## INSURANCE OF ALL KINDS

With the increase of fire hazards property owners should review their insurance policies, and due to the increased cost of materials would be well advised to increase the amounts of insurance. Also car owners who think it will never happen to them are caught some time or other without protection. The cost is a minor amount to what it will cost if an accident happens.

## Are You Properly Protected?

Increased costs of buildings, furniture, clothing and even Claims have left many a person THOUSANDS of dollars short of today's costs after a Fire or Auto Accident.

Let us survey your present policies and make the necessary changes that will give you the "Peace of Mind" that comes with a better insurance protection and service.

# IN EVERY CLASS.. LIGHTWEIGHT

For stamina and hauling power, Chevrolet truck engines are "knockouts" too. And, of course, all three of the famous Chevrolet Truck engines -- the 92-HP Thriftmaster, the 105-HP Loadmaster, and the massive, 114-HP Torquemaster -- are justly renowned for their amazing operating economy.

## WELTERWEIGHT

Combining smart new styling with utility, Chevrolet pickup trucks are speedy, rugged all-purpose units. Like Chevrolet panel trucks and the distinctive sedan delivery, every unit offered in the big Chevrolet selection of lighter models is a masterpiece of practical, durable construction and time- and money-saving features.

## HEAVYWEIGHT

In every size and weight class, Chevrolet Trucks have every feature that contributes to better haulage at lower cost. Sturdy, durable frames... powerful, fast-acting brakes with hermetically sealed brake cylinders... silent, smooth, ruggedly-built synchromesh transmissions are among the many features that help to make Chevrolet trucks tops for value and performance. The stake truck illustrated is just one of the many versatile performers in the medium range of Chevrolet trucks.
