PASSING KEY TO GREAT HOCKEY

The average hockey player and coach does not realize just how powerful a good passing attack can make the average hockey team. However, time and effort must be spent developing it. A good passing attack can enable a team of ordinary players to defeat a star-packed team. Just on the strength of this one weapon a team of ordinary players can win a championship. Thus, if your team does not rate with your opposition, as far as individual players are concerned, take a tip and work as hard as you can to develop terrific passing attack. The great thing about using this weapon is that it can be used effectively by anyone willing to try it.

In every type of hockey played today it is important that every player, including the goalkeeper, should be a good "playmaker". The goalkeeper gets many chances to set up an actual play by clearing the puck coolly and calmly to the right teammate.

GUARDING YOUR MAN IN BASKETBALL

One of the most important fundamentals of basketball is "guarding". If you can guard an opponent properly you will be a valuable addition to any team. You will also increase your rating as an individual player! Here are two tips to remember:

First — never let the player you are guarding get between you and your basket. If you keep between him and your basket he will never have a clear unhurried shot from the floor. Also, he will be unable to pass down toward his basket if you are guarding him properly.

Second — when guarding an opponent who tries a shot or a pass over your head, put your arms up at a forward angle when trying to block the ball. Don't put them straight up over your head. With your arms at an angle toward the ball and your hands between 12 to 15 inches in front of your head you are using an arm position which will often enable you to stop the ball before it can go high enough to beat you.

CALM, COOL AND RELAXED

Most leading authorities claim that getting angry or emotionally excited in a game creates more detrimental effects than helpful ones. When you get angry and excited you develop more physical power and drive for a short time. But the trouble is that you lose a certain amount of balance, nerve control and the other finer workings of the body. Then too, fear and other high emotional states are harmful to the digestion and other high functions of the body. There is no doubt about it; the best bodily state for efficient action is to be calm, cool and relaxed with your determination and desire driving you to greater attention, greater concentration — not wild outbursts of power.

DISTRICT SPORT NEWS

Against Former Champ Garner

Tom Sullivan To Defend Middleweight Crown

Tom Sullivan of Brampton, Canadian Middleweight Champion has the doubtful honour of opposing ex-Champion Red Garner next Tuesday at the Thornhill Market. This will be the first title defense for Sullivan in the New Year, and if Garner has his way it will be his last.

Tom has improved steadily since winning the middleweight belt from Garner and is quite confident he can turn back the former champion next Tuesday. Considerable interest has been aroused over this match and all the fans will be pulling for the Langstaff wrestler to throw the boastful Sullivan and recapture the middleweight crown. However the champion is sure he will win and says, "I'm going to hold this belt a long time. I can't see any wrestler around, who will give me much trouble."

Well folks, next Tuesday will tell the tale and at any rate, the smart boys are giving 3 to 1 on Garner.

Semi-Final

Baron Von Sieber and the giant Jean Valjean are matched in the semi-final with the winner to get a crack at Les Lyman, Canadian Heavyweight Champion in two weeks time. Two other bouts will round out an all star card and it looks like an actionful evening.

King City Midgets Lose To Aurora 5-4

King City Midgets lost to Aurora 5-4 on Wednesday, Dec. 22, in an exhibition game. Larry Hill scored two goals for King while Gary Banham and Dick Sweeney each scored one for the home team.

In an exhibition game on Wednesday, December 29, with Ward Patch Midget team of Toronto, King City Midgets lost 3-2. Dick Sweeney scored the goals for King.

Army, Navy Airforce League

Winner of Greystones ticket on January 3 was Reta Shorter. High Singles: John Stewart 298, Dick Cooper 272, Orm McKissock 255, Frank Shorter 228, Jack Rodden 223, 204, Duke Andrews 226, Ray Gimmell 208, Bill Cosgrove 203.

High Triple: Dick Cooper 618, Jack Rodden 600, John Stewart 598, Orm McKissock 581, Frank Shorter 545.

