Students Again Organize Subscription Drive

All those who bought magazine subscriptions from a Richmond Hill District High School student during their magazine subscription drive last year, will be interested to know that the students are again undertaking this project.

The purpose is to raise money for the school's student Council activities, and the students request that all subscribers who wish to renew their subscriptions please hold their renewals until a student from the High School calls this month.

R. H. Chamber of Commerce General Meeting

Mr. George Hill has announced a general meeting of the Richmond Hill Chamber of Commerce will be held Monday at 8 p.m. in Mr. Walter Scott's room at the Public School. The main topic on the agenda will be the important matter of adequate parking facilities in the village. The meeting will be of paramount importance to the retail merchants of this district.

At an executive meeting held last week serious consideration was given to this problem of parking on Yonge St. In a hope of possibly securing a more satisfactory parking area Mr. Ross Cox was delegated to approach Mr. G. B. Elliott regarding the possible renting of a lot on Arnold street for use as a parking lot.

Sept. 29 Date Of Mun. Bd. Hearing On Markham Tp. Debenture Issue

New Offices Are Topic Of Unionville Meeting

The Ontario Municipal Board has set Monday September 29, as the date for the holding of a public hearing regarding the floating of a \$50,000 debenture issue to cover the cost of constructing the new township offices at Buttonville. This meeting is scheduled for 10 a.m. at the Municipal Hall, Unionville.

At the hearing representatives of the Municipal Board will carefully gather information regarding the pros and cons of the \$50,000 debenture issue. Indications are that this meeting will be well attended.

The Municipal Board has forwarded to council a letter received from Mr. B. Rae, Unionville, requesting that a public hearing be held to discuss the building of the township's new offices.

Road Superintendent Art. Buchanan reported work on the Municipality's new \$35,000 garage situated at Buttonville is progressing favourably. The walls are practically up and it is expected the steel for the roof will be up by the end of this week.

Township Treasurer

The matter of whether the Council should interview the four applicants for Township Treasurer was revived by Councillor A. Lennie. "Has the whole idea been dropped?" quizzed Mr. Lennie. Deputy-Reeve A. James felt there wasn't much point in interviewing the applicants. A further suggestion by Councillor Lennie that the Council approach their Auditor for ideas regarding a possible Treasurer was opposed by Councillor C. Hooper. Councillor A. LeMasurier wanted any applicants to be interviewed by the Auditor as well as the Council. As a compromise it was decided that the two new applicants (two of the four applying had applied previously) plus any others who may appear will be interviewed at next Monday evening's meeting.

Joint Engineer for Mark & Vaun

As a means of securing better results on township roads bridges and ditches Councillors A. LeMasurier and A. Lennie moved and seconded that the townships of Markham and Vaughan investigate the possibility of hiring a Joint Engineer to serve both townships. In speaking to the resolution Mr. Lennie stated "In that way we would have the constant advice and service of a Professional Engineer". At present any engineering problem the township may have is handled by Toronto firm of Consulting Engineers. In 1951 Markham Township paid out \$4,950.00 to these consulting engineers and this year's bill will be somewhat higher. "The idea is alright", stated Deputy-Reeve James, "but a little premature". The resolution was carried by a majority of council.

School Area No. 1

Reports indicate that School Area No. 1 Markham-Vaughan is having difficulty in securing a 33-foot dedication of land from one of the two property owners situated on the south side of the east-end limits of Drury Avenue. This land is necessary for use in a 66 foot roadway leading into the new Thornhill Public School. Mr. Robinson of Brampton, owner of the property, has indicated he will sell the 1/4 acre of land for \$500.00 but refuses to dedicate it. As a possible solution to the problem the Road Committee (James and Hooper) will approach Mr. Robinson in this matter.

No. 417 Wing Assoc. Organize Activities

The initial fall meeting of No. 417 Wing Richmond Hill and District R.C.A.F. will be held on Tuesday, September 16, at 8 p.m. in the Legion Hall, Carrville Road West. Present plans are to hold the Associations regular meetings in the Legion Hall throughout the coming year.

President V. Lawrence announces the coming season's activities include a dance on October 3 in the Lions Hall with R.C.A.F. Band providing the music. It is also tentatively planned to hold a repeat R.C.A.F. Band Concert possibility in November.

Oak Ridges Group Re-Organize Ladies Auxiliary Of Scouts, Cubs, Brownies, Guides

Mrs. C. B. Cassidy presided at the first joint meeting of the Ladies Auxiliary of the Scouts, Cubs Guides and Brownies of Oak Ridges, held in Oak Ridges School last week.

Mrs. W. Marchelle, the secretary, read the minutes and correspondence. Several letters had been received from district officers in York Central congratulating Oak Ridges on the re-organization of this Ladies Auxiliary.

Mrs. J. P. Hadcock, the treasurer, reported that the former Auxiliary had turned over its bank balance of \$31.48 to this new group to start its bank account. One treasurer will look after the funds for the whole group and the money will be dispensed for the good of the four organizations — Scouts, Cubs, Guides and Brownies. President, Mrs. Cassidy, said expenses of the Mothers' Auxiliary would be kept at a minimum so that all money raised would be spent on the boys and girls of the district.

