Annette Gaisson of May Ave. met with a slight accident on Tuesday when she fell on the ice fracturing a small bone in her wrist.

**School News**  
 History was made at Richvale School, when the first baseball game was played last week. The lack of snow on the ground made hockey impossible and, since all are tired of soccer, the baseball and bat was soon brought out.

However, the boys did manage to play some hockey, as a matter of fact each of the three teams played. Much as they would like to they could not be enthused over the result, as Richvale suffered a triple set-back at the hands of powerful Powell Road.

Richvale School played host to the teachers of the area for their regular meeting. The teachers enjoyed a talk on handling children the modern way (with gloves lest they bruise) by Dr. Trote, of Forest Hill.

The "Richvale Scoop" is on sale now. The price is a reasonable ten cents. The proceeds are going to provide practice ice for all the hockey teams.
