**Highland Park Association**  
 First regular meeting for the new year was held Monday, January 14, at Powell Road School, with Mr. Al. Stagg, president in the chair. An attendance of 65 was recorded, which was very good weather considered. The guest speaker of the evening was Dr. King, M.O.H. for North County Health Unit, who tried to enlighten the audience in regard to the sewage problem facing this sub-division.

He explained that each property owner is responsible for the condition of his own septic tank and field tile. He also explained that under the Public Health Act, it is illegal for anyone to empty wash water or sewage waste into the ditches. He spent a lively half hour answering the many questions fired at him by those present. A vote of thanks was extended to Dr. King by the president for his time and effort expended on our behalf. A discussion was also brought up on the probability of kindergarten or retarded class being established in the school area. It was agreed that at next monthly meeting, a representative of school board would be asked to bring us a message on this point.

Mr. Robt. Fisher, president of Powell Road school spoke briefly on the many benefits to parents who attend Home and School meetings, and extended everyone an invitation to the next general meeting on January 28, which will be Citizenship Night, and asked the support of Highland Park residents for the Powell Road Home and School.

A committee was formed to line up monitors for each block of each street to keep all residents notified and up-to-date on all points of interest. This committee consists of K. Stephenson, C. Stocking, John Ariss, A. Herron, J. Moynes, R. Weaving and E. Fray. These gentlemen will also act as nominating committee for next season. Anyone wishing to volunteer as monitors for their own locality may contact any of the committee mentioned or any of the following executive members. Mrs. Gazey, 418 R; D. Nicol, 415W, A. Stagg, 625 W; J. Forrest 448J; H. Bell, 474 J; H. Johnson 634W; G. McCallum 460J. Your assistance will be greatly appreciated.

It was agreed that membership fee for 1952 would remain at one dollar per family. Membership canvass will be conducted in the near future. It was suggested that public telephone booths in this subdivision would help any persons, who are unable to secure personal phones at present. The street light petition has grown tremendously and Markham Council will be asked to secure the cost of lights from the hydro. A vote of appreciation was expressed to the road department on the good job of snow ploughing in our neighborhood, and a request is made to all residents to keep their cars out of the lane of snow ploughs during snowfalls to facilitate this good service being continued. It was announced by Mrs. Mc-

Don't forget to attend Powell Road Home and School meeting on Monday, January 28. A good program has been planned on Citizenship. At the school, 8.15 p.m. sharp.

Art Group, Yes, it's still holding classes on Friday nights at Mrs. Coleman's, 9 Drury Ave. Any newcomers will be welcomed. The different members are working in oils, charcoal and general sketching, so anyone can start in and follow along.

Highland Park Boys Recreation Club held its regular weekly meeting on Thursday, January 18, when modelling was conducted. Mr. W. Sanders instructed the boys on making armatures from wire for building the clay on, and the boys are using these to show their interest in the subject and have been promised the real modelling clay if they prove they are genuine, interested. A very special night is planned for the January 31 meeting, so watch for further announcement. The rink has been delayed by mild spells, and after several attempts to flood it, we hope the cold spell stays for a few days. Flooding is again in progress and we sincerely hope the skating will be possible this week.

It's a very small world after all. Mrs. Lee of Highland Park was shopping in one of the local stores and spoke to the lady next to her. On receiving an answer, she said, "Why you are from England too." Of course she and Mrs. Norris, also of Highland Park discovered that they had lived only five miles apart in England and now live not five minutes apart. So, it pays to be friendly and make acquaintances. It's really good to meet someone with so much in common.

Sorry to learn that Miss Barbara Barrow, 27 Drury, has been away from University this past week, with the flu.

Belated birthday wishes go to Mrs. Cole Sr. of Drury Ave., who celebrated her birthday on Friday, January 19.

Understand P. Crapper, 75 Highland Park, suffered a sprained ankle at work last week. Glad to know it wasn't too serious and he is back to work again.

Mr. and Mrs. M. M. Campbell of Winnipeg, are visiting Mrs. M. Cordingly, 69 Drury Ave. The Campbells are sister and brother-in-law of Mrs. Cordingly. We are sorry they arrived for the TTC strike which hinders their going many places of interest on their visit.

Sandra Lee, 9 Grandview Ave., was a very little girl by the picture of her in the evening paper with a doll. She hitchhiked to Simpson's with mom and was interviewed and photographed during the Homemakers displays. Understand just the doll got the Toni wave.
