The Liberal is always glad to receive social and personal items for this page and a call to Telephone No. 9 will receive courteous attention. This newspaper will also welcome news reports about church organizations, women's and men's societies, lodges and other groups. While copy will be accepted up to Wednesday of each week, it is desirable to have it in earlier if possible to ensure its publication.

Mr. Donald Little is leaving today on a three-week's motor trip to Florida.

Mr. Bill Zuefelt, CNR telegrapher at Redmond, Ontario, spent a few days with his parents, Mr. and Mrs. L. W. Zuefelt.

Mr. Don Patey, an Eastern Provincial Airways pilot whose home is in St. Anthony, Newfoundland spent the week-end at the home of Jack Bowdery of Elgin Mills, who also flies for Eastern Provincial Airways in Newfoundland.

The evening service in the United Church last Sunday was conducted by the Canadian Girls in Training group of that Church. It was their annual Christmas vesper service and consisted of Scripture readings, Christmas hymns and a candle lighting ceremony. The story was given by Mrs. Clarence H. Atkinson. Miss Doris Bowyer took the leader's part.

On Monday, December 17, a delightful Christmas party was held at the Summit View Drive-In, when about forty-five members of the staffs of both Thorn View and Summit View Restaurants were entertained. The evening was spent in playing games and singing carols. Mrs. Dorothy Elliott played the piano. Then all sat down to a delightful luncheon, after which gifts were exchanged. A good time was had by everyone present.

**Girl Guide Notes**

## JACKES AVENUE NEWS

CORRESPONDENT: Mrs. Helen Mason,  
11 Jackes Ave.,  
Phone Thornhill 286R23

We are glad to hear Mrs Walker of Jackes Ave. is up and around again after being confined to her bed for a week with the flu.

Mr. and Mrs. Barrett of Jackes Ave had their son christened Reginald Charles at Thornhill Presbyterian Church on Sunday.

We are sorry to hear Mr. Jeff Consno of Jackes Ave will be off work for a week or more with a crushed toe after a piece of pipe fell on his foot at work.

## HIGHLAND PARK NEWS

MRS. WALTER SANDERS  
23 Drury Ave.  
Telephone: Thornhill 443J

Congratulations are extended to Mr. and Mrs. M. N. Keachie, 66 Woodward Ave., on the recent arrival of a son.

On Sunday, December 23, several of the youngest of our community will be present at Thornhill United Church for the morning service. Rev. E. E. Kent will christen the babies of Mr. and Mrs. H. Johnson, 43 Woodward Ave. and Mr. and Mrs. F. R. Simpson, 43 Highland Park Blvd. I believe there are some others of the community who also have the same plans but unfortunately I was not able to get the correct information for this week's paper, but would appreciate hearing from them in time for the next edition.

Here is an important item to telephone users in this area. As you know, you can call Simpsons, without charge on a Zenith number. However, many people report being charged for these calls. This is due to sometimes asking for the store and the local operator doesn't use the Zenith number. Therefore the Long Distance supervisor advises that when placing a call to a Zenith number, you should ask the local operator for Long Distance and then state the Zenith number you are calling. By doing this you will avoid the chance of being billed for those long waiting calls to the stores.

**Home and School**  
The regular monthly meeting of Powell Road Home and School was held on Monday, December 17, at the school, with Mr. Robt. Fisher in the chair. This was a Christmas meeting. Rev. S. A. R. Wood of Trinity Anglican Church, Thornhill gave us a most interesting, enlightening and thought-provoking talk as parent to parent on the religious side of training our children. Rev. Wood pointed out that regardless of what faith a person is, it is vital to have that faith.

**Boys' Recreation Club**  
The regular weekly meeting was held at North York Veterans Hall, on Thursday, December 13. This meeting was one of fun and games as a closing meeting before the holiday season. Meetings are postponed until the New Year. The lumber has been received for the hockey cushion and some of the hockey got busy over the weekend and have the supports for the cushion ready, and as soon as the grading is completed, they will be put in place and the final finishing done. Sure hope the freezing weather lasts for the rink to get in good shape. The committee was very sorry that the intended paper collection was not conducted last Saturday as planned. The boys and men were all on hand, and the company which takes the paper would not send their truck out on account of the storm. However they hope to make arrangements for one in the near future and you will be notified. Merry Christmas to all from the Boys' Club.

Highland Park Women's Association Christmas Party was held on a stormy Tuesday night, December 18. However there was a good attendance and the party was a real success. The children enjoyed cartoon films, sang Christmas songs, saw Santa who gave them all fruit and candies. Then the ladies served cookies, ice cream and soft drinks and everyone thoroughly enjoyed this portion of the program and all went home feeling well satisfied that the party was a grand start for Christmas. A vote of thanks to all who were responsible for this treat to the children of the community.

On behalf of the children, your paper carriers and myself, I take this opportunity to wish everyone a Merry, Merry Christmas.

**Home and School**  
The regular monthly meeting was held Tuesday, December 11 with Mrs. A. O'Brien, vice-president presiding in the president's absence. Plans were completed for the Christmas meeting to be held in Powell Road School Monday, December 17. There will be music, a film and a very well-known speaker, Rev. S. A. R. Wood. A presentation will be made to the school. It is the first of many such presentations we hope with everyone supporting the Home and School and its aims, great things can be done for the children.

## HOSPITALS know

Aluminum is friendly to food

Hospitals must be careful about their kitchens. Cooking utensils must meet the highest hygienic standards in food preparation. That's why hospitals use so many aluminum utensils. Aluminum is ideal in contact with food. And this food-friendly metal helps prepare meals more easily because it heats so quickly and evenly. Millions of Canadian housewives enjoy these "aluminum advantages", too. They cook better, cook more easily and protect the flavour and quality of their food with aluminum utensils.

Aluminum is friendly to health

HOSPITALS know

ALUMINUM the metal of many uses SERVES THE DOCTOR. TOO!

- Aluminum caps are used on blood plasma bottles.
- Aluminum capsules are used to protect serums.
- Aluminum jells are used in treating ulcers.

IN THE FOOD INDUSTRY. ALSO, aluminum continues its good job of protecting purity and quality. Chocolate bars, tea, butter, margarine and many other foodstuffs are wrapped in aluminum foil.

IN THE DAIRY INDUSTRY milk pails and many parts of modern milking machines are made of aluminum. And when you see a bottle of milk with a gleaming aluminum foil top, you can be sure of purity well protected.
