King School Trustees Express Alarm At School Overcrowding

A letter from the School Board of S.S. No. 2 at King City was sent to the Township Council and to the King City Trustees, in time for their meetings on Monday, this week in which the School Board expressed alarm at the rise in population in this southern part of King Township, with its resulting over-crowding of the school. The school was only enlarged a year ago to cope with the situation at that time and now is overcrowded again.

Board Recommendation
The School Board presented a recommendation that new subdivisions should be required to help finance the school building plan. Said Reeve, Elton Armstrong "We assure the King School Board that council is well aware of the situation, and will discuss the problem with the Township Planning Board. Council agreed that it is a problem for the tax-payer who is already here. The only one who profits is the man who sells land, and probably the retail merchants."

Industrial Assessment
At the village meeting on Monday night in the Masonic Hall, the chairman Donald M. Findlay said "This school situation has become a thorny problem. With ordinary development we should be able to hold our own around here. We will acknowledge the letter and will discuss it with the Township council. The Trustees answered the School Board stating that they sympathize with the grave problem and added that a probable solution lies in a larger proportion of industrial assessment rather than in a scheme of subsidies."

Scholarship Winner
Margaret Brodie received a Garden Club scholarship recently, awarded by the Kiwanis Club. The scholarship, presented at a banquet held in the Royal York Hotel, Toronto, entitles Margaret to attend a short course at Guelph, beginning after Christmas.

C.G.I.T.
Our local C.G.I.T. girls were visitors to the Church of All Nations on Wednesday last week. They visited the Fair and remained for the concert in the evening.

A charivari party serenaded the newly wed couple in our neighborhood, Mr. and Mrs. Harley Horner, last Wednesday evening. Under the auspices of Headford Choir, a number of Headford folk met for a Hallowe'en Frolic on Friday evening. A very good time was enjoyed by all.

The snow storm and minor ailments kept many folk away from Church on Sunday and they were unable to hear Mr. Royal F. Moulton, Field Secretary of the Ontario Temperance Federation. Mr. Moulton does not paint a gloomy picture of the future, drinking, but rather stresses the advantages and joys of sobriety.

Mrs. Cummer Lee was in Toronto on Monday to make preliminary arrangements for the purchase of a film strip projector for Headford Sunday School. Most of the money for the projector has already been raised by various means such as a concert and by a garden sale.

Sunday School
Teachers and officers of Headford Sunday School met Monday evening at the home of the Brodies to arrange for supplies for the coming year and to plan the Christmas concert. It may be a little early to announce the date, but it has been set for December 9.

Mrs. Roy Simpson and family were in Lindsay over the weekend, visiting Mrs. Western, Mrs. Simpson's mother.

A very good number of members of Headford W.A. were present at the November meeting on Tuesday evening at the home of Mrs. Wes Clark. Nomination slips were handed out to be filled in and returned to the committee on Tuesday, November 24, on which date Mrs. Deverell has invited all members to her new home for tea.

A short service of remembrance opened the meeting, followed by the regular business, after which the meeting was turned over to Mrs. Clark. The scripture was read by Mrs. Wellman, followed by the topic. Two resolutions given by Miss Ellen Boynton, and the speaker of the evening was Mrs. Leusby who talked on and demonstrated her hobby of Leathercraft.

While the hostess prepared lunch, a singing contest among the members, produced much fun and a delicious lunch brought an enjoyable and profitable evening to a close. Will members give serious thought to nominating a new executive, which will be announced at the annual meeting to be held in December at the home of Mrs. Stewart Rumble.

We offer a hearty welcome to the Simpson family, who have returned to our midst after an absence of a few months.

KING CITY NEWS

CORRESPONDENT: MRS. M. JOHNSTON, KING, ONT.
Phone King 55R14

The effects of Saturday's storm was felt in the King neighbourhood. Traffic to the Barrie Highway, through King City, had to be turned back, because of the numbers of cars and trucks stuck on Tannery Hill. A horse car taking horses to the Toronto and York Hounds meet, at Kinghaven Farm, the residence of Mr. J. T. T. T. was stuck on the hill for several hours, and as the local towing equipment was unable to help the situation, the horses were finally removed, and five horses were stabled in the Memory Acres barn. The Hunt was postponed, and several members who had managed to get through in the morning, were caught on the hills between the 7th and 8th concession roads on the King Nobleton highway. The local garages report that Saturday was the busiest day that they can remember.

All Saints Anglican
Mrs. Harry King will be the hostess at the next regular meeting of the W.A. of All Saints Anglican Church. The meeting will be held at her home, Townline and 4th concession of King, on Thursday afternoon, November 19, at 2:30 o'clock. The president, Mrs. Alfred Gillham, asks the ladies to make this meeting an "Apron shower," for the coming bazaar, which will be an event of the afternoon of Wednesday, December 9.

Hallowe'en
"Dopey" one of the Seven Dwarfs, was the costume worn by the youngest guest, two year old Martha Wellington, who attended the part on Hallowe'en for Laskay community in Laskay Hall by the members of the Laskay W.I. There were several very smart and original costumes worn by the children and their parents, and the parents were complimented for taking part in this annual festivity with such spirit. Noted especially was the candy cane, made and worn by Margaret Cairns. Janet Mary Finch dressed as a pussy-cat, and Gloria Cole, as a drum-major, and Mercury Arbutle as a chef, complete with starched hat, were picked as prize winners.

The Grand March with music played by Miss Marjorie McMurchy, prizes were awarded to the following: For pre-school ages Linda Millard as a coloured girl, and David Fuller as a clown, won the comic prizes; Jimmy Hunter as Mickey Mouse, and Carol McMurchy as Little Red Ridinghood, were the best in fancy dress. For ages six to ten years, the comics were Rose Marie McKay as an old fashioned girl, and John Fuller as "an old farmer", and fancy dress prize winners were Gloria Cole and Russel Arbutle. The older boys and girls of eleven to fifteen years had as prize winners for fancy clothes, Margaret Cairns, the Candy Cane, and Danny Budin, a tramp; and Janet Mary Finch, a cat, Ken Leatherdale, the policeman, won the comic prizes. The adults also won prizes, and Mrs. Hazel Harper of Mildmay dressed as a clown, and Peter Leatherdale as a hobo, were judged the best. Charles Hatley and Mrs. Parnell, of Mildmay, were the best dressed couple, in chorister robes. A prize was presented to the senior lady who wore fancy costume, and the winner of this special prize was Mrs. Saveris of Oakridges.

New Garage
Blyth J. Langdon expects to have a new garage and repair shop for the Langdon Bus Lines completed by the end of November. The cement footings for the flat topped cement block building of about forty by eighty feet floor space, have been built during the past two weeks. The cost of the new building will be over ten thousand dollars. The new garage is situated at the south end of King City, to the north of Station Rd. and will be the headquarters for the thirty-five buses of the Langdon Line.

The trustees of the police village of King City will hold a public meeting in the Masonic Hall, on Friday evening, November 27, at 8 o'clock, when candidates will be named for the 1954 board of trustees of the village.

The present trustees are Donald M. Findlay, who has been the able chairman this past year, and who has been on the board for two years; William A. Carson, who has been faithful servant and a very helpful member of the board of trustees since he retired from the farm during the war; and Robert McLeod, who has been taking the responsibility of helping to improve the condition of the village roads during his first year of office. Should more candidates be nominated than are required, an election will be held at the same place, and at the same time as the Township elections.

The chairman, Donald M. Findlay asks that the local associations try to keep the date, of November 27, free, so that everyone may attend this important village meeting. With so many new families living in King City, it is important that some of these should be represented in the new slate.
