(Held from last week)

Wedding
 The wedding took place March 1, at the Church of the Good Shepherd, Mount Dennis of Clarice May, daughter of Mr. and Mrs. Sim Foster of Mount Dennis and William Stephen Ascott, son of Mr. and Mrs. Stephen Ascott, 7th concession, King. The bride's wedding gown was of white satin and lace, with finger tip veil and she was attended by the groom's sister, Mrs. John Travis as matron of honor, Mrs. Travis wore mauve taffeta, and two junior bridesmaids who were young cousins of the bride, made a pretty picture dressed in yellow taffeta. After a reception which was held at the Club House, Mount Dennis, the young couple left for Detroit. Upon their return from their honeymoon they will make their home in Mount Dennis.

The wedding guests from King included the groom's parents and younger brother, Mr. and Mrs. Ascott and Bobby, Mr. and Mrs. J. A. Gillham, Mr. and Mrs. Arthur Carr, Mr. Stephen Carr, Mr. and Mrs. Harris Hilliard and Mr. Herbert Riddell.

OAK RIDGES & LAKE WILCOX NEWS
 CORRESPONDENT: MRS. C. L. STEPHENSON
 Telephone King 97R31

An interesting visitor in Oak Ridges last week was Mrs. Mary E. Buck R.N. who was a guest of her niece Mrs. Kenneth Arnold R. N. Bond Avenue.

Mrs. Buck who is a graduate of the Harper Hospital in Detroit, was a nurse in the Spanish American War and received a citation from President Woodrow Wilson. She represented the Detroit nursing association at International Convention in New York, where she met Miss Linda Richards and Miss Clara Barton, two graduates from the first school of nursing on this continent. Still very active Mrs. Buck enjoyed a day visiting friends in Barrie and also spent a day shopping in Toronto. This was her first meeting with her niece Mrs. Arnold as Mrs. Buck has been busy in other parts of the world and Mrs. Arnold grew up in the Canadian West. Both being nurses their week together was pleasant and Mrs. Buck intends to send her niece many interesting mementos she has received in her long career.

Miss Doreen Hilborn of Calgary is the very attractive new waitress at that popular eating spot, the Ridge Inn, Oak Ridges.

Miss Helen Topper was a guest at the Ridge Inn last week-end.

Mr. and Mrs. John Topper of Timmins will spend the Easter holidays in Oak Ridges.

Sorry to report that Mrs. Norman Boyd is on the sick list.

Mr. and Mrs. James Bolton, residents of this district who have been in Peterborough for some time are now living with their daughter and son-in-law, Mr. and Mrs. Ted Bunker. They will spend the summer here.

The Lake Wilcox Community Association is starting the dances for this year on Saturday, April 12 in the Community Hall, using records until May 24. Sunday night, 8.30, moving pictures will be shown in the Community Hall.

Mr. Ernest Davis, road superintendent for the township of Whitchurch is a busy man these days. He assures us that three days sunshine and a good strong wind will be the best remedy we can get for the roads. His men are busy giving temporary relief where possible but as usual at this time of the year the roads are impossible. We were told today that some of the streets in Willowdale are roped off to all traffic so we have company in our misery.

Mr. and Mrs. Grant Stephenson, Susan and Wendy are spending this week in Timmins, Ont., visiting Mr. and Mrs. John Lauder.

Mrs. Sydney Cole, Lakeland Ave. is the new secretary at Aurora High School. District pupils are eagerly anticipating the move to the new High School building which takes place at Easter. The huge gymnasium can be divided into two rooms simply by pressing a button which operates a movable wall. A cafeteria will be operated where pupils can obtain a full lunch or supplement the one carried from home. Built at a cost of some \$600,000 this is the most modern high school in Ontario.

The new owner of the Wheel House, Oak Ridges, Ralph Richards has completely redecorated the building and it looks very attractive. Red curtains have been hung at the windows, with the ceiling and walls painted yellow and gray. The "Singing Chef" is looking forward to serving the district at this popular spot and he plans to build a motel at the rear of the restaurant as well as install pressure water system.

Mr. Bud Maguire, recently returned from Korea, was admitted to Sunnybrook Hospital this week for an operation on his nose. His father, Mr. T. Maguire, a veteran of the first World War is a patient in the same hospital.

