**Picture News from C-I-L**

**GREAT NEWS** for women! Sweaters that won't shrink! But this is only one of the blessings that "Orlon" will bring to sweaters. They'll have kitten-soft touch, will hold their shape better and launder so easily. "Orlon" will bring new, modern-living features to other garments, too — warmth without weight in dresses, skirt pleats that stay in through many washings, quick wrinkle-shedding in cosy winter suits.

**PAGEANT RED, Castle Grey, Herald Yellow!** These are just three of the nine fashionable rich shades now available in the Coronation Colors of C-I-L's "Speed-Easy Satin". This is the scrubable latex wall paint that goes on in a jiffy with brush or roller, has no "painty" odor, and dries in just 30 minutes to a smooth, satiny surface.

**Did you know...**

A quick, easy way to remove dust from carpeted stairs is to brush them with a cellulose sponge mop. The sponge should be moistened, and then wrung well.

**Plan To Petition Councils**

**Area Board Expresses Its Concern 2-Family House**

**Board Decides Teachers Handle Religious Lessons**

School Area Board No. 1 Markham and Vaughan is drafting a resolution to be sent to the councils of Markham and Vaughan Townships expressing its concern regarding the dividing of one-family dwellings into living quarters for two or more families.

Giving his opinion on the question at Tuesday night's meeting of the Board Chairman K. Richan stated it was impossible for trustees to estimate the school population if homes were constantly being divided for additional families. He added the Board's main purpose in drafting the resolution was to point out the difficulty of the situation was causing the Board and the extra school population it was bringing into the area.

Said Trustee Jackson Taylor, "A man has the right to do anything he wants to his home but I don't see why a council can't tax a man for extra revenue taken in. To say a man can't divide up his own home, well I just don't go for it. If this business of dividing up a single dwelling is hard on the schools then I say tax the owner for it. School taxes are put up anyway with the addition of all these extra children brought into the district."

"Would it be possible" asked Trustee Mel Roy, "for our Coordinating Principal David Smith to make a survey to estimate the number of such double family dwellings in our area?" The Board agreed with Mr. Roy's suggestion and will ask Mr. Smith for such a report to be given at the meeting of the Board next Tuesday.

**Continue Own Religious Sched.**  
 Rev. Calvin Chambers of the Thornhill Presbyterian Church recently petitioned the Board for permission for district ministers to teach Religious Knowledge in the Area Schools, the Board deciding Tuesday night to continue its present schedule of having religious training taught by the teachers. This decision was arrived at following discussion of previous difficulties which arose when ministers were in charge of religious training.

Rev. Chambers had stipulated that text books used by the ministers would be non-sectarian and

classes would be held once a week in as many Area schools as possible.

Chairman Richan asked if there were many schools using ministers to teach religious knowledge. With Dr. A. W. R. Doan replying there were very few. He stated the Department of Education published books for every grade up to the sixth grade and he could obtain samples for the Board to inspect. At the present time a Scripture reading and prayer are given by each teacher before classes begin.

"We recognize the good the ministers would do," said Chairman Richan, "but there are too many controversial sides to consider."

"Well have to make sure the teachers make a thorough job of this training," added Trustee Mel Roy.

It was decided that Dr. Doan would get the religious books from the Department of Education for the next meeting of the Board and that Rev. Chambers be invited to meet at a later date with the trustees who would review the situation with him.

**Buy Records But No Radios**  
 Hugh Martin, Music Supervisor was granted his request for the purchasing of 21 albums of educational records, each album to cost \$4.97. The albums will be purchased at a reduced rate, total cost being \$104.37.

The Board turned down a proposal to buy 16 more radios for classrooms because it was felt they were not a necessary item when there was such a heavy expenditure at the present time. **Langstaff School Featured**  
 Trustees had their pictures taken Tuesday night to be run in a future edition of the Argus magazine along with a feature on Langstaff Public School, the article to emphasize the type of structure used in the addition as being a good example for future schools.

