SO MUCH TO RECORD  
 By Will R. Bird

The decline of a shipbuilding dynasty and the economic turmoil that accompanied the changeover from sail to steam in 19th century Nova Scotia are traced here by Mr. Bird, the down-east chronicler. "So Much to Record" is the story of John Winstill, the personal tragedy that lay in his sudden blindness and the larger drama that saw the little Maritime ports desolated as shipyards closed, and the people bewildered in the face of technological change.

Drawing on his broad knowledge of his native province and his scholarly historical data, Mr. Bird spins his story expertly. Certain weaknesses in motivation are the less apparent because suspense is maintained throughout.

Even when action lags, as it does occasionally — and one is tempted to ask here why Mr. Bird is impelled to note the passing of season after season — the cumulative power of the novel is enough to hold the reader.

The story itself is not new with the author nor wholly new to his followers who remember "The Dory Builder," one of the short stories in the "Sunrise for Peter" collection. John Winstill becomes Jon Winstill, but his problems and the background remain the same. His wife was Molly in the story. In the novel, Molly figures again, but this time only as his first, furious affair. His wife this time is Judy, an appealing woman who comes out of the slum of Purple Rocks, a settlement of ne'er-do-wells near John's town of Carrboro (a ringer for the real Cumberland County Town of Parrboro.)

In a moment of panic traceable to her Purple Rocks environment Judy leaves John, leaves him to bring up her daughter, Elaine, whose paternity is in doubt. Judy returns to John's later years and is the last to hold the proud name of Winstill on the Nova Scotia coast.

The proud name of Winstill is overdone. Sympathy of the reader for the main character is risked and the action slowed by John's priggish concern for the family name and the lettering-in of the ancestral story. The side characters, however, are almost always helpful to the story. The tomboyish She-Willie, the kindly Roxanna, the dipsomaniac Sally are clearly imagined and the figures of the village doctor, grocer and baker,
