R. Hill Public School Board Discusses School Question

At their March meeting held last Friday evening the members of the Richmond Hill Public School Board again discussed the problem of a new school. Chairman James Pollard reported the by-law covering the \$12,000 to be used for the purchase of the school site had been signed but not returned by the Municipal Board.

Trustees Langstaff and Wilson, the committee given the responsibility of locating several new teachers had nothing yet to report. The Board felt they will require at least three new teachers. It was decided to advertise in one of the Dailies for possible teaching candidates.

The members spent some time reviewing the cost involved in transportation. When the transporting of students was first introduced it cost the Board \$90 month. Today this figure has risen to \$300 a month.

On the matter of future school accommodation the Board will try to secure use of one of three places either the Masonic Hall, United Church Sunday School, or the Lions Community Hall.

Mr. Butlin reported a meeting had been arranged for Sunday between himself and Trustee Wilson and the Lions Building Committee to discuss possible use of part of the Community Hall as a classroom.

Mr. Paul Angle, well known rose grower and horticulturalist, will be the guest speaker. Come and hear how easy it is to grow beautiful roses, and bring along questions for the experts to answer.

There will be refreshments and the usual attractive door prize. Premiums of three double flowering Begonia tubers will also be distributed.
