TEMPERANCEVILLE NEWS

CORRESPONDENT: MRS. ED. PAXTON, R. R. 3, KING
Phone King 3R11

The annual congregational meeting of Temperanceville United Church was held in the church basement on Wednesday, January 23. With Mr. Moddle acting as chairman, the annual reports of the church, Sunday school, W.A. and W.M.S. were given. These reports showed an increase over 1950 in each instance, which was very gratifying to all organizations.

The election of officers for 1952 resulted in the following: Honorary member of the Board of Session Mr. Walter Bovair; officers of the Board of Sessions: Mrs. F. Wilkins, Mr. J. Umehara, Mrs. A. Follitt, Mr. W. Hare, Mr. W. Jennings.

Officers of Board of Stewards: Mr. W. Turner, Mr. C. Beynon, Mr. W. Mitchell, Mr. E. Jennings, Mr. W. Jennings, Mr. B. Palmer, Mr. F. Boys, Mr. F. Hare and Mr. C. Stephenson.

Parsonage Board: Mr. J. Umehara, Mr. C. Stephenson. Business was discussed at the close of which Mr. Boys moved a vote of thanks on behalf of the congregation to all members of the choir for the lively music rendered during the year 1951. This was seconded by Mr. W. Jennings.

A social period followed the meeting during which time the ladies served lunch.

The teachers and officers of the Sunday School for 1952 are: Superintendent, Mrs. W. Jennings; assistant, Mrs. B. Palmer; secretary, Master Gerrat Herrima; assistant sec, Miss Irene Mashinter; treasurer, Miss Shirley Hare; beginners, Miss Shirley Hare, assistant, Mrs. D. Dixon; primary, Miss Irene Mashinter, assistant, Mrs. D. Dixon; juniors, Miss Isabel Mashinter, assistant, Mrs. Ed. Paxton; intermediate, Mrs. W. Jennings; senior Mrs. B. Palmer, assistant, Mrs. A. Follitt, Temperance convener, Mrs. W. Jennings; Missionary convener, Mrs. Ed. Paxton.

The work of Mr. W. Mitchell as superintendent for the Sunday School during 1950 and 1951 is very much appreciated and it is the wish of the community that Mrs. W. Jennings will enjoy her office in 1952. There were 45 children present on January 27, Mrs. Jennings first day as superintendent of Temperanceville Sunday School. Everyone is invited to attend.

Square Dancing
The square dancing group of Oak Ridges had the largest attendance last Thursday night, having enough members present to form 5 full squares. It was a lively evening with Mr. Jim Egan of Oak Ridges and Mr. Carson Whelan of Elgin Mills taking turns with the calling. During the past two weeks the members have had the opportunity to suggest names for the group. The suggestions were voted on last week and the name chosen was "Oak Ridges Ole Tyme Dance Club." There were fifteen new members: Mr. and Mrs. B. Comfort and son Lawrence, Mr. Len Hopkins, Mr. and Mrs. Alec Gallacher, Mr. and Mrs. Roy Roberts, Mrs. C. Obee, all of Oak Ridges. King City was represented by six of the new dancers: Mr. and Mrs. John Belkott, Mr. and Mrs. Bill Poog, Mr. and Mrs. Tony Hood. It is unfortunate that the dancing space is limited the result of which new members can no longer be admitted. However those interested can leave their names with the secretary, Mrs. D. A. Anderson to be put on the waiting list for future entry to the club if space is available.

W. A.
Members of the W.A. spent a very pleasant day at the home of Mrs. John Umehara when they completed three quilts to be used for relief purposes. At noon the ladies enjoyed a most appetizing pot luck dinner and at four o'clock a cup of coffee and cake.

THE LEGIONNAIRES Branch 375 Canadian Legion, B.E.S.L. Richmond Hill

Members please not date for the next regular meeting Zone E-2 to be held in Aurora is Wednesday, February 6, 8 p.m. It is very important that each Branch will have in attendance its Sports Officer or some delegate representing him.

A very important business meeting was held in "Legion Memorial Hall", Carrville Rd., January 24, with both the Legion Branch 375 and Ladies Auxiliary being in attendance. The social activities took first place on the program with euchre Monday night of each week by the Ladies Auxiliary and Bingo Wednesday night until further notice by the Branch. Already these events are becoming a popular feature. Also there is planned a big social event for February 14, St. Valentine's. Watch for further announcements in Coming Events.

EVERY DAY: Remember that the Coming Events column is a cheap and effective way of telling others of your dance or bazaar or other money-making event. It's an effective way, too, of making sure of good attendance by reminding members of date of meetings.

1952's NEWER and MIGHTIER CHEVROLET TRUCKS

give you
THE BEST AND THE MOST FOR YOUR MONEY

Nineteen-fifty-two brings a new era in Truck Transportation — made possible by Chevrolet engineers! Here, for '52, are more Chevrolet Truck models to choose from than ever before! They'll carry bigger payloads! They'll haul loads faster — powered by the famous valve-in-head Chevrolet engines rated up to 120 horsepower.

It's a fact! Wherever trucks must really earn their way, wherever costs are figured down to the last cent — that's where a 1952 Chevrolet Truck, and only a Chevrolet, fills the bill! That's true whether your job calls for a sedan delivery or an extra-heavy!

See for yourself. Check Chevrolet Trucks point for point — count up the features that make Chevrolet more than ever The Leader! First in value, first in demand, first by far in actual sales!

A GENERAL MOTORS VALUE

BEST... Models for every load and purpose

Whatever your trucking needs, there's a Chevrolet truck model suited for your purpose. Whether you're in the market for panel deliveries, cab-over engines, forward controls or any other style, you owe it to yourself to see your Chevrolet truck dealer. That's where you'll find exactly the truck you want.

MOST... Complete range of wheelbases and carrying capacities

The Chevrolet truck line for '52 offers you a wider choice of wheelbases, ranging right up to 212". Carrying capacities have also been increased to 17,500 lbs. with the 1700 Heavy Duty series. And all this extra payload and carrying capacity is yours at amazingly low cost. No other truck line gives you so much for so little.

BEST... Axle capacities for every job

The right axle for any type hauling job — still another reason why the Chevrolet truck line lets you carry more payload without overloading. Chevrolet truck axles are designed to absorb the shocks and jolts caused by rough roads and heavy loads. What's more, they deliver greater pulling power with less engine effort throughout the entire speed range. And there's now a heavier two-speed rear axle available for the Heavy Duty models.

MOST... 4 great power plants to choose from

To the three already famous Chevrolet valve-in-head truck engines, a brand-new fourth power plant has been added! It's a massive, heavy-duty 120-h.p. engine designed to deliver outstanding performance under the toughest working conditions. Whether you choose the 92 h.p. Thriftmaster, the 105 h.p. Loadmaster, the 114 h.p. Torquemaster or the husky new 120 h.p. engine, you can be sure of greater dependability and greater power-per-gallon from a Chevrolet valve-in-head truck engine.
