FUL-O-PEP GROWS BIG, THRIFTY CALVES!

PROMOTES BALANCED GROWTH

Rapid growth is not as important in raising calves as good, steady growth. Your calves should have a moderately rapid growth—better than average. Body development and strength of bone are as important as increased weight. There should be a consistent growth day by day. Remember—slow growth or no growth can never be made up.

EASY TO FEED!
CALVES TAKE TO IT QUICKLY!

The Sunday School opens on Sunday at 2:30 o'clock after the summer holidays. Mr. Lothian will become superintendent upon the resignation of C. Gordon Tetley, who has filed that position faithfully for the past two years. Besides his work in the city, he is studying for the ministry and he hopes to be ready for ordination in the Spring.
