

From a post-card to a poster — whatever your needs may be in printing — The Liberal's job printing department can take care of them.

MARKHAM: Lions Club here is planning to build a swimming pool as soon as the land for this purpose can be purchased.

PETERBORO: A number of west end citizens complained today that the census in a part of that district is being taken by a neighbour.

COBourg: The district severed a link with the past nearly a half century old last week when the "Cannon ball" made its last trip from Port Hope to Peterborough.

STOUFFVILLE: Mr. Garfield Brown of Lemonville has been engaged by the municipal council to handle the work of clerk and treasurer at a salary of \$1,800 a year.

OSHAWA: Oshawa's city council low-rental housing committee has been asked to supply the Ontario Department of Planning and Development with full information relative to the availability of land in the city for a 100-home project and the accessibility of service for this land.

ORILLIA: A 9-year-old girl who had devised an almost fool-proof method of removing money from a store cash register was captured recently by the use of a home-made burglar alarm after police and the store's proprietor had failed to solve the series of break-ins by any other means.

AURORA: It was decided by the Recreation Commission to curtail the swimming classes if funds were insufficient to provide guards, instructors and transportation for the children to Lake Wilcox.

ORILLIA: Orillia Township council at the June meeting voted \$200 for weed and brush spray. Council asked farmers for co-operation in killing caterpillar nests.

BARRIE: The request of the Simcoe County library board for an additional grant of \$500, from Simcoe County council was refused.

WOODBIDGE: Property owners here are being asked to vote again on June 28 on a proposed sewage disposal system, to care for a population of approximately 4,000 which will include industrial waste.

STOUFFVILLE: At a meeting of town council it was learned that the Department of Highways had thrown the authorization of street dances on the highways into the hands of the local council.

WHITCHURCH TWP.: Relief accounts for the month of May amounted to \$352.72 with general accounts amounting to \$1,220.13.

SECOND DENTIST LOCATED YONGE ST., RICHMOND HILL Richmond Hill has a new dentist, in fact it's had one for the last two weeks. He is Dr. J. M. Dryer, a graduate of the Faculty of Dentistry University of Toronto, and also a former resident of that city.

Court Room Is Bed Of Roses For One Day

Reeve William Neal never misses an opportunity to put in a plug for Richmond Hill. At the Tuesday ceremonies marking the official opening of the new York County Court Rooms Reeve Neal drew attention to the fact that the roses which adorned the bench were grown in Richmond Hill where the finest blooms in Canada are produced.

Lions Sponsor X-Ray Campaign

Within the next two weeks every citizen of Richmond Hill and district will be offered a free health service. The Richmond Hill Lions Club has made arrangements with the National Sanitarium Association to provide all persons twelve years of age and over in this area with a free chest examination without cost of obligation whatsoever.

The campaign is part of the National Sanitarium Association's plan to find unsuspected tuberculosis and so reduce the incidence of this disease. Local officials planning the survey estimate that 2,000 persons will receive a free chest x-ray.

Delegation To Visit Ottawa

Vaughan Township Council at a meeting Tuesday evening arranged for the sending of a delegation to Ottawa next week to look into the expropriation of land in the township by the government for the use of a rifle range.

It was suggested that Reeve J. Hostawser, Deputy Reeve; Marshall McMurchy, and Clerk Jas. McDonald be part of the delegation. Representatives from each part of the district are to be included with Archie Cameron, Jack McNeil and A. Rutherford appointed so far. A representative from Woodbridge and Maple are yet to be decided upon.

\$553.51 FOR C.N.I.B. Acknowledgement of total receipts amounting to \$553.51 for the recent campaign for the Canadian National Institute of the Blind has been received from Mr. E. G. Brown, district supervisor. This is a most creditable showing for Richmond Hill and district, exceeding previous years considerably.

LANGSTAFF SCHOOL ROBBED Thieves gained entrance to the Langstaff Public School sometime Monday night, and made away with an electric tea kettle, a clock and a cash box containing some change. Vaughan Township police investigated.

