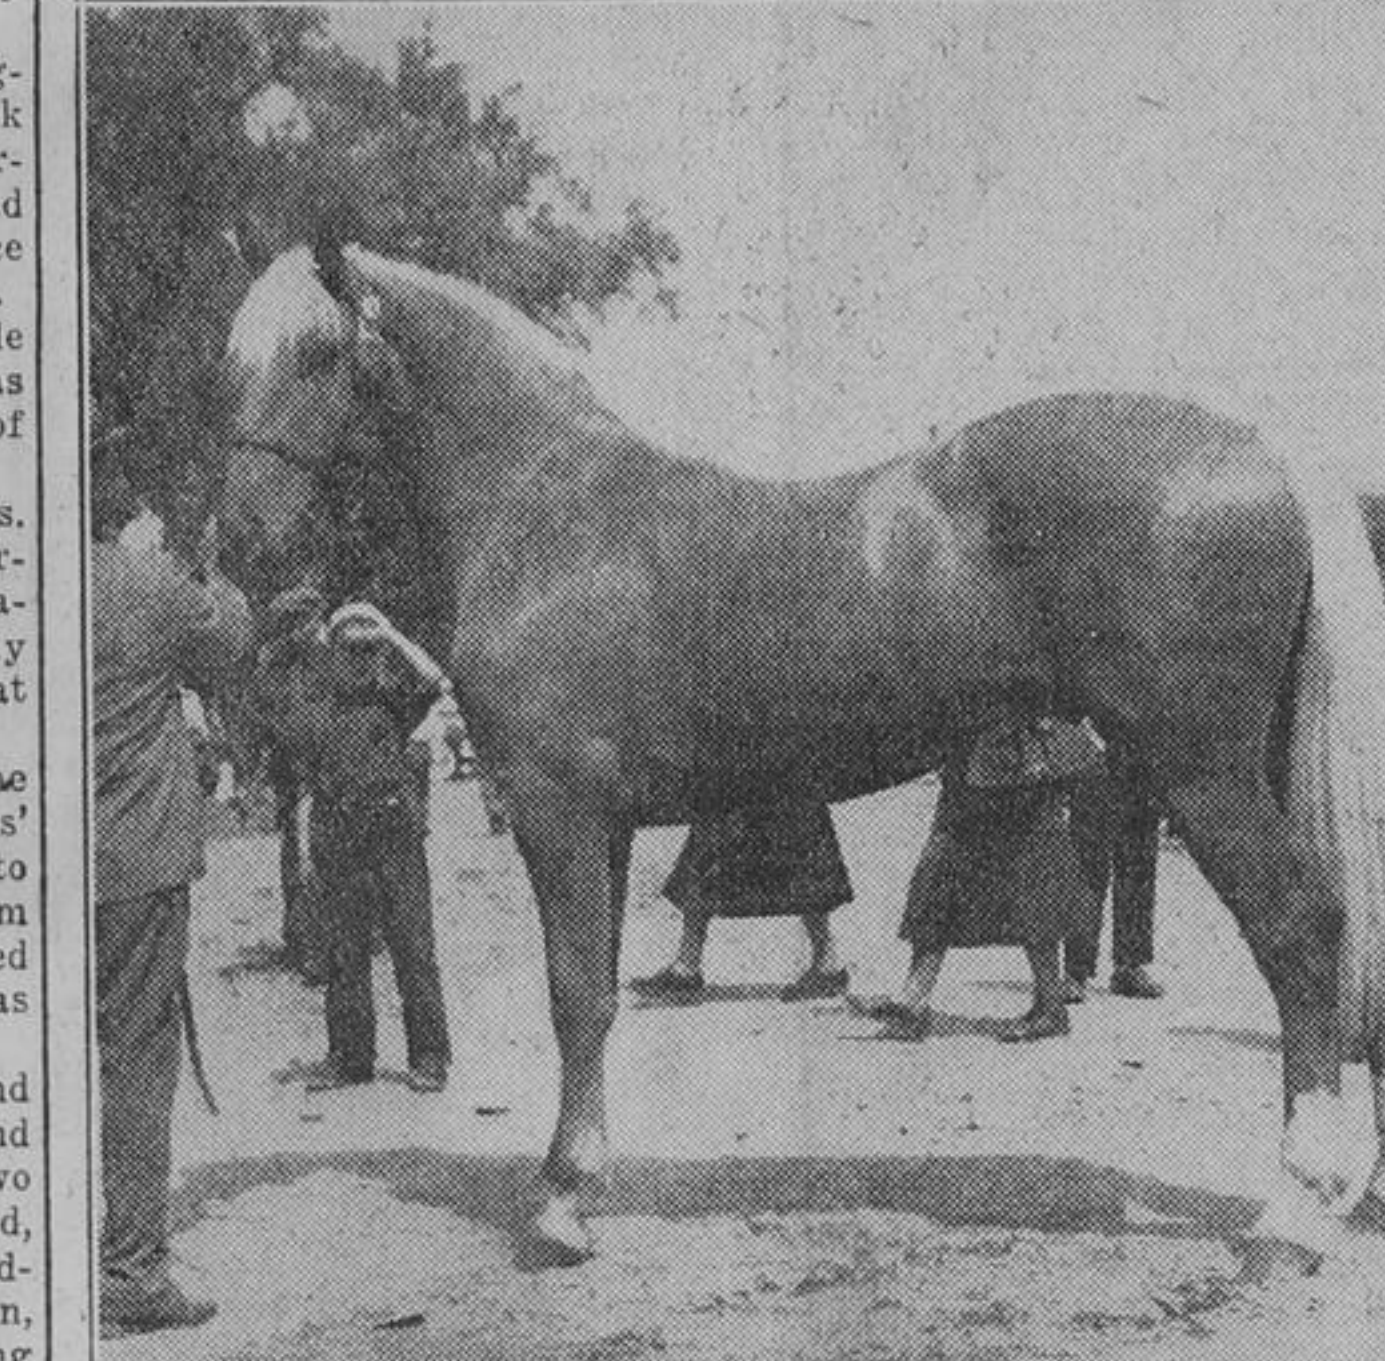

It was not until 10 hours later that Provincial Police were able to identify the victims as Fred A. Stapley, 76, of Ruggles Ave., Richmond Hill, and Miss Marjorie Sandiland of 28 Vesta Drive, Forest Hill.

Shortly before 8 a.m. Mrs. Stapley called relatives and told them her husband had not come home. They relayed the message to Provincial Police that he had left to escort Miss Sandiland to the bus stop at 10 a.m.

A family friend for 20 years, Miss Sandiland had spent a farewell visit at the Stapley home before leaving for a Murray Bay summer home.

Provincial Constable Lou Swinghammer said the two were struck by a southbound car driven by Arthur McDonald, 33, of PARRY Sound manager of a Hamilton furnace company. No charges were laid. Stapley was tossed to one side but Miss Sandiland's body was carried 90 feet on the bumper of the car.

Housekeeper at the home of Mrs. Archie Campbell, Vesta Drive, Forest Hill, Miss Sandilands, is a native of Dundee, Scotland. Her only relative in Canada is a brother at Hamilton.

Variety Of Programme Offered In Trade Fair Starting Tomorrow For A Two Day Stand

To clear up any confusion that may exist over hours for the Trade Fair, E. V. Croth, director, points out that the show will be open to the public at 6 p.m. on Friday and 1 p.m. on Saturday.

Well-turned feminine models, dogs whose ancestry is a little bit vague and a great display of what they have to offer in the way of merchandise is the menu on the program of the second annual Trade Fair sponsored by the Richmond Hill Business Men's Association to be held in the arena this Friday and Saturday.

Something in the way of interest from the time the affair starts on Friday evening until they pull down the ramparts of the last stand on Saturday night is scheduled. Ceremonies will be held on Friday evening when the councils of Richmond Hill, the Reeves of Vaughan and Markham townships and Mayor Bell of Aurora take part in official dedication ceremonies.

