### O'Keefe's CANADIAN SPORTS PARADE

**SURVEYING** Canadian track and field sports in general and the recent Dominion Track and Field meet in particular is enough to bring us to cheers and tears simultaneously. Cheers for the brilliant athletic performances and tears for the fact that our champions will not long be with us. Canadians have a long and honoured record in the history of track and field and it seems a shame that in eighty odd years of competition we, as a nation, have little future to offer our athletes.

**Flying Youth**  
Although the 1951 Dominion junior track meet suffered severely from inclement weather, the general caliber of the competing youngsters was very high indeed. However, the success story remained much the same as in the last five years with Lloyd Percival's Toronto Track and Field Club collecting most of the honours. Percival's Pinwheels piled up a commanding 30 1/2 points with the Montreal Club running second with 61 1/2, followed by the Hamilton Olympic Club, the Queen's City Spikes and the Montreal Olympic Trippers.

**The Result**  
To sum up our national track and field situation, unfortunately, is a very simple matter. With only two or three meets a year, the better than average Canadian athlete finds himself listening to attractive offers from American colleges because, apparently, we have no real use for him.

**Empty Stands**  
With so much for the cheer department we graduate to a sad report. Attendance at our track and field meets is very, very poor. It's simple to blame the weather, heat, rain or cloud burst for the general, disgraceful attendance at Canadian track and field events. Some of us offer a national holiday or some limping excuse but, even a combination of alibis fails to cover us on describing our game youngsters on their biggest days.

## Entertain With A Shore Dinner

**IF YOU can't go to the ocean,** bring it your way with seafood dishes that are real "catches" for a buffet supper party in the good old summertime.

Flaked fish or crab is the star in many a choice creamed-style casserole—ideal for buffet entertaining. And these dishes are so easy to whip up when you use condensed soup for the cream sauce. Right along this line is DEVILED SEAFOOD, made with condensed cream of celery soup. You'll be pleased as punch at its goodness and convenience. You can use either flaked fish or crab for it, whichever fits your purse best.

For a party serve the seafood in baking shells or individual casseroles. Also have a crisp tomato lettuce salad, potato chips, and hot shells and a net. This will be one party you're sure to enjoy with fine food that takes little time from your hostess duties.

- Deviled Seafood**
- 1 can (1 1/2 cups) condensed cream of celery soup
  - 1 can (6 1/2 ounces) crab meat or 1 cup of flaked fish
  - 2 tablespoons chopped green pepper
  - 2 teaspoons chopped onion
  - 2 teaspoons lemon juice
  - 1/4 teaspoon prepared mustard
  - 2 tablespoons buttered crumbs
- Stir together the celery soup, flaked crab meat or fish, chopped green pepper and onion, lemon juice, mustard, and buttered crumbs. Put mixture into one large or six small casseroles (baking shells are good for this). Sprinkle with buttered bread crumbs. Bake in a moderate oven (350° F.) until well heated and crumbs are lightly browned. Makes 6 servings.

salesmanship is swell

BUT..

Your merchandise may be the best — your prices may be right in line — and your clerks may be super-salesmen BUT unless you can get prospective buyers into your store, you cannot make sales.

The method of enticing buyers into your store that has proved most successful for retail merchants in small communities is, NEWSPAPER ADVERTISING. It is the one medium that can be tailored to fit any budget and still give maximum coverage in the area you should be selling to.

NEWSPAPER ADVERTISING will draw customers into your store, the rest is up to you. However, even newspaper advertising is not a magic wand, one treatment isn't a cure — plan to have a message reach your "should-be" customers every week through the year.