Attractive Exhibits & Record Attendance Feature The Second Annual Trade Fair

Cliff Lumsden C.N.E. Swimmer Danforth Radio Folks At The 1951 Thornhill District Carnival

Everybody enjoys a good carnival and the Thornhill District Lions Club Carnival this year promises to be something out of the ordinary. From a one evening affair it has grown to the point where it will run for two nights, and will be held on Friday and Saturday, June 29 and 30.

Everything changes in time, and perhaps the greatest change in the 1951 show is its removal from the Highway to the more pleasant surroundings of the Thornhill Park, where there will be more room, and where the noise and confusion of traffic will be happily missing.

This change of site opens up the possibility of a radical change of programme and the addition of many feature attractions.

Each night will have its own special attraction with top billing on the Friday evening going to the stage presentation of Danforth Radio Folks, who will appear in person, and who will broadcast their regular CFRB programme from a stage at the carnival. Those who know this very popular group of radio artists will have a chance to see them perform and every one will want to be present.

Ratepayers Associations Ask Council Erect Speed Signs

A joint delegation from the four Ratepayers Associations representing the Highland Park-Dunconner districts met the Markham Township Council at its meeting held at Unionville on Monday, June 18, under the chairmanship of Reeve W. Timbers.

The delegation presented a 4-point brief requesting that council erect 30 m.p.h. signs on the roads in the district, in particular Morgan Avenue, and take steps to see that the speeding regulations were enforced.

Point two of the brief requested that Council enforce the regulations respecting the Fire Precaution By-Law. One member of the Association felt that the hours regulating the times when grass fires may be lit should be changed to include the evening when the chances of a fire spreading were less than during the hours of 9 a.m. to 6 p.m. under the present by-law regulations.

Another request made by the delegation was for council to enforce the law prohibiting hunting and shooting in the area as this had been going on openly especially on Sundays and shooting at pheasants had occurred frequently, very close to members' houses.

Finally the Association requested that council take steps to get rid of the stagnant water that was still lying in the road ditches, as they felt this was very unsanitary. Council has agreed to send members to investigate the situation.

Council Takes Action To Eliminate Fire Hazard Arena Wiring Condemned Inadequate & Out Of Date

Hydro Superintendent L. J. Roy reported to Richmond Hill council at its meeting Monday night that "wiring in the arena was inadequate and out-of-date and dangerous to anyone using the building."

Limited repairs were made to the electrical set-up last year, but were a drop in the bucket compared to the amount of repairing necessary to rid the public building of the name of a "fire trap". Equipped with a 100 amp service, that which a normal household uses, the arena should at least have its service increased, making the wiring "passable".

As to the cost of this project council felt that since many of the village's organizations make use of the arena for their fairs, dances, etc., that these bodies should help to share the cost of repairs. "We don't want a dangerous situation on our hands," said councillor Middleton, but I think the Business Men's Association and the Lions Club and other such clubs which make frequent use of the building should pay half of the cost.

The chief cause of overloading is ninety-nine per cent lighting," said Harry LeCuyer, referring to last Friday night at the Trade Fair when the lights went out, forcing hurried repairs. Council decided to ask a Hydro Inspector to have a look at the building and to report back to them concerning cost and extent of repairs to the electrical system.

Councillors have received various complaints from motorists and residents of the village that the flickering Neon sign of the Ernest Ridout Real Estate, Yonge Street, was interfering with the spotlight at the intersection of Yonge and Centre Street. The green and red in the sign conflict with the same colors in the spotlight and make it difficult for motorists to see the stop-and-go signals.

