

A BRAZILIAN youngster collects his weekly ration of milk from a child welfare clinic in Sobral where rain has fallen only two months in three years. The milk, desperately needed in the drought area, is prepared from powdered milk sent by the United Nations International Children's Emergency Fund (UNICEF).

Barbecuing Chicken For 5,000

Broiler Festival To Be Held At Aurora On June 20th.

Agricultural "Days" of many kinds have been staged to feature various farm products including Wheatland, Grass Silage, Grassland, etc., when thousands have gathered from various parts of the Province, but this year BROILER DAY will feature the broilers in a Broiler Festival at Aurora on June 20, when everyone will feast on the delectable barbecued chicken.

York County Producers
While the broiler producers of York County largely concentrated around Aurora marketing through the local processing plants over 40% of the eviscerated chicken produced in the Province each week, it is fitting that this event should be staged at Aurora where a twelve acre field on the farm of Jack Woods has been booked for the occasion. The various service clubs and community organizations of Aurora are providing volunteer workers for this mammoth undertaking.

Carnival Atmosphere
Barbecue pits will be constructed in advance where visitors will see a large staff frying chicken over a charcoal bed and plans are being made commencing at 12 noon, to serve at least 5000 and more if

they come along. Fried chicken at its best, using either one or two hands. During the afternoon, there will be a continuous cooking school for the ladies, rides and carnival games operated by the committee and a concert in the evening with band and orchestra music thrown in.

Annual Meeting
In recognition of the importance of the unique gathering, the annual meeting of the Ontario Broiler Growers' Association will be held in Aurora at the same time. Members are bringing their families from far and wide to enjoy the Broiler Festival. Incidentally, Chairman H. E. Seston had to change his plans for the committee meeting opening with an open-air barbecue when a cloud-burst sent committee men and hosts, Mr. and Mrs. Wm. Garfat, scurrying to the recreation room with their chicken legs in one hand and a stool in the other. Attending the meeting to discuss plans were representatives from various local organizations and the Spun. Rodway of Toronto and the Poultry Products Institute of Canada and W. M. Cockburn, Agricultural Representative for York County.

Coronation Day Marks Opening Of Vandorf Park

The Coronation of Queen Elizabeth and the opening of the Community Park at Vandorf on June 2 were celebrated with a program which started at 10 a.m. and continued throughout the afternoon and evening.

Plant Trees
School children of the township with the Community Centre Board and other officials gathered at 10 a.m. and two children from each of the 13 schools planted a tree on the banks of a little creek which runs through the park, which has been widened to make a wading pool at the south end.

Sports Program
This was followed by a sports program, arranged by the sports committee, Chairman Alfred Patchell and his committee had arranged a field day at each school and the winners competed for the P. S. Legge Shield, as part of the Coronation Celebration. Lake Wilcox School, S. S. 13, piled up the most points and proudly carried home the shield.

Mr. Earle Toole, a former warden of York Township, and former Reeve of Whitchurch officially opened the park at 3 p.m. and raised the flag. Reverend E. C.

Middle offered the prayer of dedication. Mr. Lorne Evans was master of ceremonies and Reeve Ivan McLaughlin and members of Whitchurch Council were on the platform and members of the township clergy.

Township school children had written an essay on the subject "What Canada means to me". The best essay from each school was awarded a trophy and the O. M. McKillop Memorial Trophy for the best essay in the township was presented by Mrs. MacKillop to Treavor Yake of S. S. 6.

The trees planted were donated by Mr. A. Reinke, Mr. Harold Botham and Mr. George Richard, son.

Community Centre Board

Mr. Clifford Wallwork, chairman of the Community Centre Board and his committee are to be congratulated for the forward thinking and hard work put into the lovely little park dedicated today. The children of the township as they watch the trees they planted in commemoration of the crowning of Queen Elizabeth will never forget the stirring events of the day marked.

N. Buchanan Wins Trip To 4-H Club's Convention In Chicago

Thirty-nine Junior Farmers faced the rainy weather on Saturday, May 30, and carried out a very successful Livestock Judging Competition. The boys were required to judge three classes of dairy, three classes of beef cattle and two classes of sheep, and give reasons on one class of each. There were no classes of swine this year because of the hog cholera situation. No known cases of cholera exist in York County but it was deemed advisable to drop the swine classes as a safety precaution.

