

Maple Man Owner Of Famous Cattle

For many years, dairymen throughout the world have aimed at having a cow produce 1,000 lbs. butterfat in 305 days, twice-a-day milking, yet no animal came within 100 lbs. of this figure until last Spring when Roeland Rag Apple Cherry, a purebred Holstein, set a championship mark of 1,011 lbs. fat. Now her paternal sister, Roeland Rag Apple Lilly, has wrested the Championship from Cherry by producing 1,089 lbs. butterfat from 23,041 lbs. milk in 305 days on twice-a-day milking. The breeder and owner of both animals is J. W. Greenwood, Maple, Ont. Cherry made her record as a seven-year-old and Lilly as a five-year-old. Both were tested in the Record of Performance under the supervision of the Canadian Department of Agriculture.

A year ago Lilly established a World Record for fat of 1,055 lbs. in the senior four-year-old class of the 365 day division on twice-a-day milking. At the time she was expected to set a new mark for the 305 day division but missed calving by several days within the 400 day limit from the start of her record which is required for the 305 day division. As a senior 3-year-old she produced in 305 days on 2x, 18,703 lbs. milk containing 811 lbs. fat, which stands second for fat and fifth in milk in Canada for all time and as a junior two-year-old produced in 365 days on 2x 827 lbs. fat from 18,593 lbs. milk which at the time was a World Record for the class.

Lilly, Cherry, Daisy and Jane, four paternal sisters in the Greenwood herd have between them in the past few years broken no less than six World Records for production and have completed 12 Superior Production records that is records that rate within the top five ever made in Canada in their class. All are sired by Kenevelyn Rag Apple Supreme, and Lilly and Daisy are full sisters as are Cherry and Jane.

Of the famous four sisters, two of them Lilly and Cherry have been classified "Excellent" the highest attainable rating for type and Daisy has been classified Very Good while Jane is Good Plus.

York County Agricultural Rep. Has Interesting Trip

Plowmen of York County have been awarded several trips in recent years but this time their Agricultural Representative was the one who hit the road with his club bag when he was asked by the Ontario Plowmen's Association to act as trip manager for the two boys in the Inter-County Tractor class at the recent International Plowing Match. These boys were winners of trips to Chicago, donated by the British American Oil Co. to attend the International Livestock Exposition and the 4-H Club Congress. Elmer Erb of Perth County and Larry Hare of Haldimand County, accompanied by Agricultural Representative W. M. Cockburn of York County, left on November 24 and returned on Saturday, December 1, travelling by special coach with the twenty-five Junior Farmers from various counties who attended the 4-H Congress.

Mr. Cockburn states that they received a very warm welcome from their American cousins attending the Congress and were royally entertained. In addition to attending sessions of the Congress, their programme included an extended sight-seeing trip of the city, as guests of the International Harvester Co. of Hamilton; visits to the world famous Adler Planetarium for a demonstration of the skies of tomorrow; the Garfield Conservatory which has the largest collection of tropical plants under glass; the Museum of Science and Industry with its seven acres of exhibits including a full scale demonstration of coal mining.

East Ratepayers

The regular monthly meeting of the Langstaff Ratepayers' Association (east side) was held Monday, December 10, at the school. An amendment was made to the constitution to have a corresponding secretary and a recording secretary, rather than one secretary as before. Place of meeting was changed to read Langstaff Public School. One of the members reported some improvements had been made on Carrville Road as a result of a petition forwarded to the township by the residents of that district. Discussion was held on taxes and assessments and it was decided to invite the assessor to attend the January meeting.

The election of officers for 1952 has been postponed until the February meeting. Finances of the association were discussed at some length and it was shown that a large membership is required in order to carry on the work. Membership drive will be held shortly and it is hoped that all families in the area will show their interest by taking out membership for the coming year.

Dr. Hirschmanova told of seeing the children eating grass and dry leaves boiled in salt water. Five dollars was collected and sent on. One dollar will buy food for one child for one month, and so five children will have a little more to eat for Christmas, thanks to the citizens of Langstaff.

Mrs. Colin Renton of Garden Ave., had the misfortune to fall on the icy road and suffered a nasty bump on the head. This time of year calls for caution while walking or driving. Mrs. F. Morris, the good samaritan that she is administered first aid.

A light ton truck approaching the stop light at Yonge Street and No. 7 Highway. The light was red. The changing temperature and snow had put a slick surface on the pavement. The driver applied his brakes sharply and got the surprise of his life when his truck made a complete right-about turn. Had there been traffic making a right hand turn onto No. 7 there could have been a grim accident.