Clerk Russell Lynett was instructed to write to the Department of Highways to see what could be done about this matter. Elgin Mills ball team was given permission to use the Richmond Hill park diamond as its home grounds, on the condition that the team keep the diamond in good condition. Deputy Reeve Taylor and councillor Middleton reported

Rev. C. B. Brethen's Farewell Sunday

After a successful pastorate of ten years Rev. C. B. Brethen will end his ministry at Richmond Hill United Church next Sunday, June 24. Rev. Mr. Brethen is retiring from the active ministry owing to ill health. A very large attendance is anticipated next Sunday morning when Mr. Brethen will say farewell to the congregation he has successfully led for the past decade.

Stan Suter Langstaff Is Forestry Graduate

Four years of concentrated studying and hard work have earned the Bachelor of Science of Forestry degree for Mr. Stan Suter, son of Mr. and Mrs. H. P. Suter, Boyle Drive, Langstaff. Results of the final examinations which he wrote in April have confirmed the success of his efforts.

When Stan came out of the Navy in 1945, he determined to go into forestry work but before he could begin the university course he had to first obtain the equivalent of senior matriculation. As he had not completed the first year of high school, this was no small undertaking. On January 1, 1946, he began the concise course offered by the government to veterans and six months later passed the high school examinations at the D.V.A. School in Hamilton. During the summer he worked with Price Bros., a lumber firm, in Quebec and started university in October. For the next four years he spent his winters studying and did not have to re-write a single subject; during the summers he supplemented the theory with practice as he worked with forestry parties in various parts of Ontario.

At present, Mr. Suter is employed in the Chapeau area as party chief in charge of a group of university students who are obtaining forestry statistics on a government survey. With his B. Sc. F. and a further year of training, he could if he wished at a later date obtain a high school teacher's certificate.

Stan was born in Lambton Mills, Ontario, and came to Langstaff with his family at the age of eight, having had two years at Hodgson School in Toronto. The balance of his schooling was got at Langstaff a good deal of it with Mr. Charles

McGuire. Before completing his first year at Earl Haig Collegiate, he decided to leave and "earn some money." It was while working in a machine shop that he felt the urge to go into forestry but discovered to get anywhere in it more education was needed, and this he proceeded to get immediately he was out of the Navy. On the strength of successfully passing his first year's forestry examinations, he decided to get married and in September of 1948 his wedding to Margaret McKean, daughter of Mr. and Mrs. Evan McKean of John Street, Thornlea, took place.

Stan is the third of a family of ten children. There are an elder brother, Harry, and elder sister, Betty, Mrs. W. Kirby. Younger are Joyce, Mrs. Ralph Curtis; Bob; Gladys, Mrs. Robert Smith; and Bill, Doug, Barbara and Jim.

40 Pupils To Use Orange Home Room

At last Thursday night's meeting, Richmond Hill Public School Board appointed Mrs. Neilsen, Richmond Hill, as the new music supervisor for the Public School to replace Miss Lola Jones who recently retired from the position. Mrs. Neilsen taught formerly at Crowland.

Trustees completed arrangements for the use of a room at the Orange Home, north Yonge Street, to accommodate a classroom of forty pupils. The board is planning the erection of a new school building but the temporary quarters will be used until the new building is erected.

The fences on either side of the school building will be replaced by new ones with Mr. Norman Bone, in charge of the job, during the summer holidays, trustees decided.

Stan Suter Langstaff Is Forestry Graduate

Four years of concentrated studying and hard work have earned the Bachelor of Science of Forestry degree for Mr. Stan Suter, son of Mr. and Mrs. H. P. Suter, Boyle Drive, Langstaff. Results of the final examinations which he wrote in April have confirmed the success of his efforts.

When Stan came out of the Navy in 1945, he determined to go into forestry work but before he could begin the university course he had to first obtain the equivalent of senior matriculation. As he had not completed the first year of high school, this was no small undertaking. On the strength of successfully passing his first year's forestry examinations, he decided to get married and in September of 1948 his wedding to Margaret McKean, daughter of Mr. and Mrs. Evan McKean of John Street, Thornlea, took place.