**Vaughan Council Passes High Sch. Bd. Proposal For \$775,000 School**

Vaughan township Council, on an unanimous vote, sanctioned the proposal by the Richmond Hill District High School Board to erect a \$775,000 High School at Thornhill. Earlier, Vaughan Council had deferred the decision on the school until more figures were available. At last Monday's meeting, Board chairman M. J. Kinnee and Trustee R. Watson presented the revised proposal of the Board with the approval of the Department of Education to council for their approval.

"We as a Council, have expressed our confidence in the High School Board and we must consider seriously their recommendations," said Reeve Marshall Murchy. Mr. Kinnee said that strong representation had convinced the Board that people in the southern area wished to have the same school facilities as the present school.

Vaughan Twp., assumes 48.6 per cent of the responsibility in the school district costs of the High School Area.

An estimated \$25,000 for a school site added to the cost of the school completes the \$800,000 debenture request, for which the Board is asking approval.

**Gymnasium**  
 Regarding the gymnasium, Mr. Kinnee said that the Board had revised its decision to request a double gym-auditorium to a single one with a curtain wall making it possible to extend it conveniently at a later date. He said that the Board couldn't see its way clear to delete a gym in the plans entirely, in view of the many purposes it serves.

**Maple Airport**  
 Miss Orr of Aero Activities Ltd. appeared before council to present a petition bearing about 160 names and stating that the undersigned had no objection to

the establishment of a proposed airport near Maple. Miss Orr stated that several people whom she approached regarding the petition, said they had been given to understand that the airfield would somewhat resemble Malton airport and would be a centre for jet planes.

Miss Orr emphasized to council that the airport would be on about the same scale as the domestic airport near Buttonville and added that a circuit could be devised whereby planes would not fly over Maple.

The matter is being referred to the township's solicitor, **Sell Bonds**

The council made arrangements to sell the \$250,000 debenture issue for the Thornhill and Langstaff school additions to the firm of Wood and Gundy, Toronto, at the price of \$99.30. The issue will bear interest at 4 per cent and will run for 20 years.

Council received a letter from Richmond Hill council regarding fire services in the front area of Vaughan township. Richmond Hill council has requested an additional \$100 for standby time, bringing the total to \$300 and an increase from \$40 to \$50 for each fire attended.

Council deferred the matter for further consideration.

(Continued from page 1)

former stand, the Richmond Hill District High School Board has applied to Markham Township for approval to erect a vocational type school to serve the Thornhill area. In a brief presented to Council by Chairman M. Kinnee and Markham's two representatives Trustees W. Dean and H. Collard, the Board proposes to erect a 27 classroom school complete with one shop, one home economics room and a single gymnasium.

This new school, which will cost an estimated \$800,000 (\$775,000 for the school plus \$25,000 for the school site) will offer accommodation to 850 students. Of this total figure of \$800,000 the sum of \$540,000 will be eligible for a provincial grant. At present the province will pay no grant for gymnasiums or rooms for the teaching of practical options.

The Board had originally asked Council to approve a 27 classroom purely academic school, complete with a \$180,000 double gymnasium. The \$720,000 school would have offered accommodation to 810 pupils and the sum of \$540,000 would have been eligible for provincial grant. However, this type of school was strongly opposed by a large number of ratepayers in the southern area and by Trustee W. Dean. The ratepayers and Mr. Dean both favoured a school which offered the teaching of practical options.

Referring to the matter of the gymnasium on which the province will pay no grant, Chairman Kinnee stated "the Board unanimously agreed that a secondary school without a gymnasium is not going to offer us the type of school we want."

In his summary Chairman Kinnee remarked "these changes will bring the Thornhill school in complete line with the curriculum and facilities now being offered at Richmond Hill District High School." By unanimous consent Council accepted the Board's recommendations.

**Wants More Than One Bid**  
 Over the objections of Reeve Timbers and Deputy-Reeve LeMasurier, Councillors Hooper, Lennie and Clark voted to award an \$880 contract to the Beamish Construction Company for the paving of the curved entrance into the new township offices at Buttonville. As Property Committee Chairman Councillor Hooper had only one bid to present to Council, both Messrs. Timbers and LeMasurier advocated that other prices be secured before the contract was awarded. In insisting that the township get several competitive prices, Deputy-Reeve LeMasurier went on record as taking strong exception to the spending of public funds for first securing more than one tender.
