Once standard equipment in a cotton mill, the old spinning "mule" has long since gone by the board. Dominion Textile's manufacturing equipment is now among the most modern in the world. Machinery bought by our 7,239 shareholders (94.7 of them Canadians) help us to turn out top quality goods and provide jobs for the 12,500 Canadians working in our plants. But equipment improvements, such as replacing the mule, aren't everything. We have our troubles trying to compete with the products of other countries which pay OLD TYPE SPINNING "MULE" lower wages. In Japan and India, for instance, wages run about 15 cents an hour, while we pay well over a DOMINION TEXTILE COMPANY LIMITED
