York Junior Farmers To Hold Home Plowing Meet

The York County Junior Farmers have issued a most attractive prize list for their 30th annual Home Plowing Competition which has been so popular in the county. This contest has been largely responsible for keeping up the keen interest in this agricultural sport of match plowing in a county which year after year boasts of so many prize winners in the famous International Plowing Match.

With the opportunity of breaking the ice at home with no curious spectators the young people enjoy getting started on their own land with their own outfits. The prizes this year include a four-piece silver tea service, a wrist watch, three silver trays, a complete set of tractor wrenches, a silver cream and sugar set as well as many cash prize and trophies.

Judging of the plowing will be done the week of October 29 prior to the East York match which will be held this year on October 31. The annual banquet of the Junior Farmers for the presentation of prizes will be held at Victoria Square on Friday, November 16 when the County Junior Farmer Public Speaking Contest will also be held.

L. Clarke Designs Table For Prince

An invitation to come to Clarence House to see the room he designed for the Duke of Edinburgh climaxed the meeting of Mr. Lawrence Clarke of Hope and the Duke at the Royal York Hotel on October 13.

Mr. Clarke, an employee of the T. Eaton Company in Toronto, upon request from the C.P.R., who donated the all-Canadian room as a gift from Canada to the Royal couple's home, Clarence House, travelled to England to get the exact measurements and requirements of the room. The walls of the room are of pale Canadian Maple panelling and were made in sections in Canada to be later transported to England to be assembled there.

The Duke of Edinburgh also requested that a table be designed to fit into a panel, so as to be concealed when not in use. This table was designed by Mr. Clarke, and the Duke of Edinburgh was so pleased with it he requested to have a meeting with Mr. Clarke. He expressed his pleasure with the craftsmanship, chatting with Mr. Clarke about his work.

Richmond Hill Wins 2nd Rugby Game By Swamping Stouffville

The second rugby game of the season for Richmond Hill and District High School played in Richmond Hill against Stouffville last Thursday with the home team being the victors by a convincing score of 30-12.

Richmond Hill showed improvement on both offensive and defensive play and were able to capitalize on more of their chances for scores. They got away to a fast start in the first half scoring 13 points to Stouffville's 1; but Stouffville showed more strength in the second half.

Scoring in the first quarter started when Grainger took a pass from Dodds. It was converted by another from Dodds, this time the receiver was Keffer. Richmond Hill passed their way to another touchdown a few minutes later with Creelman receiving the pass from Dodds. Dodds again passed to Creelman for the extra point.

Stouffville's only score in this quarter was a rouge kicked by Chadwick.

In the second quarter, each team played evenly with only one score. It was a rouge for Richmond Hill. Murchison kicked it into the end zone and Felgate downed the Stouffville player before he could

get out.

The third quarter saw Richmond Hill count with two majors to Stouffville's one. Richmond Hill got the first one with Jones crossing the right end to go 25 yards for a touchdown. The convert was another pass to Creelman but the passer was Hart. Stouffville's touchdown came on a long 60-yard run which started on the 40-yard line. It was Chadwick who scored and he also scored the convert with a place kick. The other Richmond Hill score came when Felgate received a pass from Keffer and then crossed the line. The convert was no good. The score at this point in the game was 24-7. This is no indication of how the teams played because Stouffville couldn't seem to get the ball across the goal line although they threatened several times. Richmond Hill's defense tightened up to hold them out every time.

In the fourth quarter Hart took the ball for an end run and crossed the goal line for Richmond Hill's fifth touchdown. Watt took the pass from Keffer for the convert.

Stouffville made the last score with a touchdown by Frisby, but lost the convert.

Powell Road Home & School Association Hold Health Night

The Powell Road Home & School Association held its regular monthly meeting on Monday, October 22 in the school with Mr. Robt. Fisher, president in the chair.

The subject for the night was Health Night, which was very interesting and informative to the large audience in attendance.

