He's a going concern!

BILL IS ANOTHER enterprising boy who is learning to appreciate the value of saving for what he wants. Each week, he puts a part of his spare time earnings in the bank. And is he proud of his bank book!

Many a businessman credits his success to the habit of thrift learned early in life. Planned saving has helped millions of Canadians to make the most of their own enterprise and industry.

Experience has shown that the difference between "getting along" and "getting ahead" often starts with a bank account. Use the chartered bank in your neighborhood as a safe and handy place to make your savings grow.

Cattle Owners Hear Facts On Insemination

A very successful twilight meeting was held on May 31, at the Head Office at Maple, of the Toronto District Holstein Breeders Club, marking the second anniversary of this new, rapidly expanding artificial insemination unit.

The meeting was opened at 8 p.m. by president, Archie Cameron, of Woodbridge, who acted as chairman of the evening.

The new sires in the Club were then paraded with highlights of the pedigrees explained by Roy Ormiston, Holstein field man.

Dr. C. R. Reeds, secretary-manager of the Club, gave a report on the growth and expansion since its inauguration June 1, 1949. At the present time 13 technicians are giving service in Ontario, Simcoe, York, Peel and Halton counties. In 1950 over 10,000 cows were inseminated. It is estimated that over 15,000 cows will be done in 1951, in which the Holstein, Jersey, Guernsey, Shorthorn and Hereford breeds will be represented. A new addition, which will add 8 more box stalls, is being started in June, to make room for further expansion and additional sires.

The speaker of the evening, C. D. Graham, deputy minister of Agriculture, gave a very inspiring address, stressing Ontario must look to the quality of her livestock products, both for export and for home consumption and strive to make them ever better.

Mr. Graham congratulated the parents on their interest in the younger potential farmers and farmettes of the future, and encouraged them to continue to do so, so that agriculture in this great province would continue to flourish.

Al Harvey, ever popular with his songs and jokes, provided sparkling entertainment throughout.

Keep Cool At The Richmond

The summer heat waves will have no terrors of discomfort for movie patrons of the Richmond Theatre, Richmond Hill. Installation of modern air-cooling equipment will be completed this week which will assure a constant supply of fresh air, cooled to the desired temperature and with regulated humidity.

The Richmond which already boasts the very finest in sound and projection equipment will with this new addition be one of the most modernly constructed and best equipped town theatres in Canada. The new equipment installed at a cost of more than \$12,000 is the most modern and efficient procurable and Manager Ned Hill said the improvement is in line with the Richmond's well-known policy of giving movie patrons of the district not only the best in movie programs but as well the best in comfort.

King Dairymen Add Two Cows To Prize Herd

Roman Bros., King, Ont. have recently made several interesting additions to their herd of high class Holsteins. These include a mother and daughter, both World Champions, the dam from J. E. Houck, Brampton, Ont., and the daughter from N. W. McConkey, Peterboro, Ont.

The Houck cow is Re-Echo May Burke who is the World Champion for yearly production of milk for ten years old on three times-a-day milking, the North American Champion over all ages on three times-a-day milking and the Canadian Champion regardless of times milked daily. Her production is 35,314 lbs. milk containing 1261 lbs. fat average test 3.57 percent butterfat in 365 days. She paid a dividend the first day she was in the Roman Bros. herd by dropping a bull calf from the twice All-Canadian Spring Farm Hope.

The daughter of Re-Echo May Canadian Spring Farm Hope, Burke purchased from Norma, W. McConkey is Lifloc Macaber Re-Echo who has just been reported with a senior four-year-old 300 day record on three times-a-day milking of 27,978 lbs. milk containing 995 lbs. of fat which is a World Record for milk in its class. Continued on test for 365 days she produced 31,058 lbs. milk containing 1132 lbs. fat which ranks second in Canada for both milk and fat in that class. Lifloc Macaber Re-Echo is milking exceptionally well in her present lactation and has produced up to 108 lbs. in the Roman Herd.

Roman Bros. already own another daughter of Re-Echo May Burke which they had purchased earlier from Mr. Houck. She is on test at present and is expected to make well over 19,000 lbs. of milk as a two-year-old on 3x.

