**HIGHLAND PARK NEWS**

MRS. WALTER SANDERS  
23 Drury Ave.  
Phone Thornhill 398R5

On Wednesday, September 12, the final portion of the Gamble home at stop 14 Yonge was successfully moved by Matthews of Langstaff, to its new site at Willowdale and Drury Aves. The large structure was moved two weeks ago and was a spectacular sight. To see a house over 80 years old raised, moved across fields, ditches and down the road and placed on new foundations without a hitch was remarkable. It is understood the barns will be dismantled and moved to Bond Lake in the near future. Also pleased to note the property itself has had a tractor busily cutting the weeds down lately.

**Warning**  
A word of warning to parents and children living around Grandview and Willowdale Aves. Last week several boys were playing around the large drainage pipes in that vicinity and one boy bumped his head on the end of a pipe. The wound required six stitches. Warn your children not to play in or around these pipes. Hope the lad has a speedy recovery.

We are pleased to note that Michael Ives, 18 Grandview Ave., was sufficiently recovered from his operation to commence his schooling, on opening day. His efforts for recovery and his parents' patience were a delight to witness all summer. Good luck, Michael.

A ballet instruction class has been started in our midst by Mrs. T. Pollock, 19 Grandview Ave. Classes are every Saturday. Good luck to Mrs. Pollock in her efforts to promote culture among the small fry.

**Weiner Roast**  
A friendly atmosphere was prevalent at a weiner roast held by the neighbors of Drury Ave., living between Dudley and Willowdale Aves. on Saturday last week. A pleasant evening was enjoyed by all who attended and when the fire burned low, the folks moved into the home of Mr. and Mrs. Gordon MacCallum where dancing completed the night.

**Home & School**  
Powell Rd. Home and School held the first executive meeting of the season on Tuesday, September 11, at the school with Mr. Robt. Fisher in the chair, it was agreed the 4th Monday of each month would continue as the regular meeting night. Also that the second Tuesday of each month as the executive meeting. Please take note of these meetings and plan to give Home and School your support. The future and growth of our community depends on the children of today and as members of Home & School you help to provide better schools, homes and community spirit. Join Powell Rd. Home and School at the first meeting on Monday, Sept. 24. Everyone is welcome. You do not

have to be a parent, just have the interest of children at heart. Mr. A. B. Galpin of Richmond Hill, the new school inspector for school area No. 1 has been asked to speak. The new members of the teaching staff will be introduced, music presented and a social period with refreshments will follow. Be present and meet those responsible for your school. Your H & S officers and convenors. For any information contact any of the following officers: R. Fisher, pres., Willowdale 2037; Mrs. O'Brien, vice-pres., Thornhill 242R41; W. Sanders, vice-pres., Thornhill 398R5; Mrs. E. Boxter, corr. sec., Thornhill 356R21; Mrs. H. Iddon, rec. sec., Thornhill 378R3.

**Highland Park Association**  
The first regular meeting of the season was held last week with an attendance of 130 persons. Two of the subjects brought forth for discussion were the proper drainage of the area by the township. An inspection of culverts and such to be conducted to determine steps to be taken. Also the practice of sump pumps and waste being drained into street ditches. Mr. Robt. Priestman, president, and a committee of four, spent Sunday afternoon completing an inspection of these conditions. They report that there is room for much improvement of same. The committee will approach the township council to see that proper culverts etc. are in condition to take care of the spring thaws. A letter will be sent to Dr. King of York Health Unit to see if the sump situation can be corrected immediately.

Your association works for your interest and your attendance shows your appreciation of their efforts. Next regular meeting will be held on Tuesday, October 9, owing to the fact that Monday is Thanksgiving Day. At this meeting the association would appreciate all members and interested parties to attend prepared to submit their annual fees.

Miss Barbara Barrow, 27 Drury Ave., will commence her third year at Toronto University after a successful summer with a Toronto newspaper.

Congratulations are extended to Mr. Norman James, 16 Grandview, on his splendid pictures of H.R.H. Princess Elizabeth and the Duke of Edinburgh and their lovely children which are appearing in the daily and weekly papers in advance to the Royal visit. An assignment well done, Mr. James.

**Boy's Club Formed**  
On September 12 a boy's club was formed under the guidance of Mr. C. H. DeClerq and Mr. Mickey Biggs. This is the result of splendid co-operation of the boys and fathers all summer in baseball games. The need for winter activities was apparent and so we have the answer. Special projects will be undertaken and a hockey team started. The boys held an election and voted the following to conduct meetings: Bobby Pitrie of Jackes Ave., captain; Dave Snyder of Highland Pk. 1st monitor; Kenny Knowles of Highland Pk., 2nd monitor.

It was decided that the membership dues would be 25c for the fall and winter season. All boys of the district between ages 7 and 15 yrs. are welcome. A membership canvas will be made soon. The first fall effort of this club will be a waste paper collection on Sat. Sept. 22, commencing at 9 a.m.

Workers and waste paper are needed, so let's give the club a good start. These boys collected over two tons of paper on their summer drive and realized funds for baseball equipment. Such activities are the fundamentals of good fellowship and we wish the club every success. The senior committee of the club to help guide the boys are: D. LeClerq, J. Knowles, Ted Pollock, Al Stagg and Walt Sanders. Thanks are expressed by this committee and boys to all who supported the games during the summer with a special thanks to Mickey Biggs and Al Larkins for their assistance in coaching and umpiring the games.

Results of game Sat. Sept. 15: Willowdale 13, our team 7 runs. It was a good game and Russell Pitrie pitched an excellent game and Dave Snyder did an outstanding job in shortstop position. However as the score indicates the Willowdale team had the advantage of an excellent pitcher in Doug Ferguson, plus a stronger batting team.

Miss Joan Schofield, 91 Drury Ave., is continuing her studies at Richmond Hill High School in her fifth year. Good work Joan.

My sincere thanks to all who have wished me success in this new experience. I will do my best for this column, but please remember, I do have to hear the news to put it in column. Your co-operation is solicited and appreciated. Would like to hear something from Woodward Ave. and Steele's Ave.
