Markham Police Restrict

(Continued from page 1)
 whether Council had any right to go on private property. Both Deputy-Reeve LeMasurier and Councillor Lennie contended that Council had promised a year ago to take some action. They felt Council could order the property owner to cover the well on the grounds that it constituted a menace to safety.

Referring to the maintenance and dust control of Doncaster roads since last spring Mr. Russell felt that with over 300 taxpayers in that area they are not receiving a fair share of the township's road expenditures. In the past two years Mr. Russell has been trying to have the township cut down the Proctor Avenue hill and so far has met with little success. Although the road department has agreed to do the work, they have yet to begin operations.

This year's road committee had budgeted for a \$142,300 expenditure. However, in the spring the road department has agreed to Ontario government, in line with general cuts elsewhere, arbitrarily reduced Markham's road budget to \$117,300.

Deputy-Reeve LeMasurier contended that the real trouble lay with the township's failure to properly schedule its work. In view of Mr. Russell's numerous requests, Councillor Lennie felt the road department should see that the work is completed this fall.

State Other Side of Case
 Mr. and Mrs. Funston of Hunt's Lane, accompanied by their son, attended the meeting and presented their side of the case regarding complaints about their greyhound dogs. For some time now Council has been receiving complaints alleging that the Funstons' dogs are an unnecessary source of noise. Mrs. Funston contended that the dogs' barking was the direct result of neighbours' cats crossing her property.

Removing Topsoil
 Council roundly condemned the practice being carried on by certain parties throughout the township of removing the necessary top-soil from the land for resale in the city.

King Lions Collect Articles For Second Annual Auction Sale

The Lions of King City are asking everyone in the district to collect their surplus and useful articles that are lying about taking up space, so that they may be sold at auction to other people who may have a use for the things. The Lions are holding their second annual auction sale in Memorial Park on Tuesday evening, October 6. Last year about \$700 was cleared by the Lions for their community work by their first sale, and this year they hope to do as well, or better. Auctioneer, W. Atkinson, Stouffville, will return at 7 o'clock to start the sale. Last year he sold everything from sucking pigs to golden oak dining room suites and an old time grand piano. During the next week, the Lions will take out their trucks to make collections. The following program has

TENDERS FOR TIRES

Tenders for two 750x20 10-ply tires for village truck will be received by the undersigned until Saturday, September 26, 1953. Lowest or any tender not necessarily accepted.

RUSSELL LYNETT,
 Clerk, Village of Richmond Hill

The removal of such soil creates a serious drainage problem for the community as a whole as well as generally impoverishing the land. Township solicitor J. D. Lucas states that at present there is no existing provincial statute prohibiting such a practice. In the hope of bringing pressure to bear on the provincial government to have such legislation enacted, the council passed a resolution requesting the province to give the problem serious consideration.

Markham will also approach the other municipalities in York County, as well as the various conservancy authorities, in an endeavour to bring additional pressure to bear on the province. It is expected that the township will insist that any future subdividers must refrain from removing the top-soil.

Lions Advocate Practical Options
 Further to the proposed new Thornhill high school, the Clerk read a letter from the Thornhill Lions Club in which that organization supported the stand taken by Trustee W. Dean. Mr. Dean, one of Markham's two representatives on the Richmond Hill District High School Board, has constantly advocated that the Board's new high school should offer practical options. In offering to help in any way possible the Lions felt a majority of the people to be served by any new high school favoured the inclusion of practical options and, if necessary, no gymnasium.

The letter also recommended the council give serious thought to the holding of a public meeting before final plans are made as to the type of school which will be built.

Other Business
 The members gave three readings to their new land-restrictive by-law. This by-law will now be forwarded to the Municipal Board for its approval.

School Area No. 1 Markham and Vaughan has requested the township to erect school warning signs in the vicinity of the Thornlea school on Bayview. The members have made a \$100 donation to the annual Markham fall fair.

been made so that the district will be well covered.

Don Hadwen, Red Scott and Stan Hunter will pick up on Keele St., from the centre of the village to Kirby's Corner (south). Clark Archibald and George Harvey will pick up on Keele St., north, from Mary Lake, 4th concession. Bill Drinkwater and "Doc" Gordon have King St. East, from the centre of the village to the 2nd. con. Jack Parsons and Eric Abrahams, take the west side of King St. to the new Barrie Highway. Herb Ross, Gordon Orr, are chosen to attend to the 3rd. con., from the Town Line north. B. J. Langdon and W. Jennings, take the 2nd. concession. Going the other way, John Norris and Mervin Wilson will look after the 5th. con., and any farms on the corners of the side roads, south to Kirby's side road. Jack Walkington and Fergie Lawson have the 6th. con., and the King Side Road from the 6th. to the Barrie Highway, and the side roads south to Kirby's corner.

Markham Committee Wants N. York Water Agreement Changed

At Monday's regular meeting of Markham Twp. Council Planning and Sanitation Committee Members Councillors A. Lennie and C. Hooper presented the following report to Council.

"On the evening of September 15th, the Plumbing and Sanitation Committee held a meeting and received reports from the Township Engineer and the Plumbing Inspector concerning valuable information which they obtained at the recent convention in Kitchener.

After intensive discussion, the Committee has decided to recommend to Council that this committee interview North York regarding amendment of the present water agreement. It was also resolved that the committee should investigate all avenues towards an inexpensive and plentiful water supply — bearing in mind that the future probably demands that the Township should be prepared for a continuously expanding population. It is the wish of the Committee to secure council approval and assent to visit several neighbouring municipalities, and other experts in the field of water supply."

P. Henry Is New Public School Trustee

A special meeting of the Richmond Hill Public School Board held last week saw the appointment of Mr. Patrick T. Henry, 3 Church Street South to fill the position left vacant by the recent resignation of former Trustee Bert Barber. He will complete Mr. Barber's unexpired term which will not end until December, 1954. Mr. Barber was re-elected for another 2-year term last December. It is expected Mr. Henry will take over Mr. Barber's former duties on the Property and Finance Committees.

Chairman J. Pollard has announced that indications are the conversion of the girls' basement to an additional classroom will be completed by this week. This latest classroom will be used for an extra Grade 1.

RICHMOND HILL LIONS
 Lion Deputy District Governor Frank Stokvis, from Pickering, will pay his official visit to the local Club at the first meeting in October.

Large Number Prize-Winning Entries At Flower-Veg. Show