Miss Mary Shaver, public health nurse of the area gave the audience much information on health habits and outlined her part in the health school care of children. She also told the meeting that she makes many private calls to individual homes and is willing to help and assist anyone in the community on any health problems. Miss Shaver works from the York Health Clinic and can be contacted at the Maple office.

Dr. E. R. Bilky, of the staff of Toronto University, a dentist specializing in preventive care for children gave a very interesting, humorous and beneficial talk, accompanied by a most entertaining and educational film. The speakers of the evening were thanked respectively by Mrs. Burke and Mrs. Hill, teachers of the school. Mr. Learn

very kindly ran the film in the evening.

Two beautiful and valuable stamp albums were presented to Mr. Learn by Mr. J. Mason, for the use of the stamp collection. Many thanks went to Mr. Mason, who procured the books by his own efforts. Mr. Sanders called for various conveners who are urgently needed by the association to make its efforts complete. This is a most opportune time to take an active part in Home and School work as the Workshop of special training is being conducted right in Powell Rd. school on Tuesday, October 30.

Mrs. Walter Saunders, phone Thornhill 443J would appreciate a call from anyone interested in doing their bit for the association in this capacity. A rummage sale was announced for November 22 to be held in North York Veterans Hall from 11 a.m. to 5 p.m. Afternoon tea and tea-cup reading during the afternoon. The evening was closed with enjoyable refreshments served by Mrs. E. Gledhill, social convener and her committee. It was hoped everyone present met at least one new member during the friendly social period.

Vaughan Twp. Council Lets Tender For Const. Of Culvert

The culvert on the 7th concession of Vaughan Twp. will be extended by the P.M. Finnigan Const. Co. at the cost of \$1,285.00. Such was the decision reached by the Vaughan Twp. Council at its meeting held last week in the Council Chambers at Maple. The following resolution on this matter was moved by Mr. James H. Robson and seconded by Mr. Albert Rutherford.

Whereas the erection of a dance hall on Concession 6, has increased traffic on the Seventh Concession, and whereas an existing culvert adjacent to Concession 7 is narrow and is a hazard to motor vehicular traffic,

And whereas Margison & Babcock have prepared the necessary plans for the extension of the said culvert,

Be it therefore resolved that the Township of Vaughan accept the offer of Mr. P. M. Finnigan to construct the extension of the culvert according to plans prepared by Margison & Babcock for all labour and material (reinforcing steel and back fill excepted) at a cost of \$1,285.00, subject to the approval of the Department of Highways and the signing of the contract as may be prepared by Margison & Babcock.

A complaint was registered by a group of Ratepayers owning property in the vicinity of the Pemberton Road against a ditch on their road. The Council agreed to inspect this ditch at an early date.

The clerk read a letter from Mr. Freedman and Son offering the Township \$200.00 for their old Caterpillar tractor and snowplow, which at present is resting in the Township shed. The members considered the offer and decided to leave it over to a later date.

The members after some discussion also passed the two following by-laws:

It was moved by Mr. James H. Robson and seconded by Mr. Marshall McMurchy: That a by-law to provide for the 1951 expenditure

on roads in the Township of Vaughan in the County of York, being read first, second and third times be enacted and numbered 1738.

