**KING CITY NEWS**

CORRESPONDENT: MRS. M. JOHNSTON, KING, ONT.

Phone King 55R14

Mr. and Mrs. Leslie Glass of Laskay picked enough strawberries from their garden to make their first strawberry shortcake of the season.

For the summer months the United Church at King City will hold its morning service at 10 o'clock and Sunday School at 11 o'clock. There will be no evening service.

Last Sunday Rev. J. P. McLeod visited his daughter Mabel, in King City on a stopover on his way to spend the summer at Thornbury, Georgian Bay, where his son Malcolm has an orchard. Next day he motored with Mr. and Mrs. Bob McLeod to his destination. Mabel and Bob stayed at Thornbury for a couple of days, returning over the Blue Mountains. Bob is a former Great Lakes sailing yacht skipper, and he enjoyed seeing the beautiful Georgian Bay.

At the Laskay Women's Institute meeting plans were made for a strawberry festival to be held on the lawn of the Institute Hall on June 22. Committees were formed to arrange the supper and the variety program that will follow the supper. Mrs. Norman Egan is in charge of arrangements.

Eversley Auxiliary members were guests of Woodbridge W.M.S. as well as other auxiliaries of the neighborhood on June 1. An address was given by Mrs. Chapman who had been a missionary to the Indians in the west for many years. A social half hour was held in the large Sunday School room, and a delicious tea was served. Mrs. T. L. Williams presiding at the tea table.

Last Sunday afternoon Mr. and Mrs. Allan Gellately and family and Miss Jessie Gellately, motored to Bellefontaine for a picnic, to see the Caledon Hills in the spring.

Mr. and Mrs. W. Ball and their two sons, Donald and Gordon of Toronto, have been new neighbors since April 21. They are making their home on the farm on the King side road, formerly owned by Mr. and Mrs. Roy Bowen, and they have adopted Roy's beautiful collie who refused to leave the farm. Last Sunday Mr. and Mrs. Ball entertained at a musical evening in honor of the 27th birthday of their elder son, Donald who entertained the guests with vocal solos, assisted by his accompanist, Mr. Earl Simard. Donald Ball is a professional singer, and is fulfilling an engagement at Club Sapphire in Toronto at present. Mr. Gordon Ball, the younger son, is employed at Sisman's in Aurora.

We extend a welcome to King City to our new neighbors, Mr. and Mrs. N. J. Coe and family of Toronto, who moved to their new home here last week. The new house is on the 4th concession, just opposite the school. There are two children. A 14-year-old daughter, Noel, will be ready for Aurora High School in the autumn and there is 7-year-old Tommy who started to our local school. Mr. and Mrs. Coe are friends of Mr. and Mrs. G. E. Scott, who moved to King from Toronto, last fall, and who live next door, north of the Coes. There are two daughters in the Scott family, Nora, who attends Aurora High, and June, who will be going there next term.

Miss Doris Helen Dixon is preparing to take part in a recital to be given this week in St. James' Hall, Toronto, by the pupils of Madame Hicks-Lyne. Miss Dixon has been studying singing with Madame Hicks-Lyne for the past three years.

Dr. and Mrs. David Lewis of Toronto, moved to King last week to live in Mr. Monkman's house. However they will not settle in King until August, as Mrs. Lewis left almost immediately for a long visit with her mother in Annapolis, N.S. Mrs. Lewis has been one of the nurses of the Royal Victoria Order in Toronto until this spring. Dr. Lewis is an intern at Sunnybrook Hospital and is a graduate of McGill University, Montreal. The young couple have spent many week ends in King with their friends, Mr. and Mrs. J. L. Grew, and we are happy to welcome them to this community.

Mr. and Mrs. Scott Smeltzer and

HEAD OFFICE: 366 BAY ST.

Lancaster, California. Following the ceremony a reception was held at Prince Arthur House, Toronto, and the young couple left by motor on a three weeks' holiday to Carolina.

The groom is a student at MacDonald College, Montreal, and will graduate from there next Spring. He works the farm at King during the summer. He is a popular member of the King City baseball team and is also a rugby player.

Raymond Burt has developed a special technique in dealing with the ladies while taking the census in King City and district. He takes his time while asking the first two questions in the routine, which are, name? and address? Then comes "age last birthday," and before the lady has time to add or subtract he says very quickly "married or single." Mr. Burt has canvassed in the village all week, averaging 40 calls per day. His boundaries are from the 2nd concession on the east to the 5th concession. Then from the townline north to lot 15.