Makes Best Loaf

Mrs. George Hately has achieved her heart's desire, which was to bake the best loaf of bread in the Aurora Fair last week. Mrs. Hately made 32 home cooked entrants, and was the winner of 11 first prizes were the Magic Baking won the Aurora Milling Co. Absopure special prize for the best loaf of bread in the show, and her heart-shaped anniversary cake won the Aurora Belle special prize of the Aurora Milling Co. Other prizes were the Magic Baking Powder Special, and the Robert Simpson Co. special for the most points won in the food department, a silver-plated relish dish, valued at \$11.00.

Mrs. N. Thompson of Temperanceville and Mrs. Hately tied for the St. Lawrence Starch Co. Special, and Mrs. Thompson won the draw.

Mrs. Hately has been married for 23 years, and she has always used wood stove for her baking. She has always used Aurora Belle flour since coming to King Township as a bride, and for economy she purchases the flour in 100 lb. bags. To prepare for the show she spent only two days baking.

Mrs. Hately is a resident of King Township.

Mrs. Purvis Speaker At W.M.S. June Meet

The Women's Missionary Society of the Presbyterian Church, Richmond Hill, met at the home of Mrs. R. Boyington, Buttonville, on Thursday, June 7. Guests were also present from Agincourt and Unionville.

Mrs. Gordon Purvis was guest speaker and took for her topic "An Afternoon of Hymns." She said a hymn was a poem or song composed in honour of God, a song of praise as sung at a religious service. The patron saint of music was Saint Cecilia, a martyr, who is supposed to have invented the organ. She told the stories of many of the favorite hymns, then either sang them or read them with great feeling. Miss Mina Somerville of Unionville, told the story of an American soldier, captured by the Japanese and how music helped him. As he was being marched away a captive he started to sing a favorite hymn. To his surprise, his captor began to sing Japanese words to the same tune. His captor had been educated in an American mission school. The result was the Japanese soldiers surrendered to the American who led them back to the American lines.

CANADIAN CHEMIST TOURING BRITAIN

Dr. R. Brails, head of the Department of Chemical Engineering at the Ecole Polytechnique, Montreal, sailed for Britain recently to visit University chemical engineering facilities and chemical plants in Britain. He went at the invitation of the British Council.

See Highland Games

Lt. Col. B. A. Upjohn, who was commanding officer of the Toronto Scottish regiment, until his resignation last April, is very interested in the Toronto Highland Games that are taking place in the Exhibition Grounds, Toronto, on June 15 and 16. Lt. Col. Upjohn is vice-chairman of the games, and is arranging the program of combined Scottish pipe bands, competitions, athletic events, dancing teams.

This is the second year that all Scottish Societies in Ontario will unite in one grand Highland Games. The opening ceremony on Friday night, will include a Tattoo when 400 pipers and drummers will take part. Maj. Gen. Howard Graham, C.B.E., D.S.O., E.D., is the distinguished patron.

Work Progressing On King School Addition

The King School has changed its appearance already after only a few days' work on the remodeling and addition of a new room. The front porch has been taken down, but the plaque that used to be over the front door with the date of the opening of the school in 1873, has been carefully put aside as it will be set in the wall of the new part. Digging has been started for the basement.

Hardware Store Will Mark 60th Birthday

The Brathwaite Hardware store this week is celebrating its 60th year in business and the management is receiving congratulations from all sections of the community in achieving this milestone.

The late Mr. F. W. Y. Brathwaite opened his first store in Oshawa in 1891. This was followed by stores in Blind River, Richmond Hill, Paris and Meaford with another being opened on Coxwell Avenue in Toronto this year.

Harry Reid, manager of the local Brathwaite's came here from Sarnia two years ago. He had formerly been associated with the firm in their branch at Blind River.

Art Teacher

(Continued from page 1)

tion is spending larger amounts each year as they realize from the outstanding results that this part of the curriculum requires more scope for development. The Art Supervisor will help the Teacher to put over the Art programme to the children and demonstrate the methods which will bring about desired results. It is the opinion of the Trustees that the appointment of an Art Supervisor is a progressive step in developing higher standards of education in the Area, and that it will open new fields for the imagination of the children. It will be a definite help for non-academic children.

The cost will be a dollar a year per child for materials, plus the salary of the Art Supervisor.

The Board is pleased to announce that Mrs. V. Riches has received the appointment of Art Supervisor for School Area No. 1 at Markham and Vaughan, her duties to commence in September.
