Mattresses Given To Wrestling Club

Two used mattresses were donated to the King City Wrestling Club recently by Matt Bell and Bob McLeod. These are being used to line the wall near the mat to prevent injuries. The club would welcome more donations of mattresses to complete the gymnasium. The Wrestling Club will resume its fall term with weekly practises. The first practise will be on Wednesday evening, September 2. Coach Bob McLeod is urging old and new members to register with him now and reminds the parents that the small fee of one dollar is all that it costs to belong to this athletic club.

A catcher in this position gives you an ideal target to shoot at. By aiming the ball at either his shoulders or his knees you can hit the ideal pitching targets the corners of the plate. By pitching your strikes in these spots you are throwing the ball where it is hardest to hit

Each day after your warm-up throw 16 speed balls and try to make each one faster than the last. Throw 4 balls at his left shoulder, 4 at his right shoulder, 4 at his left knee and 4 at his right knee. Then count up the times you actually hit your target. When you get so that you can hit your target 12 times out of 16 you will know

that you are getting real control. This practice will not only improve your control, but it will also develop your speed. To throw more than 16 times at top speed is not necessary. If you throw this number of speedballs and try to make each one faster than the last it will give your arm just the right amount of work, and if your arm gets the right amount of work, it will gain in strength and power.
