Guides and Brownies
 The Guides and Brownies are now taking orders for their annual Cookie Day. As this is the only time the girls are allowed to sell anything in connection with the movement, the groups will be very grateful for the assistance of the community. Their territory ranges from the south side of May Ave. to the north side of Garden, inclusive.

Plain and Over Eating
 Learn to eat the plain foods for health — cooked whole grain cereals, whole wheat bread, milk, eggs, raw and cooked vegetables and fruit, fish and various kinds of meat. Cut down on non-essential foods for two reasons — health and budget.

To keep healthy you must have vitamins and you must have them regularly. You can't fill up on vitamins today and expect them to be much good to you next week. Include in your daily diet one pint of milk, two vegetables, one egg, butter, whole wheat bread, and an orange or grapefruit or tomatoes.

Obesity, excessive weight, — is a disease and is just as prevalent and just as dangerous as any of the more dramatized and better publicized illnesses. Obesity increases strain on heart, kidneys, pancreas and liver.
