Everyone who attended the meeting of the Vaughan Teachers' Association held in Pine Grove School last week were greatly impressed with Mrs. Bowman's zeal and skill in speech therapy. She helped each teacher with a discussion of individual problems and finished it with a demonstration of her methods on two small boys from Pine Grove School who were having speech difficulties. They left feeling they had all benefited greatly from this experience.

About sixty children in the school received toxoid in January. There was a much better attendance record in January than in any previous month during the school year and we hope this is a good sign of better general health among the pupils.

"Elmer" the safety elephant flag is still flying over Concord School and the teachers and pupils are hoping to keep him flying for the rest of the year.

Meeting a need within their church, the members and adherents of the Lutheran Church, Sherwood met last week to organize a social group. It is hoped that the people especially the newcomers who live at distant points will take this opportunity of getting together to discuss church topics and enjoy a social evening.

They were encouraged by an attendance of 13 people at their first meeting and hope for a good attendance at the next meeting which will be held at the home of Mr. and Mrs. Joe Keffer in about two weeks' time.

On January 18, Fraserdale Farms, Concord, imported the Guernsey bull McDonald Farms Pre Rex from McDonald Farms, Cortland, N. Y., U.S.A. The sire of Rex has been the sire of the undefeated Get of Sire at the National Dairy Show in 1950 and 1951. His dam, who has a parentage of "Excellent" ancestry is a full sister to the sire of the Junior Get of Sire which won at the 1951 National Dairy Show.

This bull was bought to cross on the daughter of McDonald Farms Fore Nimble. "Nimble" was purchased by a syndicate of Guernsey breeders in 1949 for \$7,000 and has 35 daughters in the Fraserdale herd.

(Too late for last week)

In spite of the stormy weather there was a good attendance at the January meeting of the Oak Ridges Home and School Association. It was gratifying to see so many fathers present. This was health night and the health committee reported a busy season to date.

Mattresses have been collected and covers made for them for use as tumbling mats in the school. Since Xmas boys of grades 6-7-8 have been coached and at Tuesday night's meeting two groups of 15 boys each, gave a demonstration of rolls, head stands, hand stands, and pyramids, which did great credit to their teacher and their own hard work and long hours of practise. The health room in the school has been renovated by this committee. Members cleaned the room, put up shelves for supplies and added some new linen for the bed.

Outlines of the work of a public health unit were sent to every member before the meeting and the guest speaker was Dr. Robert King, Newmarket, director of the York County Public Health Unit. Dr. King pointed out that Public Health work is not a form of charity for a few people in the community. It is the modern intelligent method of preventing illness in the whole community and the control of it when it does occur.

This is done by an inoculation program for all children, by enforcing of quarantine and isolation of infectious diseases, and by visits of the public health nurse to the school. Also the unit provides inspection of sanitary conditions throughout the community.

The provincial government pays one half the cost of the health unit to the township councils. The people pay their half through their taxes and the cost is one mill on the equalized assessment, roughly one dollar for every thousand dollars of assessment.

It was the unanimous decision of the large number present to send a delegation to Whitchurch and King Councils asking for the services of the York County Health Unit in this district. A vote of thanks was tendered Dr. King by Dr. D. Gunn.

Mrs. Harold Woolnough is the new recording secretary taking the place of Mrs. G.O.T. Gamble who has gone to England.

A balance of over \$100 was reported by the treasurer. It was decided to purchase nine film strips for the projector in the school, also blackout curtains.

Refreshments were served by the social convener Mrs. Robt. Ash and her committee. Mrs. John Gemmill poured tea.

Mrs. George Walker, Aurora, and Mrs. Howard Hulme had dinner on January 29 with Mr. and Mrs. Leslie Borden of Oakville. They visited the Rebekah Lodge at Oakville in the evening.

