In Memoriam

BOWEN — In loving memory of Mrs. Thos. Bowen, who passed away April 17, 1939. She was a flower too sweet for earth. Sent here for a while. God marked her when he gave her birth. And took her with a smile. At early morn when all was still. God gave His great command. And silently you passed away. Into a better land. God called you without warning. Our farewell was never said. And what a glorious morning. When we say, Hello, instead. — In loving memory from Sons and Daughters. *1w43

Horticulturists Protest Parking South Of Municipal Bldg.

At a meeting of the Richmond Hill Horticultural Society held on April 14th, 1955, the following resolution was passed unanimously. "This Society finds itself unalterably opposed to the creation of a parking lot on the south area adjoining the Municipal Building. To support this resolution, the following reasons are given: 1. Over the years, this Society has spent several hundreds of dollars for trees, shrubs and flowers, in an effort to improve the appearance of the Municipal Building. 2. Public buildings in most communities are usually a source of local pride and a real effort is made to keep them attractive, not only as an inspiration to the local citizens but to the passer-by. The appearance of Richmond Hill buildings has now suffered severely by the destruction of the lawn on the north side of the buildings and presents a very sorry sight to the thousands of visitors and citizens that pass every week. 3. A very serious traffic hazard will ensue by vehicles crossing the sidewalk in the middle of the block and from the proposed parking area. 4. As long as school classes are held in the Municipal Hall, the parking of cars will create a very real danger to the children. 5. The proposed parking area will not serve the main business district or the Village. People will not walk two blocks to shop. 6. The Municipality is under no compulsion to supply free parking space for private cars.

Richmond Hill Rector Dean Anglican Rural Training School

Beginning Sunday, May 1, and continuing for the next ten days a Rural Training School for Anglican clergy will be held at Shanty Bay, which is host to the second year to this group. The School Dean again this year will be Rev. A. A. Chote of St. Mary's, Richmond Hill. The school, which this year will be attended by approximately 25 graduates, five of them deaconesses, ventures into a comparatively new field of training for the clergy and was organized to acquaint the graduates with rural life and living — farm culture, which will prove invaluable to them during their ministry which often takes them into country communities. This is the fourth year of operation for the school which has sister schools, one in Quebec, and one in the Maritimes. It is hoped to start one in the London district next year. Among the lectures given will be Rural Sociology by Rev. Allan Read of Barrie and the Rural Pastoral Training Course will be taken by Canon William Prior of Wycliffe College, Toronto, Dr. Charles Seymour, M.D. will speak on Country Doctor and Country Parson, and students will hear, as well, discussions on Conservation and Co-operatives and Credit Unions. The course will end with a Soil and Seed Service.

Nature Notes

By Richmond Hill Naturalists
Because we are asked where to look for birds, Mr. Large, our president, has suggested that the correct answer is "just where you happen to be". Birds are everywhere. English sparrows or Robins can make as interesting watching as some of the lesser-known species. Our local area provides many spots which are most rewarding and we shall endeavour to point out here, from time to time, a few of them. First, Richmond Hill Waterworks Pond area has probably produced more varieties than any other place within two or three miles. A few of the water birds may be found here at almost any time from now to later summer. Ducks, Herons and Bitterns are some that can be observed. Swallows, Cardinals, several species of Sparrows, Woodpeckers, including the Flickers, and perhaps, even the Pileated Woodpecker. Second: walking west on Mill St., watching the roadsides and hedgerows, you will see Meadowlarks, Vesper Sparrows, Song Sparrows, Bobolinks, Killdeer, Mourning Doves, Tree Swallows and undoubtedly a hawk or two if you keep a close watch on the skies. Third: The corner of Bathurst and Mill Sts., is another prolific area where Redwing Blackbirds congregate and where you also may see, in season, Swifts, Martins, Warblers in the willows and evergreens, Vireos and Baltimore Orioles in the elms and maples. Fourth: Another starting point you might try is to drive to the corner of Elgin Mills and Dufferin St. Leaving you car there, walk either south on Dufferin or west on Elgin Mills for about a mile. These roads provide a variety of habitat: fields, meadows, bushy places, deciduous woodlands to evergreen woodlands and marshy spots. For a variety of birds you need a variety of habitat and these roads provide just that. Observations For The Week
Miss Anderson reports a bank swallow on the 10th. Miss McNair says the bluebirds were back to their bluebird house on the 13th and on the same day she saw a purple finch. On the 14th, tree swallows were numerous and a Savannah Sparrow and a Sapsucker were observed. Mr. Large saw a Broad-winged Hawk, Indigo Bunting, Vesper Sparrow and Blue-winged Teal on the 17th. Have you noticed the Red Maple blossoms? Not only are they beautiful but the perfume is poignant and are well worth a pause for investigation. We hope that you have planned to attend our first Naturalist meeting tonight in the library of the Richmond Hill High School at 8 p.m. Our speaker is Professor A. F. Coventry of the University of Toronto. His topic will be "Nature", illustrated with his own kodachromes.

