A party of four men from Nobleton and George Forrester of the 6th concession King, spent two weeks north of Burk's Falls. They returned this past week-end, bringing two deer. The first week they were away was poor hunting weather as there was so much snow.

Purchase Farm
Mr. and Mrs. Donald McClelland of Maple have purchased the farm of Mr. and Mrs. Frank Dove, 6th concession, King. Mr. and Mrs. Dove moved to Aurora recently.

King Wrestlers
The senior group of the King City Wrestling Club have been invited to take part in the Ontario Novice Tournament, which takes place at Hart House University of Toronto, on November 30 and December 1. Bob McLeod, coach of the local club, hopes that some of his older boys will take part. It is a wonderful chance to visit Hart House gymnasium at the same time.

Interesting Connection
During the visit of Princess Elizabeth and Prince Phillip to Vancouver Island they attended the Sunday morning service at the Cathedral, New Westminster, B.C. Bishop Heathcote, the Very Rev. Sir Francis Heathcote, took part. Miss Alice Ferguson and others in King listened and later Miss Ferguson wrote to the Bishop to tell him that he had been heard on that occasion. A reply has been received, and the Bishop has asked Miss Ferguson to remember him kindly to many local people, naming especially the Badgers, the Winters and the Gillham family, and several others of all denominations, as they are his very dear friends.

In the 1890s Rev. Francis Heathcote came from England to be rector at All Saints Anglican church. After spending several years very happily in King, he was transferred to Toronto and later to New Westminster where he was made Bishop of New Westminster. A member of a titled family, he has fallen heir to the title. Bishop Heathcote writes that he retired a year ago, in his 83rd year. Last summer he attended the Festival of Britain and at Westminster Abbey had had an audience with the King and Queen. He remembers this village well and sends his kindest regards to Miss Ferguson and all his many friends here.

Essay Winner
Suzanne Grew was the youngest winner in the recent essay writing contest at Aurora High School. Suzanne, who is in 2nd form tied for third place with Gordon Stied, a fifth former. The essay was entitled "Aurora High School Then and Now". Suzanne wrote her story in the form of two letters. One letter supposedly written in 1923, told a friend of the completion of the "Then" school. The other letter dealt with the building of the fine new structure of "Now". The first prize was won by Mary Adams of fifth form and the second prize by Barbara Hughes of fourth. Suzanne is to be congratulated for finding herself amongst the senior students.

Golden Wedding
Mr. and Mrs. Percy Forrester,

6th con. King, will celebrate their golden wedding on November 28. They will be happy to have callers on that day and will hold open house in the afternoon from 3 to 5 o'clock and in the evening from 7 until 9:30. Mr. and Mrs. Forrester were married in Newmarket 50 years ago. Their first home was in Mount Pisgah, then eighteen years ago they moved to their home in King. They have two children, George at home and Mrs. Ivan Nelson of Toronto.

King W. I.
Two appeals were made from the Canadian Women's Institutes, when King City W. I. met at the home of Mrs. Ivan Specht last week. The King City branch responded with a donation of \$10.00 to each appeal. One request was for a donation towards the Relief Fund that has been organized, to help Jamaica recover from the summer storm that caused so much damage to life and property on that island.

The other request was from a Grecian village for money to buy a tractor. This village is without any adult male population, as all were killed or removed during the war. The surviving women and children are living in a very primitive way, without tools or beasts of burden, to help them till the little farms. The Women's Institutes of Canada, are trying to raise enough money to buy a tractor for the use of this forgotten community.

Mrs. T. L. Williams gave a report of her attendance at the meetings held earlier this month, when the 49th convention of Central Ontario W. I.'s took place at the Royal York Hotel, Toronto.

The roll call was answered by each member bringing a Christmas gift to be forwarded to a sister organization in England. A box was set up and was well filled. The box was taken later to Frank Armstrong's store, where donations were received until Saturday night.

The newly decorated King City school was open on Friday evening when the principal, Miss Eva Dennis and her staff, Miss Doris Patton and Miss Ethel Thomas entertained the teachers of King Township. It was the regular monthly meeting of the teachers' group, with 23 present, representing the 26 schools of the township. Mr. H. B. Galpin, inspector, was present, as well as Mr. Brown, who is principal of the Loyal True Blue and Orange Home at Richmond Hill. Mr. Brown was first president of the King teachers' association when he was principal at Oak Ridges which at that time was a two-room school. The speaker of the evening was Miss Leary of Gormley who brought some art work of her pupils to illustrate her interesting discourse on the teaching of art in the schools. Miss Leary attended the short course in art for teachers last summer. She told of the instruction she had received and also brought new materials which are available for teaching purposes, to show to the members. In the absence of the president Mr. Floyd Dyer, secretary of the association, presided. It was decided to hold the next meeting in January at Schomberg. A social hour followed with refreshments being served.

Celebrate Anniversary
Mr. and Mrs. Albert Badger celebrated the fifty-second anniversary of their wedding on Friday, November 16. Two years ago, when they celebrated their golden wedding, they enjoyed to the full all the ceremony that goes with such a grand occasion. Mr. Badger has been ill and confined to his bed for a long time, so necessarily this anniversary was celebrated very quietly. Some friends called on Thursday evening to extend their best wishes. They read a letter just received from the Very Rev. Sir Francis Heathcote of New Westminster, B.C., in which he asked to be remembered to his good friends Mr. and Mrs. Badger.

Aluminum is friendly to food

"The proof's in the eating" :::
AGREE THREE SMILING GENERATIONS
Good cooks are proud of their favourite recipes. And when they find utensils that cook food well, preserve flavour and quality, and clean easily, they're proud of them, too. That's why so many homemakers write in to tell us about their aluminum kitchen favourite for half a century. So many mothers do more than teach their daughters to cook; they teach them to use good utensils, too!

Dear Sirs:
I have used aluminum cooking utensils for the past twenty four years and they are still as good as new.
Our family of two girls and a boy, now all married, are living examples of the health retaining benefits of foods cooked in my aluminum ware.
I heartily endorse the cooking qualities of aluminum utensils and believe they are indispensable for the modern homemaker.
