## Wedding

O'CONNOR - KLEIN — St. Patrick's Roman Catholic Church, Toronto, was the scene of a wedding of wide interest on Saturday, January 15, when Mary Barbara, daughter of Mr. and Mrs. Michael Klein of Elgin Mills, became the bride of Edward Kevin O'Connor, son of Mr. and Mrs. John O'Connor of Islington. The ceremony was performed by Father Kroetsch.

Miss Lena Ritner was soloist and Miss Anne Petzer was organist. Given in marriage by her father, the bride was gowned in an original creation of French satin. The bodice was of lace over tulle and the full skirt featured inserts of pleated tulle and lace over satin, embroidered with pearls and sequins and ending in a full circular train. Her fingertip veil of tulle was caught to a coronet of sequins and she carried white roses.

Maid-of-honor was Miss Catherine Schletter, who wore a copper crystalite gown with lace bodice and ballerina skirt. The bridesmaids were Miss Anna Marie Klien, wearing gold crystalite and Miss Hermina Menz in purple crystalite. The attendants were matching sequin coronets and carried bouquets of tulle and roses. Miss Kathleen Dickman as flower girl wore a white tulle and net dress with pearl embroidered lace inserts to match the bridal gown. She wore a bonnet of pleated tulle and tiny white roses and carried a basket of red rosebuds. Michael Dickman was train bearer. The groom was attended by his brother.

At the reception at the Catholic Settlement house the bride's mother received in a dress of powder blue lace over taffeta, trimmed with sequins and wore a matching hat and corsage of pink roses. The groom's mother assisted, wearing a dusty rose lace over taffeta dress with matching hat and corsage of yellow roses.

For travelling to Florida, the bride donned a grey suit with black accessories. clw30

## Horticultural Highlights

On Thursday, January 27, Richmond Hill Horticultural Society is presenting a program of unusual merit. It will be a grand opportunity for picking up new ideas, as well as getting the latest advice on some of the old problems. Few indeed there must be who will not be seeking information on house plants at this period of the year. What a fine time too to plan our gardens with the help and guidance of such valued authorities as the program provides.

Following is a list of topics and speakers: 1. Table Decorations and Centrepieces, by Mrs. E. Redelmeier.

## Comparative Figures Indicate Progress At County Hospital

A very interesting comparison was drawn recently by Mr. C. A. Cathers regarding York County Hospital and two of the larger Toronto hospitals. Mr. Cathers pointed out that in report received by him, The Toronto General and Wellesley Hospitals in 1953 delivered 3992 babies combined, in 1954 the York County Hospital in Newmarket delivered 1,053 infants. Important Work — "These figures very dramatically point to the important work done by the York County Hospital, and the tremendous handicap under which they work," said Mr. Cathers. "When you compare the size and facilities of the Toronto hospitals with our relatively small organization, and then make note of the number of babies handled by our hospital it makes you stop and wonder how York County Hospital does it."

## Expect Large Registration At Soil-Crop Annual Meeting

This year's annual meeting of the Ontario Soil and Crop Improvement Association will attract record crowds according to advance indications. W. P. Watson, Livestock Commissioner for Ontario, will again outline "The Agricultural Outlook for 1955". Mr. Watson's talks along similar lines in past years have drawn capacity crowds and this year, more than ever before, farmers appear anxious to gain some idea of what to expect in the future.

There will also be speakers dealing with factors which tend to lower production costs. Subjects of this type being dealt with include "Soil Handling and Crop Harvesting Equipment"; "Building up Fertility with Cash Crops"; "Doubling the Carrying Capacity of Pastures"; "Farm Renovation" and "New Varieties". Also included will be panel discussions on such themes as "Handling the Silage" and "Crop Projects". Dr. E. S. Hopkins, Director of the Experimental Farms at Ottawa, will give an illustrated talk on the U.S.S.R. Agricultural Ex-
