Vaughan Tp. Reassessment To Be Completed This Fall

Levelled By Flames

Girl 5, Rescues Her Baby Sister From Blazing Home

Five-year-old Joan Clement was a heroine in the true sense of the word, when she rescued her 10-month old sister Dianne from her parents' burning home last Saturday afternoon.

While Mrs. Winnifred Clement, wife of Angus Clement, visited with a neighbour, Joan, her two small brothers and the baby were playing in the Bayview Ave. house. Suddenly flames burst through the floor and with presence of mind beyond her years Joan picked up the baby and led her two brothers, Douglas 6 and Kenneth, 3, to safety.

Before Mrs. Clement could reach her home, it was a mass of flames and she had to be restrained from entering in search of a purse containing \$70. Mr. Clement, who was at work at the time, is employed by the Brown's Bread Co. in Toronto. Two sons, William 14, and Ross 11, were delivering papers and a third son, David, was attending a movie. Mr. Clement returned from his

work to find everything the family possessed, including an auto standing beside the house, in ashes. Mr. and Mrs. H. Clement and their seven children spent Saturday night with neighbours.

Lack of Water
 Firemen of the Richmond Hill Brigade were hindered in fighting the blaze by the lack of water and the strong west wind which whipped the flames into an inferno. Water from the truck reservoir was used to prevent the flames from spreading to nearby houses. The building was totally destroyed in an hour and nothing was saved from the blaze. It was believed the fire resulted from overheated furnace pipes.

Neighbours Aid
 Neighbours came to the aid of the destitute family immediately providing clothing, etc. The Richmond Hill Lions Club opened the Community Hall for donations last Sunday. The community responded generously with clothing, bedding and furniture.

It was decided at last Monday's meeting of the Vaughan Twp. Council that the new assessment which was started last spring should be completed for the assessment roll this fall. This project has been under consideration for several years and in 1952 the actual work was begun. In past years, the assessment has been based, for the most part, on the opinion of the assessor who inspects the properties, however, this new system will have as a basis a Unit Value for certain areas and certain types of dwellings, etc. The assessors and their assistants will measure all the buildings in the township and, using the unit value, will be able to compute more accurately the assessment of the property. Although it will not make a revolutionary change in individual assessments, there will be some noticeable changes.

Council has seriously considered the matter before making this decision as it is a most important item. At the opening of the discussion, Reeve Marshall McMurchy pointed out that it would cost approximately \$6,000, to complete the assessment this year.

Deputy Reeve Albert Rutherford asked, "Do you think we will save much by carrying the reassessment over for another year?" The Reeve replied, "Frankly, No."

Councillor Robson stated, "I don't think we will gain much by hurrying through the whole business in one year."

Reeve McMurchy commented, "We will certainly have to make up our minds on two points: are we going to complete the matter this year and will it be satisfactory if it is done in one year?" Council asked the clerk, James McDonald, for his opinion on the matter. He replied that with the proper organization and extra office help it could be cleaned up this year as easily and as efficiently as next year.

Deputy Reeve Rutherford stated, "We certainly won't gain by letting this thing drag on for another year", to which the Reeve added, "I, personally, would like to see it finished up this year."

"I think you are taking a pretty big step," cautioned Councillor Robson. The majority of Council, however, felt that the whole thing could be completed by fall without too much difficulty.

Provincial Manual
 In discussing the type of manual to be used when the new assessment is complete, Council felt that the Provincial manual would prove more satisfactory than the present County Manual. The general opinion was that although

there have been several changes in the County system recently it still presents a lot of nuisance problems in computing values and in filling out superfluous forms.

The Deputy Reeve said, "If we have appeals and complaints, we have a much stronger backing in the Provincial Manual than in the County one which is only one man's opinion in assessing."

Council decided unanimously to follow absolutely the Provincial Manual for the new assessment. In connection with the proposed completion of the assessment, Council agreed to purchase a computing machine. The matter of additional staff and present staff changes was left to the discretion of the clerk, Councillor Robson said, "After all the clerk understands the needs of the office far better than we do." This change in staff has made it necessary for the township to look for a man for the position of Building Inspector to replace George Bailey who has been moved into the assessing department.

Wages Revised
 Council made several adjustments to the wages of the township police and office employees. These range from token raises for some of the office staff to \$300 increases in the police department. The assessors were granted a mileage rate of 9c per mile on actual mileage.

Police Radios
 Deputy Reeve Albert Rutherford, Chairman of the Police Committee, submitted the request of the Police Dept. for radios in their cars. Council felt that the request was out of range of the township purse. Councillor Perry commented, "I don't think there is any need to discuss the matter further because the cost would be beyond our present resources."

Vellore Hall
 Archie Cameron of the Vellore "Old Boys" association met with Council to discuss the matter of sanitary conveniences in the Vellore Hall. Mr. Cameron said that the Old Boys, the Junior Farmers and the Women's Institute were willing to contribute as much as possible towards the cost of installation. Council agreed that a public building such as the hall where public functions are held should have a good sanitation system. Reeve McMurchy advised these three groups to meet with a contractor to obtain an estimate. He indicated that the township would be willing to go along with the plan.

Fire Protection
 Council drafted a 10 year agreement with the Robinson Cotton Mills in Woodbridge for fire protection in the township.

Plans Are Complete For R. Hill Fire Brigades' Annual Bridge & Euchre - March 2

"Fun for all and prizes galore" is the promise of members of the Richmond Hill Fire Brigade to

those attending their 4th annual Bridge and Euchre in the Lions Community Hall, Centre St. East, on Monday evening, March 2. Always a popular event, it will feature this year a lucky draw for a Lazy Boy chair, mantel radio, table lamp, suit material and numerous other prizes. In addition, 100 valuable prizes will be given away to bridge and euchre winners. Many of these may be seen on display in the show window of Wm. Neal, Dodge-DeSoto dealer, Yonge St. The bridge and euchre is an annual opportunity for citizens of the community to help the volunteer firemen in their appeal for funds. The Brigade, which answered 66 calls in 1952, is on hand day and night to protect homes and businesses in the community against fire. It numbers among its members such men as Kenneth Blanchard, Centre St. West, who has been fighting fires in the district since 1919, and Bob Bridges, newest member of the Brigade, Fire Chief for 12 years was Bert Cook until his retirement 1 1/2 years ago when he was replaced by present Fire Chief Alf Stong.

Celebrate 50th Anniversary
 Mr. and Mrs. George Schell formerly of Carrville Rd., Richvale, celebrated their 50th wedding anniversary Monday, February 23. Mr. Schell who is 77 and Mrs. Schell, 73, are both active and enjoying the best of health.

Celebrating with them were their five children who all live in Toronto. Mr. Schell, who was the only Boer War recruit from Richmond Hill, was presented with a gold watch and chain on his return in 1901, by the Ladies Auxiliary of the village. The watch was made by the late Jerry Smith and was presented to him, along with a gold locket from the citizens of the village, at a carnival and reception in his honour.

The Liberal joins with the district in wishing Mr. and Mrs. Schell many more years of happiness.

LIBERAL ASSOC. of Whitchurch Twp. MEETING in Vandorf Hall Friday, March 6 th. 8 P.M. All interested invited to attend.
 Lorne Evans, Chairman