Mrs. J. Pollard Is New W.I. President
Mrs. J. Pollard was elected President of the Richmond Hill Women's Institute at the April meeting. Mrs. W. Sayers conducted the election and Mrs. G. Irwin presented the following slate of officers: 1st vice-president, Mrs. G. Fraser, 2nd vice-president Mrs. C. H. Sanderson, rec. secretary Mrs. J. Dewsbury, treasurer Mrs. R. Fox, District director Mrs. W. Sayers, branch directors Mrs. G. Irwin, Mrs. O. L. Wright, press secretary Mrs. O. Lapp, corresponding secretary Mrs. G. Clubine; convenors: Citizenship and Education, Mrs. H. Howarth and Mrs. S. Rumble; Home Economics, Mrs. H. H. MacKay; Historical Research, Mrs. F. Rumble; Community Activities, Mrs. G. Taylor; Agriculture and Canadian Industries, Mrs. J. Stephenson and Mrs. R. Smith; Resolutions, Mrs. R. Eudean; pianist, Mrs. Snaith; Refreshment convenor, Mrs. Ley. The reports of the Convenors of Standing Committees showed the Institute had had a very busy and profitable year. The programs had been interesting and informative. The report on community activities showed many projects large and small. The work in sorting and packing the clothes sent in for the victims of Hurricane Hazel, and the holding of a Rummage Sale when \$116.50 was raised for the Hurricane Fund were part of the larger community activities. Members volunteer each month to attend the Child Health Clinics. Donations were made to several worthy causes and help given to fire victims. A project completed in April was the gathering of used woollens to be made into blankets. The Institute has now on hand several pairs of woollen blankets to be used in cases of need. At the same time members and friends were able to turn their old woollens into pretty blankets for their homes for quite a reasonable sum. Mrs. L. W. Zuefelt, convenor of Historical Research, told the story of the Temple of the Children of Peace at Sharon, now a museum under the York Pioneers and Historical Society and the York County Women's Institutes. A donation was sent to the Richmond Hill Branch of the Cancer Society and to the Federated W.I. of Ontario for the fund to provide Home Economic equipment for villages in Ceylon. The usual friendly visit over a cup of tea closed the meeting. Easter bunnies and a cent, featuring Easter eggs decorated the tea table. Mrs. G. Yerex was hostess assisted by Mrs. N. Glass and Mrs. W. Middleton.

Canvassers Report
Townline Jefferson, Bathurst St. and the north part of Yonge St., have now been covered by the volunteer canvassers for the Canadian Cancer Society campaign. Canvassing on the sidewalks is slowed, owing to the road conditions, as the canvassers have to travel by foot instead of driving.
Thirty-eight per cent of the money donated stays right in the Richmond Hill and District Unit for welfare work right around home. The remaining 62 per cent goes toward disease research in fighting this dread disease. Research is carried on through voluntary subscriptions only, and now is your chance to help the fight against cancer.