Team standing: Goofers 19, Kibitzers 14, Alley Cats 12, Top Hats 9, Blow Pots 5, Hell Drivers 4.

Maple Badminton Club Entertains

Last Thursday evening Maple Recreation Badminton Club held entertainment for its members at Maple Community Hall. Badminton and ping-pong were played followed by refreshments which were in charge of Mrs. John Pile, Mrs. Alan Godfrey, Mrs. Phil MacFarland and Mrs. Bert Newstead.

President John Pile welcomed those present and expressed the appreciation of the club to the refreshment committee and to John Perry for his donation.

Dept. Lands & Forests Lists Prosecutions

In addition to the usual number of minor prosecutions involving loaded firearms in vehicles, Sunday hunting, no gun licence, etc., Department of Lands and Forests Conservation Officers' investigations led to the prosecution of several more serious offences during December. In most cases these involved illegal deer hunting and possession of venison in closed season.

For removing a freshly killed deer without authority following a road accident, a Tossoronto Township man paid a fine of \$50 plus costs. Near Barrie the nocturnal activities of a local citizen were curtailed when a fine of \$50.00 and costs were imposed for being in possession of firearm, skinning knife and flash lights in a known deer area. In addition his 12 gauge Savage repeating shotgun was confiscated.

Ask Information Tagged Trout

As a part of scientific studies being carried out in Lake Simcoe waters, a number of lake trout have been tagged. Fish tagged in the autumn of 1953 totalled 150 and in 1954 - 200.

Anglers have co-operated most favourably and have reported the capture of over 10 per cent of those fish tagged late in 1953. These fish were taken during the winter ice fishery and in the spring and summer months.

Fishermen who have captured tagged lake trout, or know of other captures during the past year are requested to forward any information to the District Forester's Office, Department of Lands and Forests, Maple. As it is expected that a number of the trout tagged in 1953 and 1954 will be taken by anglers during the winter, fishermen should look for the plastic tags attached to the back of the fish on the dorsal fin and notify the Department.

Information requested should include the name of the person who made the catch and his address, the location of the catch and the number of the tag

Richmond Bowl Scores

OAK RIDGES BOWLING Standings December 29

Team	Points
12 Good Luckers	11

MAPLE FEED MILL - WED. JAN 12

A New SHUR-GAIN Feed Service Mill To Serve You

We take great pleasure in announcing the official opening of the Maple Feed Mill — a new modern mill designed to give efficient service to farmers in the community and supplying the nationally recognized SHUR-GAIN brand of feeds and concentrates.

INSPECTION OF MILL

7 P.M. TO 9 P.M.

From 7 to 9 p.m. on Wednesday, January 12, the new mill will be open for inspection at which time you will have an opportunity to see the new equipment and also see how we are set up to manufacture SHUR-GAIN Feeds. Guides will be on hand to show you around. You will be able to see how we can handle custom mixing for you and also how we are set up to supply either bulk or bagged SHUR-GAIN Feeds.

CONTESTS !!! PRIZES !!!

While at the mill you can try your luck at the guessing contests which will be on display. You may be fortunate enough to win one of the prizes.

Special Program MAPLE COMMUNITY HALL

9:15 P.M.

Following the inspection period of the mill a program will take place in the Maple Community Hall.

Hear

Mr. W. K. Meyer
Chief Nutritionist for Canada Packers Ltd.,
Feed Division
DISCUSS

"What Balanced Feeding Means"

Mr. Meyer has had a wide and varied experience in the feed business and is well qualified to discuss any phase of livestock feeding. Do not miss this speaker.

See

A movie on livestock production as well as some entertaining short films.

Enjoy

DOOR PRIZES — REFRESHMENTS

ADDED FEATURE

Dancing Old Time and Modern to 'Sally and Her Mates'

To close the program we will have "Sally and Her Mates" on hand to provide the music for some modern and old time dancing. Come along and enjoy the whole evening.

We cordially invite you to visit our new mill -- inspect our modern equipment -- see how we are set up to serve you -- Come along with the family and enjoy the evening.
