Ancient Cisterns May Water Modern Crops

Reservoirs or cisterns to store rainwater, like the one shown, were made by the ancient inhabitants of the Southern Negev in Israel. They were uncovered by soil scientists of the Food and Agriculture Organization of the United Nations (FAO), who report that the 2000-year-old cisterns can be copied and even restored in some cases to furnish irrigation to today's desert dwellers. FAO's help was sought by the government in its effort to solve the desperate water shortage in dry areas where wells are impractical.

LANGSTAFF NEWS

CORRESPONDENT: MRS. A. T. MATHEWS
Phone Avenue 5-1455

Move to Langstaff From Germany
Tox and Coco are two domestic cats from Bavaria, south Germany, who got regular manicures and who during their trip to our country had to be smuggled in and out of hotels until safely aboard the steamer Ryndam of the Holland-American line.
Tox and Coco belong to Mr. and Mrs. John A. Eschenor and children Ingrid and John who came to Canada from Oberstdorf, Bavaria and who recently purchased a home on Church Street, Langstaff.
They had their entire five rooms of household furniture shipped to Langstaff in a crate weighing six tons at a cost of \$1,200. The furniture was packed with dozens of mattresses to ensure its safety but on arrival it was found to be badly damaged by water and mildew.
Ingrid is 13 years old and is a Grade 8 pupil at Langstaff Public School while John, 17, is a student at Richmond Hill District High School.
Mrs. Eschenor, a graduate of Frankfurt University in Germany, was a teacher of English in the educational programme to provide English for the Upper Grades in Public Schools. She compiled and developed a method known as the "Open Door," which proved especially useful for immediate talking and fellowship-meeting with the American children in which German and American children were the actors. These parties were held each Christmas since 1946 in Oberstdorf.
Mr. Eschenor, came to Canada before his family last October, before sent to Toronto through the Export Department of the Volkswagen (Volkswagen) (Volkswagen Car). He received his degree in Mechanical Engineering at Munich University.

TEMPERANCEVILLE NEWS

CORRESPONDENT: MRS. ED. PAXTON, R. R. 7, KING
Phone King 3R11

With Mrs. M. E. McClure as hostess the Temperanceville W.I. recently held its fall meeting. The roll call "Name a country, the first letter being your first initial and give an item of interest about it" proved to be one of great interest and education.
During the business period, the dates, December 3 and 4 for the short course on supper dishes met with approval. Eighteen persons is the number requested but the course is open to all ladies in the community. It will be held in the church basement. Please keep the dates in mind and plan to attend on the afternoons of December 3 and 4.

BEWARE LOLLYPOPS AND CANDIES

Authorities have discovered that children who are unable to get candies and other sweets often have much better teeth than those who consume far too many sugary foods and soft drinks. Even candies and other sweets might not be so harmful to teeth if the tooth-brush were used immediately after eating—and "immediately" means "at once", since dangerous mouth acids form in a matter of minutes.
