**PEDESTRIANS . . .**  
**WATCH YOUR STEP!**

A large percentage of the traffic fatalities and accidents involve pedestrians. This is grim evidence of the difficult and dangerous situation in which the pedestrian is placed under present-day traffic conditions.

Safety rules must be observed. Wait at the curb until you are sure you can cross street or highway in safety. Always walk facing oncoming traffic if there is no sidewalk.

**School News**  
 At 8.15 a.m. on Wednesday, June 16, 44 happy children from grades 7 and 8 left Langstaff on their annual bus trip to Niagara and vicinity, accompanied by Mr. Brown and Mr. Everist. Their first stop was the Battlefield of Stoney Creek where they saw the monument and cemetery where the soldiers were buried who lost their lives in the Battle of 1812. From this point they travelled along Lakeshore Highway, No. 8, to St. Catharines, where they stretched their legs and had a game of baseball in the park. Travelling on to the Welland Canal, they were disappointed in not seeing a boat going through the locks but did see one going through the Lift Bridge. Stopping at Queenston for lunch, they saw the monument to Laura Secord for her bravery, and also climbed to the top of Brock's monument. They left Queenston for Fort George at 2.15 p.m. Reservations had been made for the party for a tour through the fort with a guide. They then followed the Gorge Road to the Whirlpool Rapids to see the Aerial Cars. Travelling down to the Falls, they saw both the American and Horseshoe the American and Horseshoe. Having been disappointed at Welland, they left for home via Thorold, and were rewarded when they saw a boat go down into the locks there and then out to the river. They arrived home at Langstaff at 9 p.m., having had a very educational and enjoyable trip.

School Assembly last Friday was taken by Grades 5 and 6, pupils of Mrs. Snider. There was a piano duet by Frances Hicks and Joan Blackburn, a guitar solo by Pal Greenfield and a ballet dance by Nora Woodos.
