DEPT. OF HEALTH TP. OF NORTH YORK Points to Remember in Fly Control

I. Prevent fly-breeding as a first step, rather than resort to control of the adult. 2. Action against the larvae or maggots is more effective than against the adult fly. A 3% solution of a suitable coal tar distillate sprinkled over the infested parts gives good re-

3. Make certain that there are no unprotected accumulations of garbage or manure at or near the home, to which flies may have access. 4. Privies, if any, must be of fly-proof construction.

5. Keep food-stuffs covered at all times. 6. Screen all doors and wind-

ows properly and maintain free from holes or breaks. 7. Garbage cans must be water-tight and must have tightfitting covers.

8. Kill adult flies by insecticides, (D.D.T., Lindane), traps, swatting, etc. Burn dead flies. 9. Be careful to prevent insecticides contaminating foods. Wash your hands and face with soap and warm water after handling insecticides. Ensure free ventilation when using these substances. CARL E. HILL, M.D., M.O.H.

## ELECTRICAL TIPS FOR THE HOME

. . . If Your Closets Are More Than Three Feet Deep

DON'T put up with the annoyance and inconvenience of trying to find your clothes and other belongings in the dark.

DO install lights controlled by automatic door switches or by wall switches placed near the lock side of closet doors.

## The Problem Of The RETAIL MERCHANT

THE ONE PROBLEM common to all businessmen is - how to keep sales volume at a satisfactory level. This can be overcome to a great extent by carefully planned advertising. As a control medium advertising can be of considerable value in keeping sales at an economic level. Retail merchants nowever, especially those in small communities are confronted with the need of a very flexible advertiing medium. One that can be used regularly throughout the entire year. yet pliable enough to suit the needs of the moment. Also, it must be one that can be tailored to fit any budget and at the same time give maximum coverage. Due to fluctuating prices it must be advertising that can be planned to reach the buying public within two or three days.

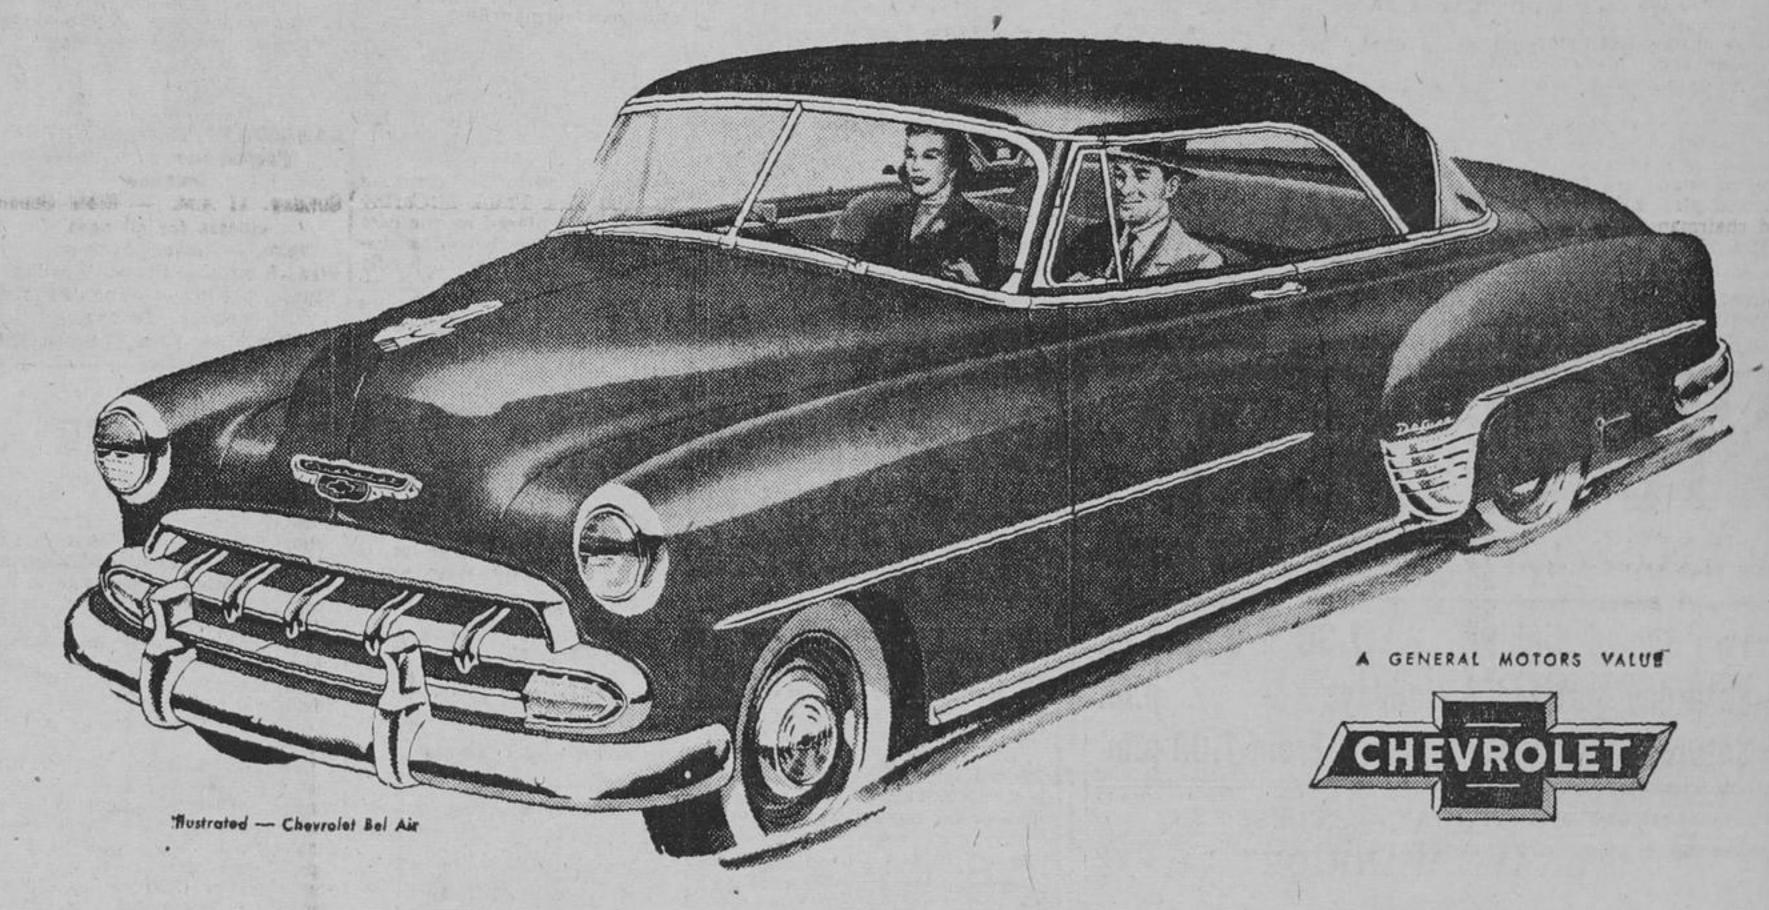

Newspaper Advertising is the advertising vehicle that has proved beyond doubt to be of greatest value to retail merchants. It fills all their requirements and has been the most important, single factor, in the success of so many.

The Liberal is at your service. We publish a well printed weekly paper that will give your advertising very good coverage in this area. A phone call to TURNER 4-'261 will bring a representative to your door.
