District Property Sold By D. McLean Ltd.
"Building difficulties have in no way restricted the sale of vacant properties", states David McLean of David McLean, Limited. "On the contrary, we have practically sold out our subdivision at Stop 22, opened by Robert Scott - reporting 22 sales on our books in last two months alone, in that one area. Both city and local purchasers have bought lots in this, as well as in the Oakbank subdivision and Ball Subdivision, besides numerous privately owned properties. In many cases, purchasers eager to own homes of their own as soon as possible, are building the houses themselves, or acting as their own contractors."

Mr. Norman Kirk of Toronto was umpire. Following the ball game all attended the weiner roast in Mr. Kirk's front flat which is an ideal spot for such an occasion. Ratepayers Assn. Adjourn For Summer
The West Langstaff Ratepayers Association on Monday night held its final regular monthly meeting until the end of September when the nomination of officers & executive for the 1951-52 term will take place.
Mr. E. Brennan, president, read the constitution drafted, proposed by the Executive Committee, and each article was accepted after discussion where necessary. Two items in particular drew lively comment and showed a keen desire on the part of the members to anticipate points which might cause dissension and to word the constitution so as to avoid this. One was the limiting of the general funds and the other concerned amendments to the by-laws. Many views were expressed in connection with both and it was finally decided that the General Funds, which do not include those raised by special committees such as the entertainment committee, should be limited to \$75.00; the feeling was that sum should be sufficient for the operation of the association which does not exist to accumulate a profit, and that any General Funds in excess of \$75.00 should be assigned to a Building Fund. So that the by-laws can be amended at the discretion of the membership, it was agreed that amendments could be presented in writing at any general meeting to be brought up at the following general meeting if a two-thirds majority of the membership is in favour of discussion of the amendment.

The boundaries were set at Yonge Street on the east, Westwood Lane on the north, Bathurst Street on the west and northern boundary of Thornhill on the south. The purposes for which the association was formed included working for community improvements and the development of friendly pastimes and relations among the residents.

Following questions from the floor regarding the proposed community hall, the president gave a resume of the origin, aims and some of the later activities and plans of the Langstaff Recreational Committee. After the adjournment of the meeting, a huge basket of delphiniums donated by Mr. E. Heslop was raffled and the proceeds included in the funds; Mrs. Dick Ablett was the winner.
