GENERAL ELECTRIC  
**Roto-Cold**  
REFRIGERATOR

Fully Automatic Defrost By G.E.'S Frost-Limitor

Roto-Cold design provides a constant flow of chilled air from the new "cold-slope" baffle throughout the cabinet . . . keeps foods juicy-fresh. The Roto-Cold has the newest kind of automatic defrosting — controlled by the "Frost Limitor" — which removes frost only when necessary. No pans to empty . . . no food to move. Over 8 cubic feet of food storage space is provided, including a full-width freezer, which holds up to 39 lbs. of frozen foods.
