'Community Farm Forum'

National Farm Radio Forum started its 15th season on Nov. 8 with a broadcast on "Farm Forum in the Community." The Edgeley Forum was held at the home of Mr. and Mrs. Wilfred Keffler, Maple.

In discussing the many roles Farm Forum plays in the community, the Edgeley members thought the most important features of a successful Forum were the understanding of agricultural problems in all parts of Canada. The development of leadership, neighborliness and sociability as well as sharing leadership responsibilities by changing officers regularly, is of great importance.

The first responsibility of forums is to carry on education that inspires action. In this respect, the Edgeley Forum works with the Township Federation of Agriculture and the York Co-operative Medical Services.

The annual election of officers was held. The executive for the 1954-55 season are: Past chairman, R. J. Darlington; chairman, Percy Usher, sec-treas., Mrs. R. J. Darlington.

"Farm Insurance" will be discussed by the Forum on November 22.

P. Walton Pres. Ratepayers

Percy Walton was elected president of Maple and Community Ratepayers Association Monday night when the group met to elect its first executive. The association is a new organization for the district and as its first order of business endorsed a petition, to be sent to Vaughan Township council, objecting to the smoke from the dump 1 1/2 miles north of Maple.

People in the district are being asked to sign the petition which will be submitted to the council. A discussion was also held regarding transportation of children to Maple school and school problems in general.

Elected sec-treas., was Mrs. Harold Miller and members of the Committee of Four are Lawrence Clarke, Lowell House, R. L. McFarlane and H. Holdsworth.

Poverty — Dental Health — Prosperity

Poverty isn't to be compared with prosperity as an enemy of children's teeth. Experience has shown that people who live on a plain, inexpensive diet usually have less dental ills. The dental decay problem is more devastating than is usually believed and is becoming worse with each year of prosperity. May we suggest good dental hygiene habits and a wise adherence to Canada's Food Rules as an effective way to less tooth decay.

One-two-three HUP!

EVER GIVE a "leg up" to a knight in full armour? In a recent film about Joan of Arc the movie makers got over this weighty problem by dressing the actress who played the title part in a suit of armour made of aluminum. Result: shooting, including scenes showing Joan mounting her horse, proceeded on schedule.

Canadian manufacturers use a lot of weight-saving aluminum not only because it makes things lighter to handle and cheaper to ship but because it makes up into more products per pound. Helps them market their products for less. Aluminum Company of Canada, Ltd. (Alcan).

THE TELEPHONE IS ESSENTIAL TO A COMMUNITY'S SECURITY AND PEACE OF MIND

Chief of Police declares

Brockville's popular chief knows from experience the tremendous reassurance people feel, just knowing that an hour of the day or night they can depend on the telephone in case of need.

You may never have to call the police. Yet the fact remains that you and your family feel more secure — are more secure — because of your telephone.

Peace of mind is an extra value that is part of your telephone service; a value that cannot be measured.