Stan is the third of a family of ten children. There are an elder brother, Harry, and elder sister, Betty, Mrs. W. Kirby. Younger are Joyce, Mrs. Ralph Curtis; Bob; Gladys, Mrs. Robert Smith; and Bill, Doug, Barbara and Jim.

Richmond Hill's second annual Trade Fair held last week end was an outstanding success. The arena was full of attractively decorated booths representing Richmond Hill business places and thousands of people from the district and neighbouring communities visited the Fair, admired the various displays, discussed merchandise with the business people and shared in the distribution of hundreds of prizes which were given away to holders of lucky number tickets.

Sponsored by Richmond Hill Business Men's Association the Fair was first held last year. Some innovations and many improvements this year greatly added to the attractiveness of the show, and public appreciation was shown by increased attendance.

Association president Art Uren at the conclusion of the program extended thanks to members of the association for wonderful cooperation, to the people of the district for generous patronage and paid special tribute to the job done by Ed Croth as director of the Fair. Director Croth had acknowledged the tribute said it had been a great pleasure to work with the members of the association and expressed pride in the very fine showing made by Richmond Hill business people in staging the show.

"The fine exhibits at this Fair" he said "prove that no one needs to go outside Richmond Hill to get anything needed in the way of merchandise or service." The draw for the major prize, a beautiful Television set was made by Jack Smith M.P. and the lucky winner was Les Turner, Essex Avenue, Richmond Hill. The draw Friday night was for a combination radio and the winner was F. P. Bentley, Summit Golf Club.

Friday evening's opening proceedings included a welcome from Director Ed Croth and greetings from Reeve William Neal, Reeve Timbers of Markham, Mayor Alex Bell of Aurora, Past President Archie Murray and former Fair Director Col. F. J. Picking. Saturday night greetings and congratulations were extended by Major A. A. McKenzie M.P.P. and Jack Smith, M.P.

A new feature this year which was much enjoyed and appreciated was the organ music supplied by a specially installed Hammond electric organ, and played by an outstanding organist, Charles Walkem of Toronto. The cut flowers around the organ were provided by Theo Van Weiringen. Beautiful displays by the Richmond Hill rose growing firms attracted much attention as did the Horticultural Society exhibit and that of the Women's Institute. The foil which decorated the entrance to the arena was a gift from the Colgate-Palmolive-Peet Company of Toronto.

David Smith, 260 Oak Avenue, Richvale, won the cocker spaniel puppy donated by Swanholve Kennels, and the name of the famous cocker will be "Fair First." Handicrafts One of the highlights of the Fair was the display of local handicrafts sponsored by the Bank of Nova Scotia. Here were featured the work of Betsy Moore and her loom, Doug Boyd, silversmith and Stephen Trenka, designer and wood carver. Mrs. Moore was weaving window drapes and had on display finished drapes, a McLeod tartan skirt, a pair of men's trousers, and place mats. Mr. Boyd's display featured flatware in several patterns, hot water jugs and service plates. One pattern of flatware was one that he had designed for show at the National Gallery a couple of years ago, and is being made for a Washington client. Mr. Trenka displayed tables, chairs, figures and picture frames and was working on a Chippendale mirror frame which will be finished in gilt. Mr. Trenka is the designer of the new Canadian nickel.

Mel Maltby had a new Austin on view in his exhibit. A rushing business in cooling milk shakes and ice cream was done by the Richmond Hill Dairy who sold 400 milk shakes and 1200 cones; and by Clive Bettles with his hot dogs and cold drinks. Jack's Honi-Dipt Doughnuts were also in great demand. The chairs in the Ernest Ridout Real Estate stand gave many foot-tired attendants a chance to rest themselves. The firm offered assistance to those with housing

Thursday's Chuckle

A stout, bald gentleman was discussing his tennis technique. "My brain barks out a command to my body: 'Run forward speedily. Start right away. Slam the ball gracefully over the net.'" "And then what happens?" he was asked. "And then," the heavy-set fellow replied, "my body says: 'Who, ME?'"