**Wheel Drops Off**  
Mrs. T. L. Williams narrowly escaped a serious accident last week while driving to Bolton to attend a Presbyterian meeting, at which she was to be chairman for the day. She noticed something unusual, so slowly stopped the car, just as a wheel fell off. Two men passing came to her assistance, and she arrived at Bolton only a little tardy for her meeting.

**Large Shower**  
There was a large shower of miscellaneous gifts for Miss Leona Smith of Woodbridge on Tuesday night, when 80 guests attended a party in her honor. Miss Smith was chief operator at the telephone exchange, Woodbridge, and has left that office because of her approaching marriage. The girls from the King office were invited, but Mrs. Bruce Hall was the only one who could attend. The party was held at the home of Mrs. James Espey, and Mrs. Lorna Begg was the other hostess.

**Praises Operator**  
Miss Lela Totton of Toronto who is Directory Advertising representative of the Bell Telephone Co., has been in the local telephone office all this past week on business. Miss Totton has travelled to most of the offices in Ontario on business and she has remarked several times this week on the fine staff we have in King. She says that she has never met such a congenial and courteous group of girls, and we should be very proud of our operators.

Gordon Tetley preached his first sermon in King at All Saints Church on Sunday morning. Mr. Tetley is a lay reader and has been superintendent of the Sunday School ever since coming to King a year ago. The text of his sermon was "He calleth his own sheep by name," and Mr. Tetley showed clearly how Mary Magdalene, the taxgatherer Zaccheus, and

the Pharisee Saul, answered the Good Shepherd when He called them by name. Mr. Tetley is a member of the Bank of Commerce staff in Toronto, and this week was transferred from the Spadina and College branch, to the busy City Hall branch of the bank.

Rev. M. R. Jenkinson was a member of the graduating class of Emmanuel College, Toronto in 1931. On Thursday the class held a re-union after 20 years in the ministry, and Mr. Jenkinson attended the luncheon which was held in Woodgreen Community Centre, upon the invitation of Rev. Ray McCleary. The guests of honor were Rev. McTaggart who was president of the Toronto Conference in 1931 when the class graduated, and Rev. R. Langford, a retired professor, who was on the teaching staff at that time. The original class numbered 38 young men, but as several are now in the mission fields of the Orient and far-away posts in Canada, only 12 members of the class were able to be present.

**Notice to Creditors**  
AND OTHERS  
In the Estate of Albert Leonard Line, deceased.  
All persons having claims against the Estate of Albert Leonard Line, late of the Township of Vaughan in County of York, who died on or about the 31st day of March, 1951, are hereby notified to send particulars of same to the undersigned on or before the 13th day of July, 1951, after which date the Estate will be distributed, with regard only to the claims of which the undersigned shall then have notice, and the undersigned will not be liable to any person of whose claim they shall not then have notice.  
Dated at Toronto this 12th day of June, 1951.

**CHEMISTRY** starts serving Canadians early. Here's a modern pram covered with smart, durable "Fibrilite". Long lasting and beautiful in purses, luggage, belts and upholstery too.

**COLOURED SPONGES!** C-I-L is now making those wonderful cellulose sponges in four pastel shades to harmonize with bathroom or kitchen colour schemes.

**THE HELPING HAND OF CHEMISTRY**

In town and country, in the home, in industry or on the farm, life is daily made better for Canadians through the ever growing aid of chemical research. In health, comfort and economy Chemistry, as applied at C-I-L, is ever reaching out to solve new problems, ease old burdens, through the development of products like those pictured here. Such progress is symbolized by the C-I-L Oval, the trademark of Canadian Industries Limited, the Company "Serving Canadians Through Chemistry".

**BETTER GASOLINE** results from such chemical additives as tetraethyl lead and other petroleum compounds supplied to Canada's expanding oil industry by C-I-L.

**THE FARMER** and the family table, both benefit from greater crops and better quality, through C-I-L's development of modern pest control products and methods.

**"Tom, we've got our telephone!"**

"I just had to call you and tell you the good news."

It's a big event for us too—and it is taking place in homes and offices, in cities and villages every day—bringing more and better telephone service to more and more people.

In the past five years we've connected over one and a half million telephones to meet new requests for service. We've added well over two million miles of wire to carry the ever growing volume of local and Long Distance calls.

In fact we've packed as much growth into the past five years as we did in the first fifty years of our history.

We're going right on with the job. If you haven't service, we want you to know we're working at it. Your place on the list is being protected and your telephone will be installed just as soon as possible.
