DEPT. OF HEALTH TWP. OF NORTH YORK
Smallpox Past and Present
 Nowadays we tend to forget that Smallpox was once the most dreaded of diseases because it wiped out a tenth of the population at a time. Those who survived were severely disfigured. Yet Smallpox is still here and there are still cases occurring in Canada. People of all ages may catch this disease. Smallpox vaccination protects against Smallpox. Children should receive this protection at an early age and vaccination should be repeated every seven years. Your Health Department is planning a Vaccination Campaign in the North York Schools in the near future. Please watch for further announcements in this paper. CARL E. HILL, M.D., M.O.H.

the Mighty little WANT AD
 a \$500 Million Business
 that is still YOUR business

The Little Want Ad is the granddaddy of all advertising — but it is just coming of age! While the importance of these small hucksters in "the public market place" has long been established, they originally were front-page news, the potential profit which they are capable of producing has only been fully realized in comparatively recent years. Once recognized, this profit potential has induced literally millions of people to advertise through the Want Ads.
 Last year alone, over \$500,000,000 was invested in Canada and the United States in successfully bringing buyer and vendor together through the medium of newspaper Classified. This investment was greater than the amount spent in the most modern and expensive medium in advertising today — television — and was close to the total advertising expenditure in all national magazines combined. The Little Want Ads proved that they are Big Business!
 The Want Ads have always been known as "The People's Market Place", the method by which the average individual with something to sell from his attic, a room to rent, a lost article to find, could most easily and economically reach the party who was interested in that particular offer.
 Because the cost of LIBERAL Want Ads has remained so low, you, as a small advertiser, will have the opportunity to cash in on the tremendous reader interest and potential for profit that belongs only to the Want Ads, at a cost that makes even the smallest transaction a profitable one.
