Miss Freda Farley who has been the teacher at Strange School for the past three years, leaves to join the opportunity and Handicraft course given at the Jarvis Street School for Boys, Toronto, this summer. This will prepare her for her new work of teaching retarded children in city schools. She has joined the Toronto Schools staff and will be assigned to a school in the autumn. On Wednesday evening two presentations were made to her by the school section and the children of the school. Carol Ann Egan had the honor to present her teacher with a silver plate, upon which was engraved "Strange School Pupils, 1952." The speech which accompanied the gift was made by Spencer Finch. Mrs. Norman Etheridge read the address which accompanied the presentation of a flash camera, given by Mr. Clyde Cairns on behalf of the school section. Miss Farley was completely surprised and while she thanked the older members in the audience gravely, she asked that she might thank the children privately at school on the following day. Miss E. Climpson, the new teacher who will begin her duties in September, was introduced during the evening.

Mrs. James Baxter 'Kincaldrum' welcomed the members of Kingcrafts to her home on Wednesday, June 25, where a picnic luncheon was enjoyed before the regular business meeting. Thirty-six members were present and they found the shady trees of Kincaldrum wonderful shelter on such a hot summer afternoon. The meeting dealt with the business of the recent sale of handicrafts, which was convened by Mrs. Geoffrey Beatty. Everyone decided that the sale had been successful beyond expectations and it was well worth the work of preparation. The conveners of the booths were congratulated especially Mrs. E. Rolphe, Mrs. Baxter and Mrs. L. Jewitt who were in charge of the Garden Booth, the Caledonia Market and the food booth respectively. A vote of special appreciation was given to Sir Ellsworth and Lady Flavell for lending "Kingswood" for the sale.

### ELGIN MILLS - JEFFERSON NEWS

CORRESPONDENT: MRS. H. G. ROBERTSON

Brookside Road, Telephone Turner 4-2334

St. John's Anglican W.A. held its regular monthly meeting on June 24 at the home of Mrs. S. C. Snively. It was a most enjoyable meeting as the members gathered on the screened terrace which overlooks Lake George. Mrs. Maurice Beynon presided and her mother, Mrs. John Gowan, Aurora, who is visiting at her daughter's home read the scripture lesson. After a short business meeting tea was served on the terrace.

We are glad to hear Mr. William Richards of Elgin Mills is out and around again after his recent operation.

One look, and it seemed as though nearly everyone in Concord was at the Lions Carnival in Thornhill Saturday night. Many younger people of this community participated in the various activities of the evening. Among those taking part in the parade were Carol Sissons, dressed as a nursemaid, wheeling her small sister, Kathy, in a decorated doll carriage, the two girls caught the eye of the judges and spectators alike and were each awarded a prize.

John Stuart was another lucky person at the Lions Carnival, winning a dozen fruit juice glasses and a box of chocolates.

Mr. and Mrs. Warren Baile were week-end guests in Laurel. Mrs. Allan Whaley, Karen and Warren are spending the week in Laurel with Mr. and Mrs. S. B. Baile.

Mr. Pete Barnes has returned to his home in Aylmer after spending a few days last week with his sister, Mrs. Darling and children.

A double portion of birthday congratulations go this week to Don Keffer and his cousin Stan Keffer whose birthdays are July 2.

Miss Susan Rumney was the afternoon guest this week of the Symons children of Port Hope who are visiting their grandparents, Mr. and Mrs. A. Bagg.

Our little community is indeed growing. Mrs. Witney has begun construction of her new home and a large addition is being made to the home of Mr. George Poole. Signs of the times lead us to believe that a new modern aluminium-ware factory will be built in the near future beside the CNR track to the south and west of the subway.

Mr. and Mrs. Ed McKrick of Toronto visited recently with Mrs. Chas. Whitney, Mr. and Mrs. Richard Bay and Mr. and Mrs. John Bay.

The district Calf Club combined with the York County Holstein Club at a twilight barn meeting at the Massey-Harris Farms, Milliken, on Tuesday, June 25. Four hundred farmers attended and tried their hand at grading during the Classification demonstration conducted by Prof. G. Rathby of Guelph. The fine new herd has recently been established by the Massey-Harris Co. on its Demonstration Farm.

Prof. J. S. Duncan, president of the Massey-Harris Co. spoke on "World Conditions Today", and stressed particularly the seriousness of Canada's dwindling export trade and suggested as a possible remedy that we "buy British" whenever we can.

The evening concluded with a lunch provided by the Massey-Harris Co.

The local club will meet with other 4-H Clubs in the county for a bus trip on July 23. Further particulars will appear in this column later when the plans are completed.

## Want HIGHER Taxes ?

"Don't be silly," you are likely to retort. But the question is not a foolish one. For if you keep asking the government to do things for you then you are automatically asking for higher taxes.

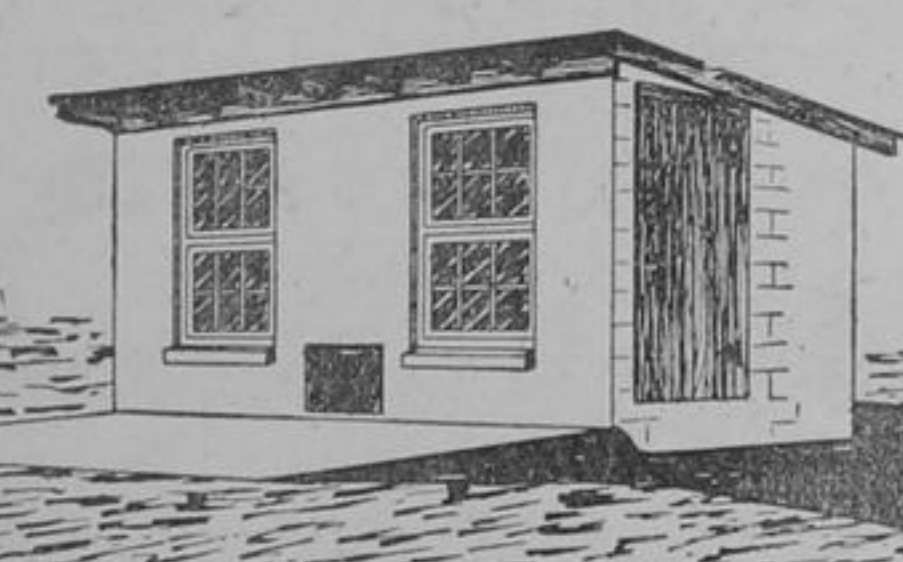

Government itself creates and possesses nothing. All it can do is to take something from the citizens and hand it back to them — less a handling charge to pay the wages of government employees and cost of distribution. Taxes are the means by which this transfer is made possible.

Higher wages without higher production per man mean higher prices. If welfare transfer payments are raised because of rising prices then taxes must go up too. Thus higher prices now mean higher taxes.

Keep these facts in mind when you read about new State welfare proposals, or about new wage demands that are not accompanied by assurance of higher per-man production.