Notices of meetings will be sent out through the leaders and the boys and girls so that no expense will be involved for stationery and stamps. Several ideas for raising funds were discussed. The first one adopted was to hold a silver tea at the home of Mrs. C. B. Cassidy, Elm Grove Avenue, Wednesday, October 1. Mrs. Wm. Musson, social convener, and her committee will assist the hostess for this event.

At the next Auxiliary meeting on October 7, Mrs. P. Gardner, vice chairman Ladies Auxiliary of York Centre, will be invited to install the officers.

Tawny Owl, Mrs. Campbell, announced that the Brownies would meet in Oak Ridges School Saturday, September 20, at 10.30 a.m. Convenors appointed at this meeting were Mrs. Warner Gerhard, Birthdays; Mrs. Hill and Mrs. Murphy, sewing; Mrs. W. Musson and Mrs. W. Gerhard, social; Mrs. Nash membership.

The president announced that there are to date 24 Brownies, 24 Cubs and 15 Scouts. The Guides have not registered as yet. This means that the Auxiliary should have one hundred interested mothers.

A good program will be arranged for each meeting. Some subject of interest to the movement will be presented by a speaker or a film will be shown perhaps on the international scope of Scouting as illustrated by the World Jamboree. A social half hour will follow each meeting to give the mothers a chance to get better acquainted.

Industry For Vaughan Twp.

Thomas A. Keffer of Concord reported to the Liberal this week that the Robinson Clay Products Ltd. with headquarters in Philadelphia has purchased from him a four-acre lot in the industrial area of his sub-division at Concord Station on No. 7 Highway.

The C.N.R. has surveyed a siding through the property and work will soon commence on a brick building with a frontage of some 300 feet. The special materials used to manufacture their products will be brought in by railway. Some local help will be required to work at the plant.

Public School Bd. Hears Delegations

Richmond Hill Public School Board heard delegations this month from Elgin Mills and Richvale areas who requested that the school bus service in their areas be continued as in the last two years. This year bus transportation from the corner of Bathurst and Elgin Mills sideroad and on Oxford St. to Yonge Street at the Elgin was discontinued by the board as well as on Hunt's Lane, Bayview and Markham Road in Richvale. The bus now serves from May Ave. to Elgin Mills on Yonge St. only.

Last Thursday night a delegation of eight from the Elgin waited on the Board at its meeting at the Public School. Chairman Jas. Pollard explained fully the board's action in the matter pointing out that "even if we saw fit to grant your request it would be impossible to do so now since we have not allowed for this extra transportation in our budget for this year."

Chairman Pollard went on to say that the board started school bus service in these areas three years ago, without being asked to do so because of the danger of the highway. "We wanted to protect the children from the heavy traffic," he added. At that time it cost us \$900 — today if we had continued the full route it would have cost us \$4300, the increase due to a larger number of children to be transported and the need of another bus to accommodate the children.

He stated that transportation costs were cut by a third when the route was shortened with the board co-operating with council which had requested the board to cut down on its budget. He said that Mr. Mortson who operates the school bus, is now negotiating for a bus service which would serve the area around Richmond Hill.

The delegation thanked the board for its hearing and for clearing up many matters which had puzzled them.

Appointment of Teacher

Mrs. J. C. Cottrill of Richmond Hill was hired by the board to teach at the public school this term.

McNair Family Holds Reunion

A family reunion was held at the farm of J. Scott McNair last Saturday in honour of Mr. McNair's 90th birthday. Although his birthday was actually on the 14th of March, this was the first opportunity for the family to meet.

There were some 60 nieces, nephews and cousins from such far-flung points as Manitoba, Port Elgin, London, Ilderton and Melanthon as well as nearby places such as Milliken, Unionville, Buttonville and Toronto. The guests spent the afternoon in renewing old acquaintances and meeting distant relatives for the first time. In the evening they enjoyed a pleasant meal served buffet style.

The older guests, many of whom were brothers, sisters or cousins passed the afternoon reminiscing about the old days of Maple and the district. The oldest member of the clan present was Miss Jenny Walkington of Maple and the youngest was little George Sinker, two-year-old son of Mr. and Mrs. Carlton Sinker of Ilderton.

During the afternoon the family presented Mr. McNair with a beautiful Kenwood blanket and a pipe. A committee was also appointed to compile a list of all the living members of the family.

Those of the family who had not seen Mr. McNair for some time were pleased to find him in good health.

King Twp. Issues 90 Bldg. Permits

Up to August 31 of this year permits have been granted for the building of 90 houses in King township. All building permits, which include those for houses, garages and building repairs, have an estimated value of \$787,975. Most of this building will be done in the southern part of the township.

For the same months in 1951, permits were granted for 56 houses. The total estimated value for all building until August 31, 1951, was \$425,525.

