**Home & School**  
The Thornlea Home and School Association held a very successful home baking sale on Saturday at Caesarbrae when \$44 was realized to finance a picnic on June 23 for the children of the Thornlea School.

We wish to express our deepest sympathy to Mr. and Mrs. Stanley Deska on the death of her mother Mrs. Siley. Mrs. Siley came to Canada 3 years ago to make her home with her daughter and was stricken early Saturday morning with a heart attack. Mrs. Siley will be buried in Scotland.

## Obituary

**Late Gordon Leitch**  
It is with deep regret that we of Thornlea learned of the death of Mr. Gordon C. Leitch, owner of Leitchcroft. Mr. Leitch was one of the great financial minds of Canada and one of Toronto's finest philanthropists. Thornlea and the surrounding communities received many favors and much evidence of his kindness and generosity and especially his great interest in the children and young people to whom he gave a great deal of help in all ways. Mr. Leitch was very interested in his church and will be sorely missed.

Many kind things have been said of him by people from all walks of life, but the greatest tribute has been paid by those whom he employed, who unanimously agree he was Canada's finest. Everyone here feels the deepest sympathy for Mrs. Leitch and the family that they and we have lost one of the men who has made Canada the great Country that it is.

**Take it Easy**  
you don't have to prove a thing!

Let's be sensible about this subject of horsepower. A champion tackle doesn't go around tackling people in everyday life.  
A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks.  
The better you are, the less you have to prove it.  
And that's how it is with a Buick CENTURY.  
Of course it's a spectacular performer—a car with instantly responsive action. It has to be, for it combines a high-compression 200-horsepower V8 engine with a nimble weight of only 3866 pounds as it comes off the assembly line.  
That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever reached before.  
It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber?  
If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY.

The real pride of owning such a car is simply this: You know so well what it can do that you never have to prove it.  
That lets you enjoy the tireless ease of its gait in ordinary driving, when only a fraction of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency.  
Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a CENTURY than you get in any other car in Canada:
