The guests included Dorothy's mother, Mrs. William Wyatt, and her sister, Mrs. Iwan McDonald, also Mrs. C. Russell and the Misses Doris and Evelyn Russell, Miss Joyce Williams, Mrs. R. Holmes and Miss Doreen Holmes, Mrs. P. Pool, Miss Banks, Mrs. D. Wrigglesworth, Mrs. George White, Mrs. Tom White, Mrs. H. P. Suter, Mrs. W. Kirby, Mrs. Stan Page, Mrs. Bill Bowen, Mrs. Miriam Patterson, Mrs. Ed Garner, Mrs. J. W. Little, Mrs. G. Howell, Mrs. Miriam Pattison, and Misses Fern Boyes, Peggy Reid, Betty Chenery, Joan Hicks, Dorothy Gibble, Katherine McKinley and Phyllis Macintosh.

Miss Elsie Sarabura is taking her younger sister, Julie, on a two-weeks holiday in the States. They left Saturday for Detroit via Windsor and on some of their stopovers will visit relatives.

Mrs. Frank Savage and Paul returned last Wednesday from a three-weeks vacation with friends at Ottawa.

Mrs. Sam Wordsale arrived on Saturday from Winnipeg to spend a month with her son, Stan, and family.

Junior W.I.
The Langstaff Junior W.I. has discontinued its regular meetings for the summer months after a very successful year.

Membership for the past year was 17 with an average attendance of 12 at the 10 meetings held. Two of the members represented the branch at the Rally at Guelph and two attended the District Annual at Scarborough.

Following the installation of the new officers, the programme for the year was planned by the executive and at each meeting the girls answered the roll call with a suggestion pertaining to the theme of the programme. Papers prepared by some of the girls when they were programme convenor, included "Spring Planting," "Bridal Customs" and "The Life of St. Valentine." A debate on "The Movies versus Television" provided lively discussion following the roll call question "Are you For or Against" with a reason.

The first bazaar, with afternoon tea being served and lucky draws as added attractions, was a success financially and the organization it necessitated helped develop a co-operative spirit in the group.

At the suggestion of the principal of the public school, the members submitted their ideas on furthering better education. They took lessons in life-saving and contributed their time at the local swimming pool. One member is a leader in C.G.I.T. while two others are Sunday School teachers. The Agricultural Convener lives on a farm and owns her own tractor which at her request was a birthday present from her father.

The group donated money to the Save the Children Fund, the Manitoba Flood Relief and to the new Scholarship Fund. Several of the members organized euchre parties to raise funds for sports equipment for community athletics. Social activities included a bowling party in September, a skating party in January, showers for four of the members and a Christmas party to which the girls who had left were given an invitation.

Mark-vaun W. I.
Mrs. Cecil Thirgood, vice-president of Mark-vaun Branch of the W.I., presided at the regular monthly meeting held at her home last Thursday.

The business of the meeting included decisions to join the York Pioneer Historical Society. They spend a five-minute period at each meeting for group study of the W.I. Handbook. Mrs. D. Morrison was presented with a bank book and initial deposit for her new baby. Mrs. F. Stotts was appointed convener of a group of members to cater for the wedding of Miss Ada Mizzen on Thursday, July 26.

The roll call, "An Embarrassing Moment", was intended to create

a laugh, which it did as most of the members were too embarrassed to tell theirs. Mrs. R. McArthur, Citizenship and Education Convener, who was in charge of the programme read an article by Dorothy Thompson entitled "Bedecked Charlie and the Giant Dinosaurs." It told the story of a Chinese or North Korean aviator operating a tiny bi-plane, with a canvas frame held together with wires, capable of flying no more than 90 miles an hour, its pilot peering out of an open cockpit, dropping small bombs by hand, and a rear-gunner leaning out and firing a burp gun. Night after night in the great "Struggle for Peace" in Korea, "Charlie" primitively armed but indifferent to death, escaped fighters sent to shoot him down because they could not reduce their terrific speeds to his crawling one, frustrating the \$20-million-an-hour war apparatus. Modern man, having the perfection of war, no longer knows why he wages wars or how to win them and keep them won; or how to make peace except by war. The article pointed out that on ago there were giant dinosaurs which walked erect like men, reathed through lungs, had variable body temperatures, and procreated internally. Many were highly armed with protective scales and rows of bony plates but all are now extinct. They were too big to survive. Although they had forelegs, like arms and hands, these grew so feeble they could hardly pull their own food from trees. They had very tiny brains to guide the monster apparatus of their bodies but "all had well-developed tongues, capable of free movement."

Mrs. McArthur concluded the programme with a brain-teasing contest and refreshments were then served by her, Mrs. R. Hamblin and Mrs. H. Holmes.

Langstaff Recreational Committee met Monday evening at the home of Mr. Fred Morris, and plans were made for future money-raising efforts. The Committee decided to carry on with the Friday Wrestling Nights in Richmond Hill Arena during the summer months.

Last Friday evening's venture proved to be a financial success and it is hoped that future shows will be even more so. Mrs. Dick Ablett won one of the lucky door prizes.

Let's see all of Langstaff at this Friday's fracas.

Baha' Firesides
The Baha' Firesides, held at the home of Mr. Colin Renton, Garden Avenue, have been continuing on the 1st and 3rd Thursday evenings of the month. On June 21 readings were given from "God Passes By", a history of the Baha' Faith by Shoghi Effendi, the present Guardian, great grandson of the Founder, Baha'u'llah.

On July 6, Erland Barr from Scarborough spoke of the feeling of frustration so evident today, largely owing to the lack of concession between religion, science, business and social life. The Baha' Faith exemplifies unity and accord between individuals and nations, also that religion and science must go hand in hand.

On July 9, the local Baha' community observed one of their most important anniversaries, the Martyrdom of the Bab. Just over one hundred years ago, Ali Muhammad, this youthful forerunner of the Baha' World Faith, known to the world as the Bab, was publicly executed in the city of Tabriz, Iran, in a vain effort to destroy the new religious ideals he had spread throughout the country.

The towns of Canada are vigorous places. Early settlers built them beside great oceans, turbulent rivers, towering mountains and rolling pastures. And each town's character and industry came from the surrounding countryside.

Helping to build the industries of many Canadian towns is your bank... a branch of The Commerce. The manager is a neighbour, a professional man who gives service that comes with long acquaintance.

Canadian towns depend on each other, and upon the men and women at The Commerce. They are good people to know.