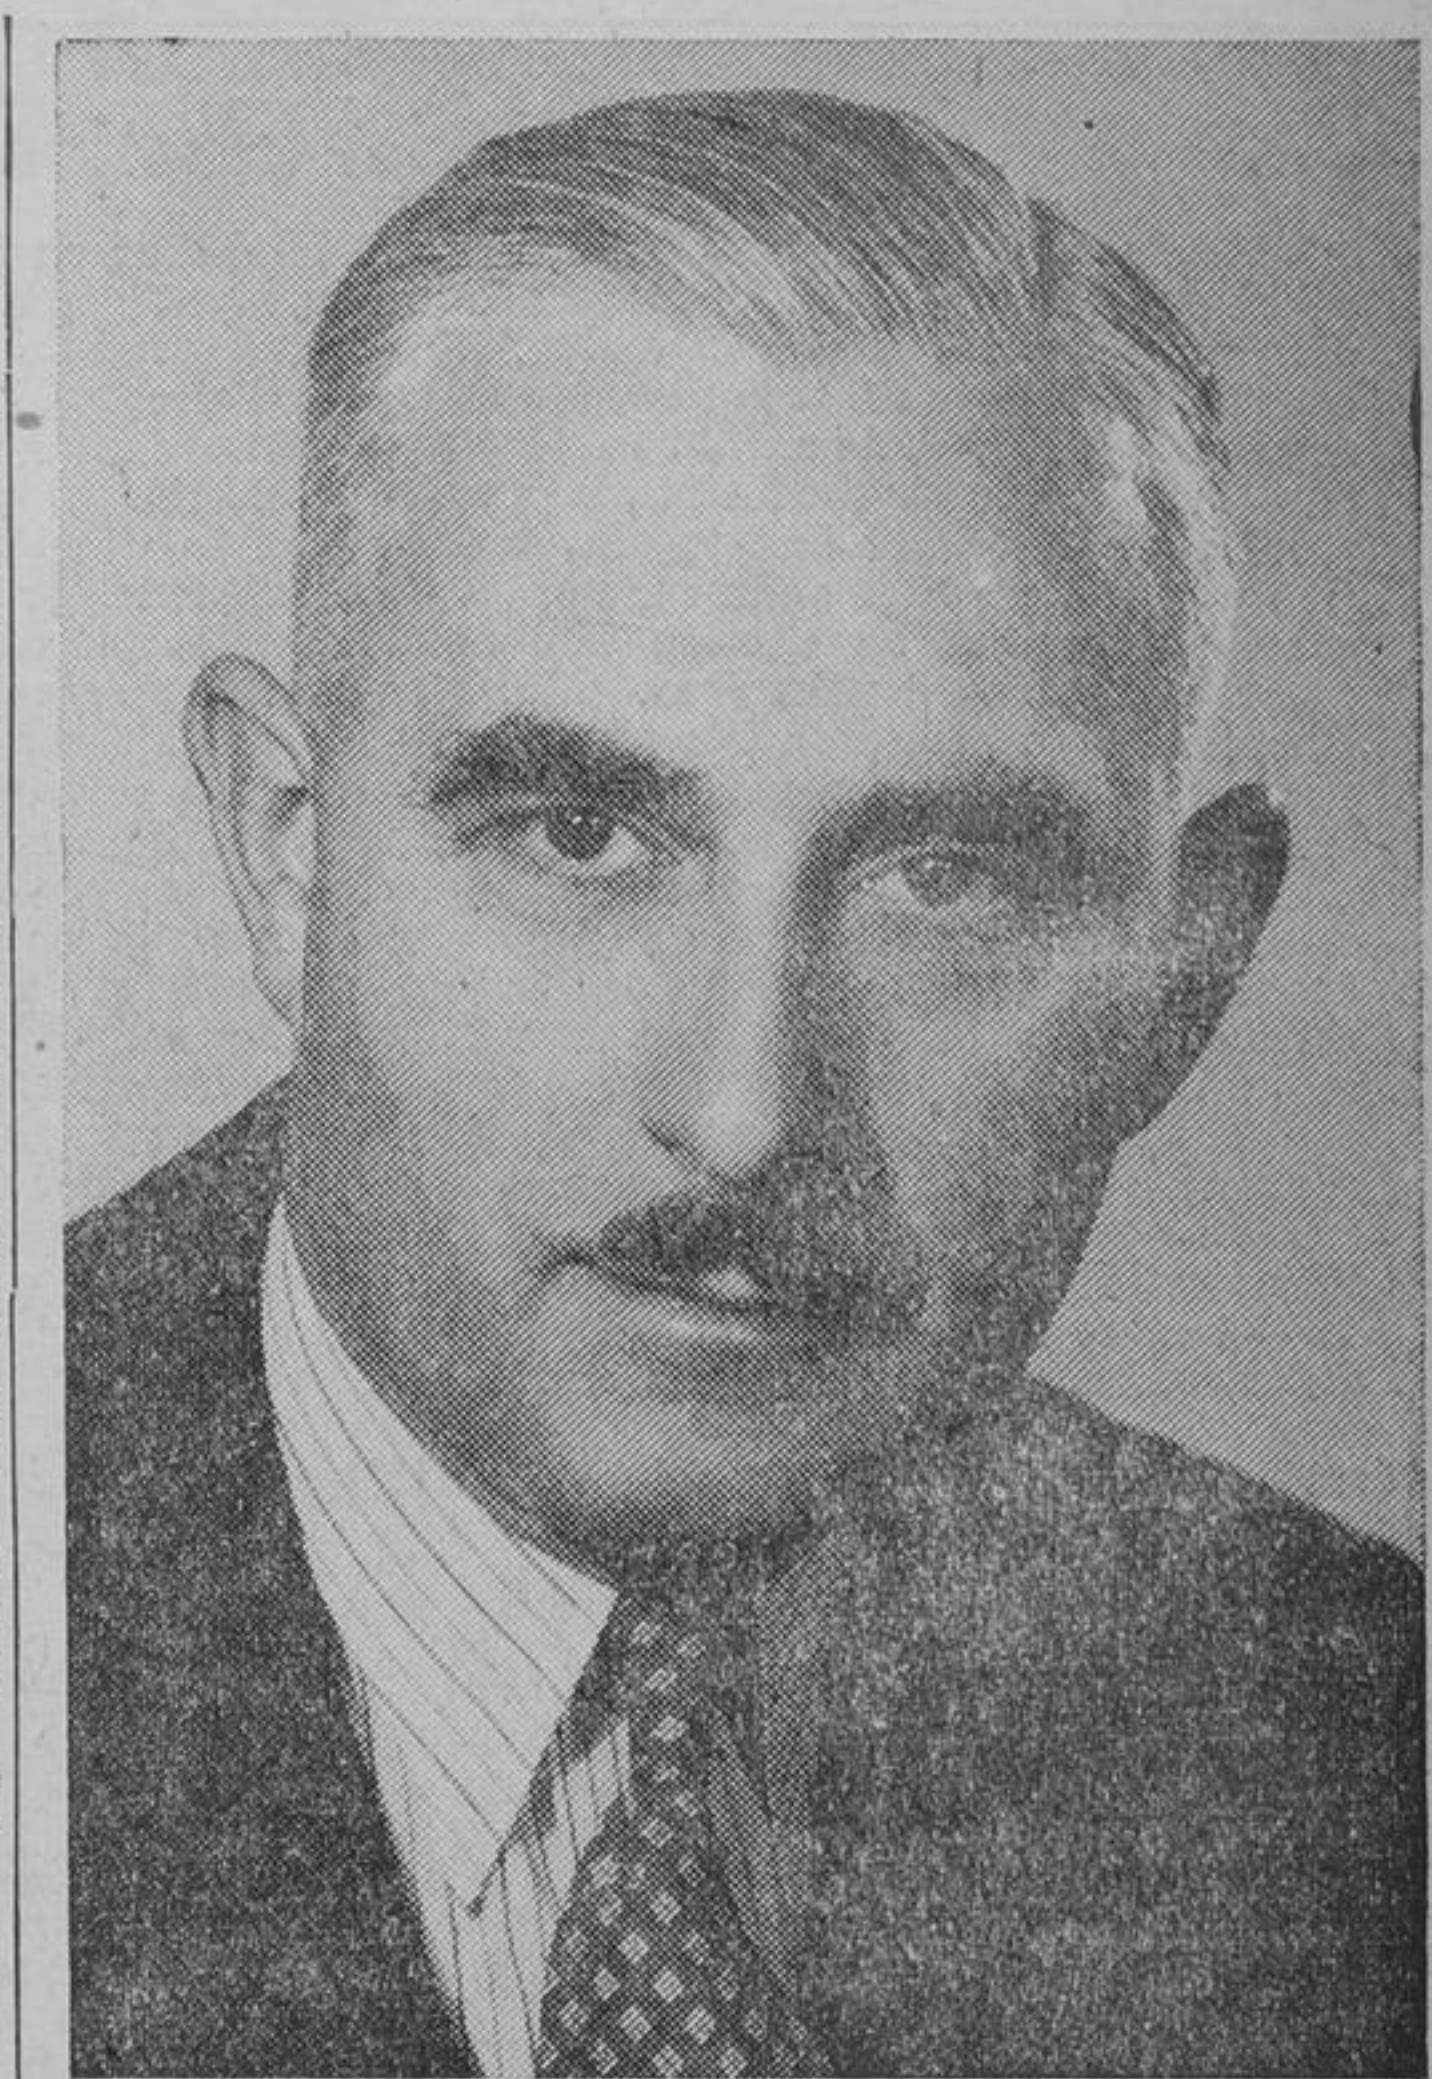

It was further moved by Albert Rutherford and seconded by Wm. J. Agar: That a by-law to appoint places where polls shall be opened in the Township of Vaughan, deputy returning officers who shall preside at the same, and poll clerks who shall assist in recording votes, being read a first, second and third time be enacted and numbered 1737

Tim Saul President Of Badminton Club

The main problem for discussion at Richmond Hill Badminton Club meeting Tuesday evening was how to raise the money each week to cover the cost of renting the High School gymnasium at \$6. a night. It was finally decided that each member would pay a membership of four dollars for the season, and fifty cents a night until membership is paid, plus twenty-five cents each night thereafter.

On top of this renting expense is the cost of the birds, and it was suggested that a money-making project be planned for a later date. Tuesday night has been set as the night for playing, and the club will be notified by the High School board just when it can have the use of the gym.

Tim Saul was elected president for the coming year, with Ron Healey as secretary-treasurer. The games and refreshment committee consists of Evelyn Ramsey, Phyllis Angle, Alverna Smith and Eric Gage, who is retiring president. So far the club anticipates about thirty-five members, and it is its hope to increase the membership to an even greater number. Members will be notified of the date of the first playing night.

