Markham Twp. Wants Annex. Hearing Postponed 3 Months

The question of the annexation by Richmond Hill of the Elmwood-Harding sub-divisions was carried further when two delegations, one composed of Mr. Richard Shorten, Mrs. Williamson, and Mr. and Mrs. Strand, and the other of Mr. J. E. Teetzel, attended the Monday afternoon meeting of Markham Township Council. This marked the first regular meeting of the 1952 council and also featured the entrance of Mr. Alf LeMasurier and Mr. Arthur Lennie into municipal life.

Mr. Shorten, as spokesman for the group, stressed the fact that they were appearing before the council as representatives of some of the residents in the area, and not of the Elmwood-Harding Ratepayers Association. Mr. Shorten wished to have the January 9th meeting of the Municipal Board held over until more information could be secured as to the pros and cons of annexation. The speaker spoke of his morning meeting with Richmond Hill council and claimed this body refused to co-operate in trying to have the hearing postponed.

Reeve Timbers in reviewing the matter said that last summer certain industry wanted to locate near Richmond Hill in what was part of Markham Township. This industry required certain services, e.g. water which Richmond Hill could give them. He said one thing led to another until somebody suggested annexation, but that there was some dissatisfaction as to the boundaries of the area to be annexed. Mr. Timbers stressed to those present that at no time was there anything more than a verbal agreement between the two councils. As late as last November while attending a meeting of County Council Mr. Timbers said he was approached by the Reeve and Deputy-Reeve of Richmond Hill and asked if Markham's feelings on annexation were still the same. Mr. Timbers replied that Markham Council had not discussed it further or reached a decision. Mr. Timbers felt the fair way to handle the matter would be to take a vote of the people concerned in order to ascertain their real feelings on annexation.

Councillor Charles Hooper's statement at the previous Friday meeting of the Elmwood-Harding Ratepayers to the effect that Markham Township had not received official notice of the January 9th hearing of the Municipal Board was refuted when Clerk Charles Hoover said the Township had certainly received official notice from the Board. Reeve Timbers said that any objections to annexation could be aired at the Wednesday meeting but warned that the people should not object unless they are sure they wish to remain in Markham Township. The Municipal Board can, if they deem it necessary, ask for a vote to be taken in the area to be annexed.

Councillor Hooper entered the discussion by claiming that it was the real estate men who started the ball rolling on annexation and that Markham council heard more about the subject from these same real estate men than they ever did from Richmond Hill council. In reply to a question by Mr. J. E. Teetzel of the Harding Park subdivision that it was his understanding the Elmwood-Harding area had asked Richmond Hill to take them into the village, Mr. Shorten denied this emphatically and said that the subdivisions had never asked to be taken into Richmond Hill. Mr. Hooper claimed "Richmond Hill is attempting to grab some of the Township's choice land" and that he could not see how a small village like Richmond Hill could take land from one Township and fail to touch another.

Mr. Teetzel who waited on the council as a representative of the people in the Harding Park area said that 90% of the residents in that area were in favour of annexation. He spoke strongly in support of annexation and outlined the benefits to be gained by entering Richmond Hill.

On the question of the date set for the annexation hearing Mr. Teetzel said that Richmond Hill

had no say as to when the meeting would be held. Councillor Hooper felt that the village could have asked for a special date. He also felt there must have been some "special work" behind the scenes in order that the Municipal Board would act so quickly on the village's application. Mr. Teetzel in referring to his 25 years of residence in Markham Township reminded Councillor Hooper that he often heard him refer to the subdivisions in the township as headaches, and that the back of the township was always paying for the front.

Final end of the discussion came with council passing a motion in which Markham township requested the Municipal Board to postpone the annexation hearing for three months from January 9th, in order that all concerned may have a better opportunity to become acquainted with the issues concerned. Councillor Hooper felt that in order to give the matter adequate consideration the period of postponement should be for six months and not three months. However the motion was allowed to stand at three months.

Reeve Timbers informed the members that in an earlier conversation with Richmond Hill Council they had suggested if there were any difficulties in the matter Richmond Hill would be willing to meet the Markham council on Tuesday, January 8. Deputy-Reeve James felt that nothing could be gained by meeting the day before the Municipal Board hearing.

The Council appointed Mr. W. J. Spears as the Township Attendance Officer for 1952. He will replace the former officer who passed on recently. The meeting also saw the appointment of the township committees for the coming year. Roads: Deputy-Reeve James and Councillor LeMasurier. Property: Deputy-Reeve James and Councillor LeMasurier. Police: Councillors Hooper and Lennie. Fire: Councillors LeMasurier and Lennie. Deputy-Reeve James will be the representative on the Board of Health.
