More Planned Deveopment

Mayor Lampert of Toronto this week made the announcement that it is hoped to use the Ontario Hospital property at Langstaff and Concord for housing development. These properties owned by the City of Toronto and formerly used for jail purposes have been on loan to the province of Ontario for use as mental hospitals.

With characteristic vigor and a keen eye to city business Mayor Lampert says the war emergency is over and it is time the province vacated these properties. He has intimated the property will be used by the city not for jail purposes but for housing development.

This should be good news for the people of this district and despite current difficulties which accompany housing development it should be good news for the townships of Markham and Vaughan. As City of Toronto jails or provincial hospitals these properties yielded only fixed amounts of taxation.

Municipal representatives of both Markham and Vaughan quite properly have said housing development suggested by the Toronto Mayor will be permitted only when adequate provision is made to meet the necessary cost of municipal services. The suggestion has been made to that some industrial development should accompany the residential development and this is a sensible and businesslike suggestion. The Langstaff property especially lends itself to some industrial development.

The suggestion of Toronto's Mayor that these two properties be developed for residential and industrial use is a good one and the expressed intention of the municipal representatives in Markham and Vaughan to make sure the development is well planned and self-supporting, is good news for the people of this district.

Prominent Member Anglican W. A.

Mrs. R. Burt King City Honoured On 40th Wedding Anniversary

Mrs. Raymond Burt, King City, was honored by her husband and family in a way that gave her great pleasure, in recognition of her 40th wedding anniversary.

On Thursday afternoon, September 18, at the close of the monthly meeting of the W.A. of All Saints Anglican Church, of which Mrs. Burt is president, a life membership, beautifully engraved in blue and gold, was made by the vice-president of the Diocesan Board, Mrs. S. C. Snively, who also planned under the W.A. emblem. The document read "All Saints, King, Ontario. A gift from the family, on her 40th wedding anniversary, in loving appreciation of 30 years of faithful service as a W. A. member." The motto engraved beneath the inscription read "Let not your heart be troubled."

Resided King City for 7 Years
 Mr. and Mrs. Burt have lived in King City for the past seven years. During the first year of residence here, Mrs. Burt was made Prayer Partners and Board Reporter of

the W.A. of All Saints Anglican Church. She has held office in the group ever since, and is now fulfilling her second year as president.

She became interested in missionary work 30 years ago while a member of St. Cuthbert's Anglican Church, Leaside, and during her membership in that parish, was treasurer of the W.A. for six years, and vice-president and president for two years respectively. Moving to St. Timothy's Anglican church in North Toronto, Mrs. Burt was charter treasurer of the new W.A. and continued in that office for five years before moving to King City.

The presentation of the Life Membership in the W.A. of the Church of England in Canada, came as a complete surprise, and Mrs. Burt replied that it was the happiest gift that her family could have bestowed upon her. Mr. Burt, their daughter, Mrs. R. Canney and her two little daughters, Linda and Joanne were present.

Special Fares For War Brides Offered By BOAC For Coron.

At the September meeting of the Canadian War Bride's Association, a gift was presented to Mrs. Baker, prior to her return to England. It was also made known to the group that an excursion is being made available to war wives, by the B.O.A.C. next spring, so that girls who wish to see the Coronation, and visit relatives, may take advantage of the excellent rate offered. Early application must be made by interested parties, and the information may be had from the honorary secretary, Mrs. P. Hawkes.

The raffle was won by Mrs. E. Lunau and was donated by the hostess, Mrs. P. Bickerstaffe, who also served a lunch at the close of the meeting. The next meeting will be held at the home of Mrs. M. Riley, Elgin St., Thornhill, and an auction sale will be held of the goods left from the bazaar. This is a business meeting which will be held on Wednesday, October 1.

"Dear Mr. Editor"

Markham Twp. Debentures

Dear Mr. Editor:
 I noticed in your paper of September 11, 1952, a letter from Reeve Timbers, together with the Financial Statement of Markham Township for the year 1951. It was noted in the Reeve's letter, that this statement was being published due to unfair criticism of the financial position of the township.

