13 Jersey Cattle Lost In \$12,000 Fire At King

A barn belonging to Mr and Mrs Earl Scott, 7th line King, was burned and the animals and contents destroyed when fire of unknown origin broke out early Monday morning, March 14.

Eric Elf and his brother were getting ready for work at their home nearby when Mr Elf noticed the barn on fire. He phoned Mr and Mrs Scott, who were sleeping at the time. King City firemen were called about 6 a. m., but the fire was well under way when they were notified.

Destroyed with the barn were 13 head of pure-bred jersey cattle, some of which were registered, 5 calves, two sows, 23 young pigs, 15 tons of hay and straw, 800 bus mixed grain and wheat. One sow, who had managed to get out of the barn was burned on its back.

Mr. Scott and his son John put out a fire which started on the implement shed, with buckets of water. Mr. Scott estimated the loss at \$12,000.

Rev. John Mills Guest Speaker At King School Open House

Over 115 parents and ratepayers attended the "Open House" at King City public school on March 11.

Pupils of Grades 5 and 6 had a mural of Tropical Fish in their natural habitat done in pastel shades on display. A collection of historical photographs, a display of penmanship also caught the eye of those visiting Miss Denis's classroom.

In Mr. Bice's room, two slabs of tree trunks, 280 years old, with events in history connected to each birthday of the tree, attracted the interest of many visiting the room. The pupils of Grade 7 and 8 had drawn a soldier in full regalia on the blackboard. They had also made attractive name plates.

In Mrs. Hemphill's room Grades 3 and 4, a project display on the Netherlands and small books on the Life in China were to be seen.

On display in Miss Doris Patton's room, Grades 1 and 2, were posters of the Kiwanis Festival, done by the pupils. The pupils had also drawn a favourite subject "The Family Watching Television".

The visitors assembled in Mr. Bice's room to hear the guest speaker, Rev. John Mills of Park Lawn Presbyterian Church, Toronto. The Rev. Mills has been the executive secretary of the Trustee Association of Ontario, for the past seven years.

Rev. Mills took as the theme of his address, "Administration of Education in the province." He explained the various services of the Trustee Association tries to provide and spoke of the problems facing the Department of Education, such as the mushrooming growth in new communities, the religious side of education, and the shortage of high calibre teachers.

The uniting of the church and school for a church school week, ending with Rally Sunday, was emphasized by Rev. Mills. Sunday School and church attendance increased when a church school week was held in September in some cities in the province, he said, concluding his address. Rev. Mills presented

Mrs. Alfred Gillham, King Celebrates 96th Birthday

Mrs. Alfred Gillham, King, celebrated her 96th birthday on March 11, at the home of her daughter, Mrs. Jack Gould, 5th con. of King.

Mrs. Gillham, the former Annie Harrison came as a young girl to a farm on the 4th con. of King, with her parents, from Artemisia township, Grey County, about 85 years ago and became the bride of Alfred Gillham, 5th line King, over 70 years ago. She has been a widow for over 54 years, her husband dying at the age of 45, leaving her to raise six children.

Mrs. Gillham is a charter member of the W.A. of All Saints Anglican Church, King City, which was founded 65 years ago, and is also a confirmed member of the church.

Mrs. Gillham, though bedridden, is a cheerful person and likes to chat with those who come to visit her. She has been living with her daughter, Mrs. John Gould for over 36 years.

Mrs. Gillham has five children, five grandchildren and four great-grandchildren, a sister, Mrs. Hannah Burling, Toronto, three brothers, Thomas Harrison, King John Harrison, Aurora sideroad and Robert Harrison.

Mrs. Gillham's sons, Henry and Alfred and their families, who live in the district, and her daughters, Mrs. J. M. Wickett (Ada), Toronto, and Mrs. W. A. Martin (Eva), Toronto, visited her on this happy occasion.

Are you a "Do-It-Yourself" Driver? Or would you rather be waited on hand and foot?

Rather shift for yourself... or let Powerglide do it?
Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. Gearshift and steering control shafts are concealed in a single, attractive housing.

Powerglide, too, is better than ever this year. Smoother, sturdier, and jackrabbit quick on the getaway. It's the most popular automatic transmission* in Chevrolet's field!

Rather roll your own... or just push a button?
Chevrolet gives you separate crank controls both for windows and ventpanes. This is yet another of the many great conveniences offered by Chevrolet—newest of new cars.

Like to adjust any one window—or all four of 'em—with the mere push of a button? Automatic window and seat controls* are available on Bel Air and "Two-Ten" models.

Rather have standard steering... or the extra ease of Power Steering?
How easy and sure can steering be? Try this new Chevrolet and see. Chevrolet uses a ball bearing system to cut friction to a minimum—and to get really fast steering response.

What's new and improved about Chevrolet? Everything! Chevrolet Power Brakes* are better than ever—let you stop swiftly and safely by a simple pivot of your foot from accelerator to brake pedal.

What's new and improved about Chevrolet? Everything! Chevrolet Power Brakes* are better than ever—let you stop swiftly and safely by a simple pivot of your foot from accelerator to brake pedal.

Apply the brakes like this... or have power make it easier?
An improved braking system and new swing-type pedals make it a cinch to stop your Chevrolet on the proverbial dime. And Chevrolet's amazing new Anti-Dive control gives you "heads up" stops!

What's new and improved about Chevrolet? Everything! Chevrolet Power Brakes* are better than ever—let you stop swiftly and safely by a simple pivot of your foot from accelerator to brake pedal.

Do all your own clutching... or save effort and gas with Overdrive?
Clutching is easier than ever with Chevrolet's new, High Capacity Tri-Flex Clutch. The new pendant-type pedal and single diaphragm spring reduce the amount of foot pressure required, while other new advances ensure positive clutch engagement.

The "free-wheeling" effect of Chevrolet's new Touch-Down Overdrive* eliminates much of the clutching necessary at city driving speeds. And on the highway it reduces engine speed by 22%—greatly increasing fuel economy and reducing engine wear.

Position the seat yourself... or let electricity do it?
Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable position. There's more interior room this year for hips, hats and shoulders!

Do not worry about electrical equipment running your battery down in a new Chevrolet. It gives the reserve power of a 12-volt electrical system—easily capable of meeting your car's demands.