Bruce Fieldhouse of Woodbridge R. R. 2, and a member of the Woodbridge 4-H Calf Club, was the top ranking Junior and won the Col. Geo. B. Little Shield for Junior Championship with a score of 518 points out of a possible 550. Bruce never having competed in this competition before, also was awarded the C.N.E. Novice Shield as well as the Baxter Trophy for sheep judging in the Junior division.

David Crone of Mt. Albert was high in the Senior Division and won the George S. Henry Shield. David who is President of the Sharon Junior Farmers' Association, came through with an impressive 518 points out of the possible 550.

Nelson Buchanan of Unionville was awarded the U.S.A. Trip which consists of a trip to the 4-H Club Congress at Chicago, held in conjunction with the International Livestock Exposition. This award is made on the basis of all-round activity in Junior Farmer and 4-H

Club work. Included in the scoring are Livestock Judging, completed 4-H Club projects. Junior Farmer activities such as Home Plotting and Seed Judging Competitions and also on Executive and Leadership offices held over a period of years.

Other individual winners were Bob Beynon, Mapl. R. 2, who was runner-up in the Junior section and winner of the Gordon Duncan Trophy in dairy judging. Donald Holstok, Stouffville, R. R. 1, won the Gardhouse Trophy for Beef Judging.

The day was successfully concluded with a banquet in the King George Hotel, Newmarket, in which the boys were joined by the girls of the York County Home-making Clubs. Jeanette Harrison of Mt. Albert, President of the York County Junior Farmers, was chairman for the banquet and entertainment was supplied by members of the Unionville Junior Farmers' Association. A particular vote of thanks was extended to all those who had supplied classes for the competition, including Mr. Laszlo Toth, Newmarket; Mr. C. U. Walton, Kettleby; North Down Farms, Aurora; Mr. John Bowser, Aurora; Mr. E. V. Offenheim, Aurora; Mr. Art McElroy, Aurora.

The Judging Competition was under the direction of W. M. Cockburn and E. K. Pearson of the Department of Agriculture, Newmarket, ably assisted by Jas. Hancock and John Bill, Assistant Agricultural Representatives in North Simcoe and Ontario Counties.

Associate Editor At Coronation

(Continued from page 1)

the welfare of mankind. The very heart of this great ceremony was not the parade, or the bands or the gilded carriages. The very heart of the ceremony was not the crowning, but the anointing. This was done by the Archbishop of Canterbury who poured oil from the Ampulla, a vessel of gold in the shape of an eagle, into the 12th century richly ornamented anointing spoon. The Archbishop taking oil from the spoon in the form of a cross touched the Queen on the crown of the head, the breast and palms of both hands, an action which we are told signifies glory, holiness and fortitude.

Following the anointing the ceremony continued with the girding of the sword, an indication of

the placing of the Sovereign's sword at the service of the Church and her people, the clothing with the Royal Robe, the presentation of the Orb, symbolizing the domination of the Christian religion over the world and then the presentation of the sceptres, emblems of justice and mercy. The whole coronation ceremony was filled with deep spiritual meaning which has been the same at coronations down through the centuries.

At the conclusion of the Coronation ceremony Her Majesty arrayed in coronation robes of purple velvet returned to Buckingham Palace through five miles of gaily decorated, crowded streets. Every nook and corner, every possible point of advantage was occupied with a great mass of cheering people gathered here to see the brilliant pageantry of this historic occasion. The attraction of the course was the Queen in the luxurious State Coach drawn by eight Windsor Greys. At the side of the Queen rode her husband, the Duke of Edinburgh. Accompanying the coach on either side were the footmen clad in red and gold, the body-guard of the Yoemen in the colorful Tudor uniforms. The great procession also included carriages carrying other members of the Royal Family, royal guests, representatives of the Commonwealth including Canada's own Prime Minister St. Laurent, and visiting dignitaries from other countries.

Marching soldiers, sailors, airmen, bands and more bands, great crowds, gaily, enthusiastically cheering all contributed to a spectacle which might aptly be described as the greatest show on earth.

So much has been said and written about the Coronation that it is difficult indeed to put in words the feelings of the people here. There is everywhere evident a sincerity and an indefinable something which makes this Coronation celebration more than a great show of pageantry or an event in history. It is that common inborn love and devotion to the Crown which binds us together as members of a great Commonwealth of Nations. Today of course Queen Elizabeth was crowned Queen of Canada, and in this as Canadians we take special pride.

