Five Tenders Submitted For Jefferson Addition

Mrs. E. A. Terry, chairman of Jefferson School Board announced last week that the tender for the addition to Jefferson school submitted by L. C. Scott Construction Co., has been accepted by the Department of Education.

Five tenders were received and Scott Construction's bid of \$38,000, was the lowest submitted.

The tender calls for two completely finished class rooms and one unfinished room. The unfinished room will be built below the new south-east classroom and will be made accessible by a stairway in the school corridor.

The tender also includes repainting of the existing school inside and out.

Official acceptance of the addition is still pending as the tender and plan have yet to go before the Ontario Municipal Bd. As soon as the necessary approval is forthcoming work on the addition will commence. The construction company has agreed to have the work finished within 16 weeks from the date work commences.

NEWMARKET: The tax rate for the town this year will be 78 mills, an increase of 7 mills over last year.

NORTH YORK: The cornerstone of new \$34,000 municipal hall was laid by members of council last week.

Whitchurch Residents Protest Dust Problem

Messrs. Elmer Wells and Reg. Gibbins, farm residents on the Blomington sideroad between the 6th and 7th concessions of Whitchurch Twp., appeared before council at their regular meeting Thursday night to seek a solution to the dust problem which is irritating many residents in the area.

"The dust stirred up by gravel trucks is so thick it's like a fog," declared Mr. Gibbins, "one is almost suffocated by it."

"We have a double problem, mud and dust at the same time," stated Reeve Ivan McLaughlin. "A coating of oil would settle the dust but it's too early yet."

Walt Roads Settle
Councillor Delos Graham pointed out that it would be impossible to do anything until the roads were completely settled and properly graded.

Mr. Gibbins said that the dust situation was so bad that it was impossible to keep it out of the houses. He also stated that it was rolling across the fields in clouds making it almost impossible to see. He said he counted one gravel truck every four minutes on his particular road.

"We're willing to do anything we can but our money is limited and we can't spend it all on one road," declared Reeve McLaughlin.

Gravel Pits Costly
Dep. Reeve P. S. Legge noted

Mother And Four Children Hurt In Car - Truck Crash

Five members of one family were injured Saturday afternoon on Yonge St. a half-mile south of Thornhill, when their family car was struck in the rear by a truck.

In serious condition in Toronto's Hospital for Sick Children is Michael O'Brien, 5, of Richvale, with head injuries. His brother, Peter, 2, is also in hospital with head cuts, but his brother, Allan, one, and a sister, Sheila, 3, were treated for bruises and allowed to leave the hospital.

Driver of the car, the children's father, Edward O'Brien, was unhurt, but his wife received minor cuts. The driver of the light truck that struck the car was Donald Rose, 24, of Mt. Albert.

The accident occurred as the O'Brien car was stopped to make a left turn police said into a supermarket about 100 yards beyond Steeles Ave.

R. S. Kane driver of the North York ambulance that rushed the boy to hospital, hit 80 miles an

hour as the vehicle raced, under police escort, to the hospital.

Turn First Sod

Ground was broken Monday for the new 10-room Public School which is being built on a site in the Allencourt Subdivision, Richmond Hill. The site fronts for nearly 500 feet along Markham Road.

Overall cost of the school is \$170,000. It is hoped to have the building ready for occupancy by September. The Allencourt School will be the second one completed in the village within the year if construction progresses according to schedule.

KING, ONTARIO • TELEPHONE 50

We're just approaching the time of year when everyone enjoys a new car most... and actually it's a good time to buy, with miles of hard summer driving ahead of you. If you live in the country, the signature of the dealer you buy from is one of the most important things on your car. And if you get one from us it means that you're assured of interested service, trained mechanics, and an understanding of the needs and problems of country drivers. Everything that can be said about the unusually powerful new Chevrolets and Oldsmobiles has already been said. The only way you can really learn all about them is to try one on the highway... and we will be pleased to arrange a demonstration drive at your convenience. We suggest you come and see the new models now, while we have a good stock on hand, ready for immediate delivery.