Local Farmer Gives Mayor Lesson In Art Of Plowing

Win. Timbers, Reeve of Markham township and well-known farmer in the district, has been giving Mayor Allan Lamport of Toronto a few pointers in the fine art of plowing. The first test was held on the farm of Bert Kennedy at Agincourt.

His Worship is getting these pointers in readiness for the coming year at the International Match against such keen ploughing artists as Mayor Cloughette Whitton of Ottawa.

Lake Wilcox Man Pinned Under Car When It Topped Off Hoist

A freak accident which could have claimed the life of a Lake Wilcox man occurred at Jerry Fick's Windmill Inn, Oak Ridges, Sunday night when a 1935 Chevrolet let down by Jack Sullivan, 28, toppled off the hoist in the garage, taking Sullivan with it and pinning him underneath. Sullivan sustained multiple fractures of the arm above the knee and it is expected he will not walk for a year.

The car had been hoisted up for repairs to the brakes. According to Mr. Fick, who was working underneath the car at the time, he asked Sullivan to go up the ladder which was leaning against the car to pump the brakes for him. Mr. Sullivan who weighs about 200 lbs., started up the ladder but before he reached the top the car fell on him, pinning him underneath the running board and knocking him unconscious.

It is thought that Mr. Sullivan might have leaned against the car, his weight tipping it. The hoist was inspected after the accident but nothing was found to be wrong with it.

A jack was first put under the car to try to lift it, and when this didn't work about 20 people, who had rushed in from the restaurant, lifted the car off Sullivan. He was taken to York County Hospital at Newmarket and was treated by Dr. Crawford Rose.

Mr. Sullivan is married and has three children under school age. He is employed by the Provincial Auto Accessories in Toronto.

Negotiating For Two Years

Whitchurch To Meet With King Twp. And D. H. O. To Discuss Lowering Culvert At Oak Ridges

Condition of roads in the township was again up for discussion at Whitchurch council meeting last Saturday at Vandorf. Whitchurch, upon request from Uxbridge council, arranged to meet them at Gravel Hill on the townline to discuss the damage being done to the road there. It is up to the two councils to decide whether to stop the gravel company from digging up any more gravel from its pit there. It was reported earlier that the company was digging too close to the roadway and damage was resulting to the road.

A meeting with King Township Road Superintendent and the Department of Highways will be sought by Whitchurch Council to discuss again the lowering of the Yonge Street culvert at Oak Ridges, so that the ditches on the north Lake Wilcox Road may be drained completely. Whitchurch has been trying for two years to have this job taken care of and will again press for action from the Department of Highways and King Township.

Get Municipal Board Approval

Approval of the Municipal Board to double surface the south Lake Wilcox road for a distance of 1 1/2 miles east from Yonge Street has been received by council. It was reported also at the meeting. The contract for this work has been let to the K. J. Beamish Company, to which council advanced \$10,000 on work contracts.

Refuse Request To Rent Cottages

A request from Peter Levine, counsel for the owners of summer property at Vivian, asking council to change its decision and allow owners to rent said properties during the winter season was refused. Council stated the properties concerned do not comply with town-

Delegations At Markham Twp. Council Meeting

Several delegations appeared before the Markham Township Council at last Monday's meeting. Mr. Cecil Russell of Doncaster requested the erection of detour signs on Yonge, Henderson and Clarke Avenues as long as work is being done on the Clarke Avenue culvert. Mr. Russell who is Deputy Game Warden also asked to have "No Hunting" signs erected in the area of Bayview and Yonge streets.

W. T. Armstrong representing a three man delegation from Carrville Road East made a strenuous effort to have Council promise to re-ditch their road this year. After a long debate between the Road Committee and delegation, Road Committee member C. Hooper stated, "We know your road needs fixing and will try to do it if the time and the money are available." "That's an indefinite answer," replied Mr. Armstrong.

Mr. Harry Johnston appearing on behalf of the Highland Park Ratepayers said, "We urgently request Council to inspect and improve the ditches and fill the pot holes in the Highland Park roads."

In reply Deputy-Reeve James commented, "Highland Park has the best roads of any subdivision in this township." Road Superintendent Art. Buchanan promised to fill the pot holes.

Mr. J. Cattaneh Markham village lawyer representing the Scott property, lot 4 in Box Grove, asked the Council to consider the closing of an unopened road leading into the Rouge River near his property. A motion was taken as the matter would require the approval of the County Council.

Mr. W. Reddy who resides at the east end of Helen Avenue which is south of Unionville wanted the ditches in his area dug out.

The Board of Trustees of Unionville police village and the Chairman of the Community Centre will be requested to attend the next meeting of Council in order to consider an important matter concerning both bodies.

David Boynton Is New S. Council Pres.

Well the elections have come and gone and a new president rules over the student body. After several days of campaigning, speeches and such, the ballots were finally cast and David Boynton emerged the "winner". Eleanor Smith was voted vice president and Elizabeth Maxwell was elected as secretary and Dave Hart as treasurer.