Missing in the ceremonies was the late beloved Queen Mary, but her name is often mentioned, and as we pondered on the pomp and ceremony of today and the past week we could not help but think how happy she would have been with the success of it all. The popular young Queen who to such a degree enjoys the love and devotion of her people, The Throne, the Monarchy, owes a great deal to the late Queen Mary, whose long life she served and endeavored to witness the Coronation of her grandchild.

SECONDARY SCHOOL NOTES FROM RICHMOND HILL DIST. HIGH SCHOOL

Mr. M. J. Kinnee, Chairman of the Richmond Hill District High School Board, and Mrs. J. R. McAlister, Secretary, attended the annual convention of the Associated High School Boards of Ontario at Oshawa, May 20, 21 and 22. An excellent panel discussion on Essentials and Non-Essentials in Secondary Schools, salary schedules, etc., took place on Wednesday.

On Thursday, Mr. S. D. Rendall, Assistant Superintendent of Secondary Education, and Mr. A. E. Stacey, Chief Accountant for the Department of Education, spoke briefly on "Grant Structure", allowing time for a question and answer period. Mr. Rendall explained that the grant system is very complicated, one reason being the difference in assessment in the various municipalities, and as assessments improve, so the grant system will be more easily adjusted.

Mr. Stacey pointed out that since 1946 the amount paid in legislative grant has more than doubled and that the appropriation for the budget of the Department of Education this year exceeds the total provincial budget for the year 1928. Mr. Rendall explained that the recent austerity program was introduced to guard the fact that we had gone too fast, and it was time to "stop and take a look".

Mr. Thor Hanson, Art Director for the British American Oil Co., gave an interesting address also on Wednesday morning showing colored slides on "Creative Imagination at work". His idea is to interest adults in creation through the imagination, and thereby carry the work to the children. He believes that developing culture is to train people to use their hands through their minds, thereby using leisure time to great advantage, and cutting down on frustration and nervous tension.

A past principal of the Oshawa Collegiate, Mr. A. E. O'Neill, spoke very frankly on the drastic changes

that have taken place in education, pointing out that there is too much entertainment for the students of today — education is being made too complicated and must be simplified. On Thursday, Dr. Blanche Marshall, one of the six members of the National Advisory Committee gave a very inspiring address on Vocational Training, pointing out the assistance given by the Federal Government. Training is given to war veterans, unemployed and disabled persons, men in penitentiaries, etc., and vocational correspondence courses are given for as little as 50c a lesson — 50% of all these courses is borne by the Federal Government, and in most cases, 50% by the Provincial Government.

A very interesting outline on Guidance work was given by Mr. H. R. Beattie, Director of Guidance for the Department.

A member of the Trustee Council, Mr. Dickinson of St. Mary's, was at the Convention and outlined to the body the work being done in council. Trustee Council is made up of 14 members, two appointed from each of the seven trustee associations in the province. Council acts as liaison between the trustee associations and the teachers' federation. At the Thursday dinner meeting, Mr. Rourke, Head Master of Pickering College spoke on "Education for What?" He believes educators are confused, are trying to do too much for the young people, and children are losing their ability to amuse themselves.

The last speaker at the convention was Rev. Davis of Stouffville, whose address on "Tolerance" was unforgettable.

A tour of the Oshawa Collegiate ended a most successful convention, and plans are being made already for the work to be carried out by the Associated High School Boards for the coming year, with Mr. Kinnee as President of the Association for a two year term.

Search Ontario Attics For Antique Costumes

For the mammoth historical pageant to be staged in Maple Leaf Gardens, Toronto, on Canada Day, August 21, at the Associated Country Women of the World Conference, Women's Institute members of Central Ontario are searching their attics for all sorts of antiques.

Old time clothing for both men and women will be needed — dresses, suits, bonnets, sunbonnets, women's hats, men's bowlers and toppers, tams and toques, hoop skirts, bustles, shawls, capes, cloaks and top coats. Uniforms of the army, navy, airforce, police, nurses, firefighters for any period up to 1929 are asked for. The characteristic dress of the various national groups who make up our great Canadian mosaic will have a part in depicting our history, so an appeal has gone out for Indian dress and headgear; for the black suits, hats and bonnets of the Mennonite and Amish men and women; for typical Scottish and Irish dress and the Bavarian and other mid-European dress of the nineteenth century, for raccoon coats and the rough clothing worn by English, Scottish and Irish pioneers and the bright garb of the Egyptian fortune-teller; for old-time wedding outfits for both bride and groom and formal dress for men and women of all periods.

