Comfort in the Cab

and dollars in the bank

Chevrolet Trucks are first because they're finest—feature for feature—in performance, economy and just plain value for your money. Take a look at the cab for example. It's "Driver-Conditioned", seats 3 big men with ease. Full width seat cushions, easy access doors and placing all controls in easy handling range provide unusual driver comfort and convenience. Impressive? Sure it is. But the cab is just one of many Chevrolet "Advance-Design" features that add up to one BIG advantage — Chevrolet trucks are the world's leading money makers on any hauling job. What more proof could you ask than the fact that truck operators, recognizing this, buy more Chevrolet trucks than any other make. Why not see your Chevrolet dealer today?

Chevrolet Driver-Conditioned Cabs

FLEXI-MOUNTING — Husky rubber cushions cut effects of chassis vibration and frame weave to increase truck life, add extra driver comfort under the toughest conditions.

SEAT SPRINGS — Seats have Double-Deck springs, cushiony, Latex-treated hair and cotton topper pad, hard-wearing leatherette cover that looks better, lasts longer.

VENTIPANES — Draft-free or forced ventilation just by adjusting ventipanes to desired angle.

BATTLESHIP CONSTRUCTION — For driver safety, this cab is a single, all-welded, double-walled steel unit that gives maximum protection for all occupants.

ALLIGATOR JAW COUNTER-BALANCED HOOD — Easy access to the engine and good visibility come through the alligator jaw hood that stays open easily without a prop.

ADJUSTABLE SEAT — Fingertip control permits easy adjustment. Seat moves full 3 1/2" forward, back tilts, seat rises for proper eye-level vision and shoulder support.
