 In the Midget group Richvale and Highland Park commence play-offs Wednesday, August 13.
 The coaches for the teams are: Thornhill, Rev. E. E. Kent; Rich-

Diamond And Jensen Win Team Match - Greenfield - Leonard Tie

By Quintin Wight
 Gad sin! Have we wandered into the morgue by mistake? There are bodies lying all over the place. Let's turn back the clock a bit and find out the whys and wherefores.
 To begin with, it was another tag team match. Gori Mangotich and Paul Penchoff versus Canadian Champion Jack Diamond and Alex Jensen. Wonder of wonders Mangotich was a hero. This is unheard of in Richmond Hill. The first round was opened by Jensen and Penchoff, who began cleanly as usual, but ended up also as usual in a welter of punches, knees and judo chops. Mangotich snuck into the ring later and taught the champ a thing or two. Diamond was afraid to face him for the rest of the fight. Several knees in the throat of Penchoff softened him up for Jensen who pinned him in 19 minutes with his Cobra hold and a chest smash. Penchoff was bleeding from the mouth as he left the ring.
 The boys rallied in the second round however, and Gori took the fall from Diamond with a series of body slams and a backbreaker. This happened in eight minutes by the clock we turned back a minute ago.
 Poor Paul lost the fall and the match in the third round. Already groggy from repeated kneeling and punching by both Diamond and Jensen he was unable to reach Mangotich at the eleventh hour, and succumbed before an onslaught of body slams and knee drops from the champ. After the final fall, which took 14 minutes, they started all over again. This time the referees and the local constable were embroiled. Order was restored at last when the lights in the arena were turned off.
 The semi-final of the night was a two out of three fall match also. Tom Sullivan, at his dirtiest, gouged, bit, scratched and kicked Antonio Rocci, then clamped on his back Boston Crab and toe hold to take the first fall in 13 minutes. Rocci revived later on though, to finish Sullivan in the second round in ten minutes with a flying head scissors and wristlock, and in the third with much the same hold at the fifteen minute mark.
 In the preliminary, Joe Greenfield and "Rip" Leonard fought twenty minutes to a draw.

Pinecrest Becomes Only Stock Car Track In The Toronto Area

This week Pinecrest Speedway becomes the only stock car track in operation in the Toronto area and officials of the No. 7 Highway oval plan even bigger and better racing than has been. Proof through the first half of the calibre of the drivers at Pinecrest this season has been the inability of any one driver to stay on top in the twice weekly battle for the prize money. Four drivers have been marked to win three straight races—Charlie Fowler, Jack Burbridge, Ted Hogan and Ben Lalomia, but the string always seems to end there and somebody else moves into the spotlight. Last Saturday night for example over a rain-smear track Wild Bill Greathead, 280 pounder from Hamilton won the first feature race he has made since early in June but from the way Bull was driving that night it would appear that he is ready to make a good start at continued success. None of the well known drivers was able to survive the slippery track that night and lesser known jockeys, Brean Kent and Gord Smallacombe carefully piloted their cars into second and third places respectively. Nothing is sacred or certain in the stock car business, as a hero one night is likely to find himself eating exhaust the next.

North York Midgets Play At Local Carnival

It appears that the Richmond Hill Midget Team is down near the bottom of the list for the North York League but a few recent winnings and games hopeful, make the future look hopeful.

This Year No York Open Deer Season

There will be no open season for deer hunting in York County this year, the Provincial Government reports. There had been some talk of an open season but the general objection on the part of township councils seems to have influenced the matter.
 Many reports have been received to the effect that deer have been causing damage to farm crops. The general opinion among township officials, however, was that the farmers would rather have the deer nuisance than risk the damage and wild shooting by hunters.

Watch Granaries For The Weevil

With wheat threshing and combining under way, farmers are reminded to check on their granaries for grain weevil before putting in their new crop. Agricultural Representative W. M. Cockburn of Newmarket points out that each year shortly after the wheat is threshed, several farmers find their bins heating as a result of thousands of these small brown beetles, about 1/8 of an inch in length.
 Instructions for the treating of infested grain or granaries can be obtained from the office of the District Agricultural Representative at Newmarket.