The executive of the Old Tym Dance Club, Oak Ridges, met at the home of Mrs. J. McDougall to draw up a general program for the Club. The membership being closed they will now be able to concentrate on perfection of steps. Under discussion also was the matter of purchasing an amplifier for club use.

Members of the executive of the above dance group have offered to assist with the formation of a square dance group in the Lake Wilcox School. Will anyone interested, especially the older teenagers contact Mrs. C. L. Stephenson or Mrs. Cross.

Rev. L. R. Coupland and Mrs. Coupland and family were guests on Sunday of Mr. and Mrs. L. Harnden, Wilcox Lake.

Last Tuesday morning, January 29, thermometers at the Lake reached a low of 24 degrees below zero. This Tuesday it was a mild 32 above. In between we had rain and snow. Mrs. Marshall of the Oak Ridges Gray Coach terminal reports traffic on Yonge Street and business done on Sunday, February 3, almost equalled summertime.

Mr. Roald Laing and Mr. Donald Anderson have joined the Oak Ridges Lions Club.

32 books suitable for boys and girls were sent to Lake Wilcox school last week by a family that had outgrown them. The library is still very inadequate for nearly 200 children. If you can spare books the children would enjoy will you contact King 97 ring 13 and they will be called for.

The juniors meet at 7 o'clock. Last week a study of the life of David in film and story was led by Mr. Sheldon. This will be continued this coming Friday. Rev. L. R. Coupland pastor in charge was present to give valued leadership to both groups.

Mrs. C. H. Knuckey poured tea at last week's Home and School Association meeting at Oak Ridges.

Mr. George Kay of the Humber Valley Conservation Authority and the Don Valley Conservation Authority visited the Lake Wilcox School Friday afternoon, much to the delight of the school. Three films were shown. Introduced by Mrs. C. L. Stephenson, the thanks of the children were conveyed to Mr. Kay by the principal of the school, Mrs. G. Cross.

Mrs. Charles Bayford, well-known in this district thirty years ago when she owned a general store in King City, celebrated her 81st birthday recently at the home of her son and his wife, Mr. and Mrs. Geo. Bayford, Fallingbrook, Scarborough. Guests at the family party to honor the event were her daughter and her family, Mr. and Mrs. Stewart Beamish of Wilcox Lake.

Mrs. Stewart Beamish, owner of a lovely garden at Lake Wilcox, is feeding each day a flock of pheasants, several blue jays and a cardinal. They nest in the big pine trees close by and come out for their food.

Mrs. S. Tennant of Pembroke is visiting her sister and brother-in-law, Mr. and Mrs. John Gemmill.

Mrs. S. Murch and Mrs. S. Norman, Bond Ave., are attending a course in plastics in Toronto on Tuesday nights.

Twenty of the girls at Lake Wilcox have registered with the principal Mrs. Cross to take a course in sewing under the direction of some of the mothers who are good seamstresses. They will start off with darning, mending and making an apron. More about this next week when the organization is a bit further along.

What a wonderful party he had; loads of fun; birthday gifts; a table set with place cards for his guests; oodles of good food with birthday cake on which lighted candles were placed so that each member of the party might help one out. Those present to help celebrate the occasion were Wendy Canning, Johnny and Paty Kerr, Judy and Wayne Paxton, Nancy and Diana Jennings, Sharon Palmer and Murray Robinson. A number of articles have been written regarding the activities of the Oak Ridges Square dancing club. However this correspondent had the pleasure of watching the group in action for a short period last week. May it be said that they are one of the most enthusiastic and congenial groups ever witnessed. Everyone is fully relaxed and thoroughly enjoying the two hour period of dancing. It is unfortunate that no other entries can be made at present but a waiting list is welcomed.

It is with deep regret that sympathy is extended to Mrs. Ernest Dobb, Mr. and Mrs. D. Dobb and their daughters in the passing of Mr. Ernest Dobb on January 30.

It is a pleasure to see Mrs. E. Phillips able to be out again after her illness.