(Held from last week)

Mr. and Mrs. Thomas Summers, Lakeland Ave. have returned home with their new daughter, Mary who was born in Toronto in February.

PROTECTION
 against EVEN THIS!

Super-Lastic

Built stronger to last longer

*** ROAD HAZARD INSURED (See guarantee form)**

PURE NATURAL RUBBER GUM CUSHIONS—prevent bruising and breaking; absorb shocks!
 COLD RUBBER TREADS—wear longer, cut resistant!

Poultry Meeting
 The North York Poultry Association held a meeting in Temperanceville school, to discuss the new Poultry Marketing Act that was passed recently by the Provincial government, and to organize for balloting to discover whether the poultry industry is wholeheartedly in favor of putting the new marketing scheme into operation. Mr. J. Foraster was in the chair and 25 poultrymen were present at this meeting.

Over a year ago the Poultry Association of Ontario took a petition to ask the Ontario government to pass a poultry marketing bill. There were approximately 15,000 signatures to the request. The result has been that the Government after trying to stabilize the price of eggs by subsidy and by putting a floor price on eggs, has passed the Poultry Marketing Act, which will now give the poultry industry the chance to market their own product. Every poultry man should take an interest, now that the opportunity has been granted.

When the poultry industry takes over the stabilization of egg prices, they will finance the Poultry Marketing Act by levying a tax of one cent on each dozen of eggs sold this year. Then the Association will buy all surplus eggs when they are at their lowest prices, of probably 38 cents per dozen. These will be stored until the time of scarcity when they will be released. In this way the producers will benefit as they will be assured of profitable sales at all times of the year and the public will be assured of a fair price, with no sudden jumps to 90 cents, as has happened. After the first year, marketing association expects to be able to finance itself, without the one cent levy on each dozen sold.

Everyone who had poultry last year or who is going to raise poultry this year is eligible to cast a ballot. See advertisement in this issue for further information.

King City Requests Zoning By - Law

The trustees of King City drew up the following resolution when they held their regular monthly meeting, Monday evening, March 11, in the Masonic Hall: "That the township council be requested to enact a Zoning By-law, with building lot size schedule along the line of drafts supplied by the Department of Planning and Development." This means that for a one family dwelling in a part of the township with neither water nor sanitary sewer services, the lot must measure 15,000 square feet. For the same dwelling in a part of the township where water is supplied, but no sanitary sewers, the lot must be 7,500 square feet. Where both water and sewers are part of the service, the lot must be at least 5,000 square feet. This is a good guide for a Zoning By-law.

The same resolution also asks that the township council be requested not to approve any plans for subdivision within the area from the townline to 2 1/2 miles north of King City and from the 5th concession road to the 5th without consulting the trustees of the village.

County Weed Inspec. Visits King Township

The County and Township roads will be sprayed two weeks earlier this year, beginning during the second week in June, was the advice given by Frank Merritt, county weed inspector, when he reported to the King township council at their March meeting. The inspector has had best results with the volatile and dependable amine type of 2-4-D, with only two reports of damage caused by it. He asked that anyone finding rust in oats should report it to him, because where you find rust you will also find buckthorn, and buckthorn is a pest he is trying to keep out of King township.

Headed For The Cooler

Recently a Barred Rock Rooster owned by Mrs. H. G. Robertson, Elgin Mills, attacked her three-year-old son David causing three stitches to be made to his lip.

The rooster jumped on David, while he was playing in the back yard, knocking him down, and then attacking him. Said Mrs. Robertson, "the rooster's never done anything like this before, but it's certainly headed for the locker now."

LINGERLONG HOLSTEIN DISPERSAL

The dispersal sale of the Lingerlong herd of purebred Holsteins owned by Matson Bros., Palgrave, Ont., on March 31st brought the excellent average of \$407,000 with 53 head totalling \$21,610. Twenty-nine milking females averaged \$449; 9 bred heifers \$334; 2 open yearlings \$325; 11 heifer calves \$242 and 2 bulls \$392.

Top price was \$725 paid by Sam F. McClure, Brampton, for Lingerlong Monogram Pontiac, a five-year-old cow. A baby bull calf from this cow brought \$250 on the bid of Roy Arlow, Woodbridge.