The Mutt Show at the carnival on Saturday will be the famous caravan of the Dr. Ballard Mutt Show, held throughout Ontario all summer.

Much has been written about Mutt Shows, but the underlying theme is educating the child to train his pet properly. That is why two of the main classes are the Best Dressed Dog and the Dog who does the best tricks.

Dr. Ballard's offer cash prizes for winners of all classes, and they promise an afternoon of real fun for the kiddies.

Children are expected to try their best to dress their dog in novel and interesting fashion for this class always is one of the most competitive and originality will count in the final test.

It is interesting to note that Dr. Ballard's Mutt Show this year at the Canadian National Exhibition will have \$500.00 in prize money, and last year the grand prize of the show was won by a 16 year old school girl from a village north of Toronto.

Contestants in the forthcoming show are advised to make sure their pets are on leashes.

Give Away Thoroughbred
A dog that is definitely not a mutt, a thoroughbred cocker spaniel donated by Swanholme Kennels will be given away as a climax to the Mutt Show on Saturday afternoon. Any youngster under 16 years of age is eligible to try for this dog by filling out the coupon which appears on the front page of this newspaper. It is emphasized however, that coupons must be received by noon of Friday, June 15, in order to be considered. If it is not possible to get them through the post office by that time, they will be accepted at The Liberal office.

The final set-up is this. Judges will select twelve names from a hat which they consider the best possible nomenclature for the pup. Then a drawing will be made at the Fair to select the winner. Saturday night the fashion show will come along to the accompan-