I am surprised that when this letter and statement were published, the Reeve did not give, for the benefit of the ratepayers, the position of the Township Debenture Debt as at that date. You will note that the Debenture Debt at the end of 1951 amounted to \$361,594.11 as at today's date, to this must be added the Township's share of debentures issued by No. 1 school area, amounting to \$193,000.00 — the township's share being approximately 58%, or \$111,940.00, and also allowance should be made for the Markham High School Debentures which have been tentatively approved by the Municipal Board of the amount of \$255,000.00 — the Township's share being approximately 70%, or \$365,000.00. Our Debenture Debt would then amount to \$840,000.00 — an increase in one year of over 100% without any allowance for a possible Stouffville High School Debenture.

The next question is "How would this affect our taxes?" The \$111,940.00 amortized at 4 1/2% for 20 years will require a yearly tax of \$8,792.94, 50% paid by the Department of Education, the ratepayers of No. 1 School Area will be required to pay the other 50%, or \$4,396.47. The Markham High School Area Township ratepayers will have to raise 50% of \$365,000, amortized at 4 1/2% for 20 years, or \$14,433.65 which, on an assessment of \$2,775,000.00 will be 5.2 mills per year.

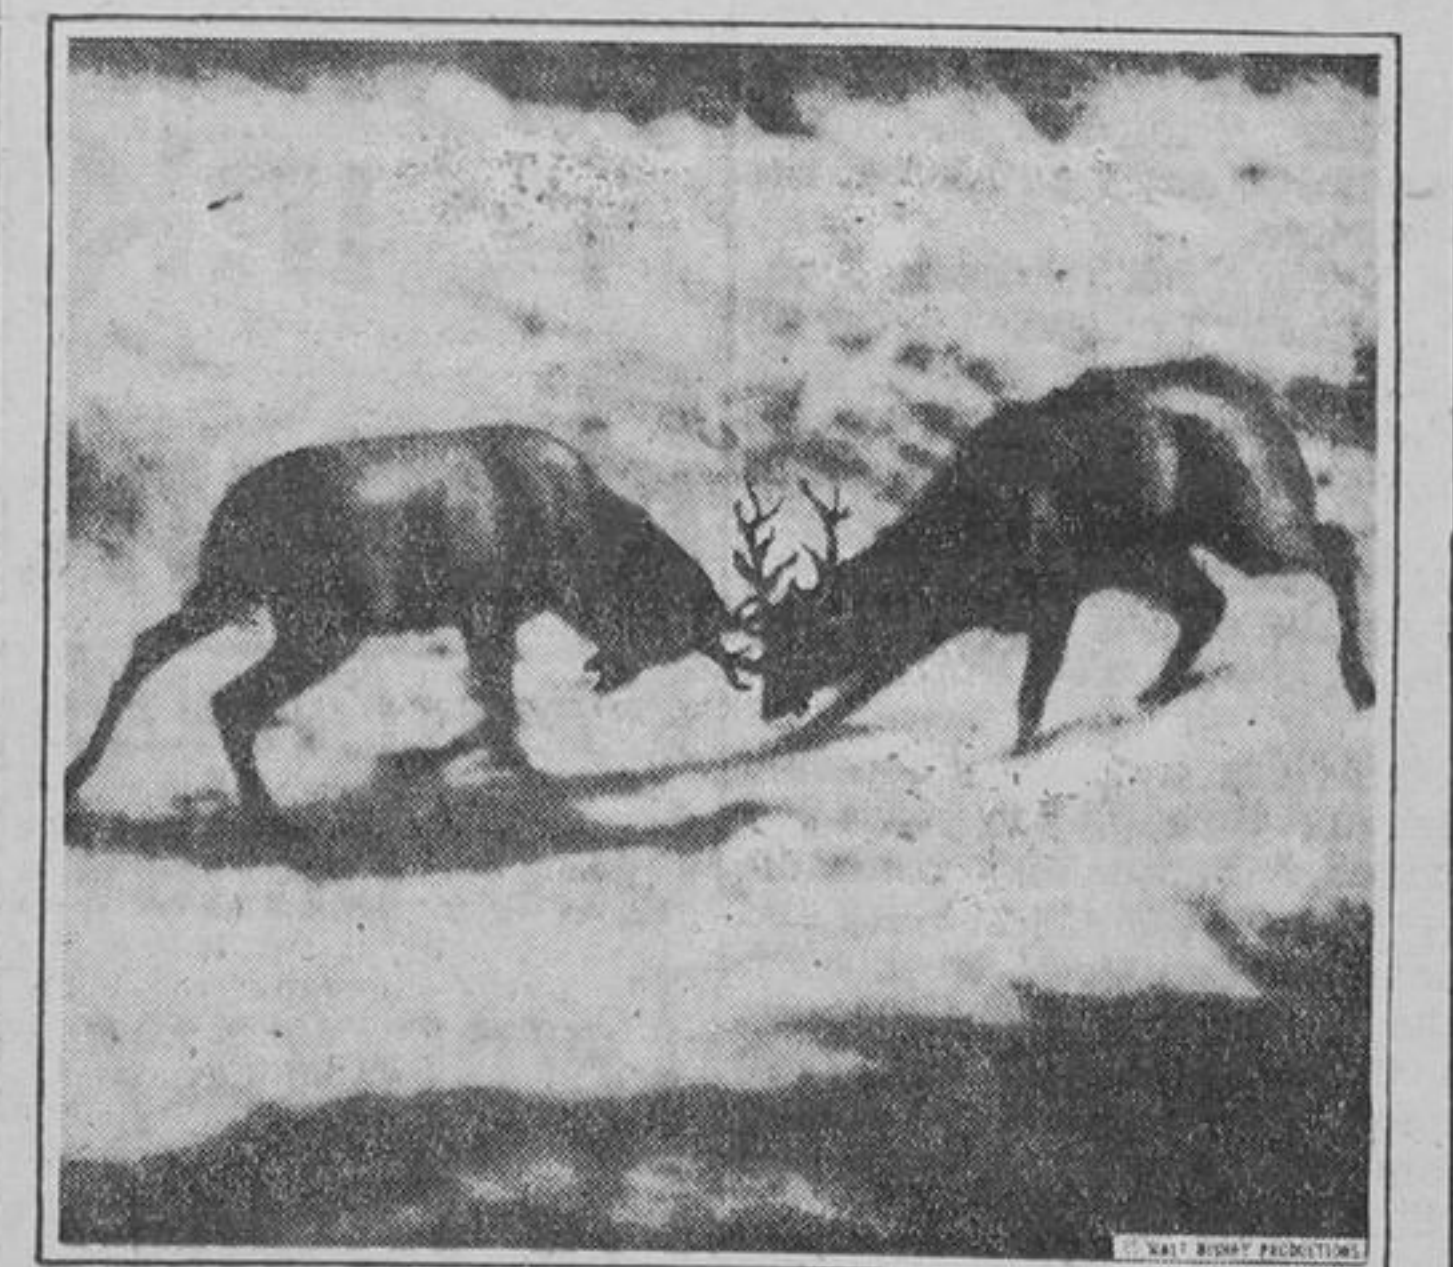

Since commencing to write this letter, I note in your paper of September 18, 1952, a letter from Mr. A. LeMasurier pointing out that part of the Auditor's report was omitted by the Council. It must be assumed that this was done with the consent of the Auditor, but why was this omission necessary? Is it because Council is endeavouring to float another Debenture for the erection of a Township Office without the taxpayers knowing the total Debenture Debt, and the subsequent increase in their taxes?"

Yours sincerely,
 R. B. Rae.

"The Olympic Elk" Showing This Week-End At Richmond Theatre

Fourth in his series of spectacular wild life dramas, Walt Disney's new "True-Life Adventure," "The Olympic Elk," which is being shown at the Richmond Theatre, Friday and Saturday, September 26 and 27, is completely factual, as were its pace-setting predecessors the Academy Award winning "Seal Island" and "Beaver Valley" and the recently screened "Nature's Half Acre."

Naturalist-photographers spent two years in the western Washington wilderness lensing the intimate herd life that has preserved the elk as a superior species. Authenticity remains the keynote of this remarkable film which details the yearly migration of the massive animals and their birth-to-death existence in the mountainous region. An impressive musical score and a minimum of narration blended to the action highlight the pictorial beauty of this distinctive RKO Radio release in print by Technicolor.

FIGHT TO THE FINISH. Massive bull elk clash in fierce combat, locking deadly antlers as they strive for place and honor on the range in Walt Disney's thrilling true-life adventure, "The Olympic Elk," in Technicolor and with an impressive musical score. This is one of a series of true-life adventures, presenting strange facts about the world we live in. These films are photographed in their natural settings and are completely authentic, unstaged and unrehearsed.