ELMER W. GROSE, unanimous choice of the Liberal convention held Saturday, as candidate for the riding of North York in the November 22nd provincial election.

Well known throughout the riding Mr. Grose has been active in the affairs of North York Township for many years. He rendered outstanding service for some twelve years as a member of the Board of Education and for three years was chairman of that body. He also served on the municipal council as councillor for Ward II and as deputy-reeve of the municipality in 1950.

Born on a farm in Innisfail township, he has been an active and public spirited citizen of North York for nearly 20 years. He is 49 years of age, married, with one son and two daughters and for 29 years has been an employee of the Bell Telephone Company.

Mr. Grose is not a stiff partisan. "During the years I served in municipal affairs I took no active part in party politics" he said at the convention. "However," he pointed out, "in my municipal activities I came in contact many times with Provincial government administration and these experiences were important factors in my decision to enter provincial politics. I found the policies and administration of the present Ontario government so inactive and indifferent to the pressing problems of my district that I decided it was time for a change."

"I am sincerely convinced," said Elmer Grose, "that Walter Thomson and the Liberal party offer the best assurance that our many pressing problems will have sympathetic consideration and for that reason I am a candidate in this election."

The Liberal candidate said he was wholeheartedly supporting his leader's Hospital Plan which has had such an enthusiastic reception throughout the whole province. Having served fourteen years on North York Twp. Board of Education and on the municipal council Mr. Grose is naturally very much concerned about the problem of education and the tax load being carried by our people. While his record proves that he believes in providing the best possible educational opportunities for our young people he feels strongly that the burden of the cost should be shared in larger measure by the province, with a resultant easing of the burden of the local taxpayer.

Mr. Grose commenced his campaign this week and his organization is now in full swing in all parts of the riding. He is looking forward to meeting as many as possible of the people of the constituency and discussing the public problems of the day.