Hand props for the pageant will include spinning wheels, churns, baby cradles, harvest cradles, scythes, axes, old fashioned guns, powder-horns, lanterns, ox-yokes, saddles — all of these are urgently needed from the homes and farms of Ontario.

Arrangements will be made to set up a collection centre in Toronto about the middle of July and a committee of well known Institute women in the Toronto area will see to the sorting and caring for the articles until they are returned to their owners. The conveners of this committee are Mrs. A. E. Kennedy of Agincourt and Mrs. G. Gordon Maynard of Unionville. Anyone with an article to loan should get in touch with Mrs. Kennedy. Other members of the committee are Mrs. Elton Armstrong, Armitage; Mrs. R. Baycroft and Mrs. Grant Francy.

New Teacher For Oak Ridges School

Roy Robson, who graduated recently from the Toronto Normal School, has accepted a position as teacher at Oak Ridges School. Beginning on Wednesday, this week, he will be supply teacher of Grade 7, at Oak Ridges school until the end of the term.

both of Gormley; Mrs. E. Phillips, Woodbridge; Mrs. Mason of Unionville and Mrs. W. Heron of Brooklin.

When the pageant is staged, a professional costume mistress and a staff of Institute women helpers will be in the dressing rooms to see that the costumes are handled with care. Many women who prefer to wear their own costumes and who can get to Toronto for seven or eight rehearsals — at their own expense — will take part in the pageant.

Families Eat Well—Easily—In Summer

COMES summer and living should be easy. So go the thoughts of many homemakers who wisely serve light easy meals.

Families eat pretty much the same in summer and winter, surveys show. But during warm weather, combinations like sandwiches, soups and salads appear at more meals than ever. There's good reason for this with the delightful eating variety that's possible with little effort.

Easy meals are important in the summer because the woman who "mans" the kitchen doesn't find her work letting up. As you know, there are often more noon meals to serve at home at this season when children aren't in school. And you're likely to have more guests at lunch or supper as friends come visiting on vacations.

For variety in summer meals, the whole array of condensed soups, hearty sandwiches and crisp-fresh salads offer much to select from. All you do is open and heat a favorite flavor of soup. Then quickly toss a salad or put sandwiches together.

"SWEET 'N LOVELY SUMMER MEALS"

Tomato Consommé
Cheese-Olive Sandwich
Strawberry Shortcake

Tomato Consommé: Combine 1 can each condensed tomato soup and consommé with 1 soup can water and 2 tablespoons finely chopped parsley. Heat. Or chill 6 hours and serve icy cold. 4 servings.

Tomato Chowder
Asparagus and Sliced Egg Salad
Cold Melon Iced Tea

Tomato Chowder: Crisp-fry 2 slices bacon; remove bacon from pan; cook 1/2 cup chopped onion until soft in drippings. Add 1 can condensed tomato soup and 1 soup can milk plus 1 cup cream style corn. Simmer 5 minutes. Garnish with bacon pieces. 4 servings.

SOUP SCOOPS

Beef Goes Far In Pinwheels: The last bit of roast beef turns into a generous main dish with this Blacuit Pinwheel recipe. You'll need a can of beef gravy for it. First blend 1/2 cup chopped cooked beef with seasonings (1 small onion and small clove garlic, both minced and cooked in butter; plus salt and pepper). Stir in 1/4 cup of the beef gravy. Now prepare biscuit dough with 1 cup of packaged mix and 1/2 cup milk. Roll soft dough on lightly floured board so dough forms a rectangle and is about 1/4-inch thick. Spread meat mixture on dough; roll as for jelly roll; cut into 4 slices. Bake on cookie sheet at 450° F. for 15 minutes or till lightly browned. Serve with remaining hot gravy. 4 servings.

Snack On Juice And Tidbits: Scarcely bright vegetable juices taste like a "garden in a glass". Keep cans of the juice well chilled for snacks on warm days. And have cheese and cucumber kabobs to nibble as you sip. For kabobs, string chunks of cheese and slices of cucumber on toothpicks.
